Request to Speak from Anywhere

Easily request to speak with a simple online form--anytime, anywhere, from any device. No more having to arrive early or filling out paper forms. Just submit your request before public comment begins on the item!

Stay Informed and Prepared

Select the agenda items you'd like to speak to and choose how you'd like to do it: In-Person at the meeting or Virtually by phone. You will receive a confirmation email and a reminder. If you're speaking by phone, the system can automatically call you when the meeting starts.

Understand the Process in Your Language

Your request form can be translated into multiple languages. And you can ask for a Spanish interpreter. This makes it easy for everyone to take part in County government.

This modern approach makes engaging with your County government simpler and more accessible for everyone.
