Sections	T-1
Appendices	T-7
List of Figures	T-9
List of Tables	T-9
List of Checklists	T-10

Table of Contents

SECTION 1 – SITE ASSESSMENT AND MITIGATION PROGRAM

I. Introduction	1-1
II. Technical Additions to SAM Manual 2004	1-1
III. Goals	1-1
IV. Organization	1-2
V. Regulatory Authority.....	1-2
VI. County’s Site Assessment and Mitigation Program	1-3
VII. Local Oversight Program.....	1-5
VIII. Voluntary Assistance Program	1-5
IX. Site Designation Program.....	1-6
X. Environmental Aspects of Property Development.....	1-6
A. Phases of Property Redevelopment	1-7
B. Selection of Lead Agency	1-11
C. When DEH-SAM Is Selected as Lead Agency.....	1-15
XI. Monitoring Well Program.....	1-17
XII. Services Provided	1-17
A. Duty Desk.....	1-17
B. Web Page	1-17
C. Review of Public Records.....	1-18
D. SAM Manual.....	1-18
E. Forum Meetings	1-18
F. Technical Work Groups	1-18
G. Steering Committee.....	1-19
H. Annual “SAM Update” Meeting	1-19

XIII. Other Agencies and Programs.....	1-19
A. Regional Water Quality Control Board (RWQCB)	1-19
B. Department of Toxic Substances Control (DTSC)	1-20
C. State Tank Funds	1-20

XIV. Common Definitions	1-21
--------------------------------------	-------------

SECTION 2 – UNDERGROUND TANK PROGRAM

I. Introduction	2-1
II. Permit Requirements	2-1
III. Permit Application.....	2-1
A. Application Form	2-2
B. Site Plan.....	2-2
C. Permit Extension	2-2
D. Other Permits	2-2
E. Community Health and Safety	2-3
F. Post Tank Removal Workplans.....	2-3
G. UST Contractor Certification.....	2-3
H. UST Closure Options.....	2-3
IV. Inspection	2-4
A. Inspection Scheduling	2-4
B. Inspection Procedures.....	2-4
V. Other Requirements.....	2-7
A. UST Decontamination and Purging	2-7
B. Combustible Gas Indicator (CGI).....	2-7
C. Soil Sampling at UST Removals.....	2-7
D. Community Health and Safety Planning for UST Closures	2-7

SECTION 3 – CONTAMINANT DISCOVERY AND RELEASE REPORTING

I. Contaminant Discovery	3-1
A. Contamination Sources	3-1
B. Investigations to Determine if Contamination Is Present.....	3-3
C. Environmental Assessment (Phase I) Report Checklist.....	3-5

II. Release Reporting and Agency Oversight 3-8

- A. UST Sites3-9
- B. Non-UST Sites3-12

SECTION 4 – SITE ASSESSMENT PROCESS**I. Introduction 4-1****II. Site Assessment Objectives..... 4-1****III. Workplans..... 4-2**

- A. Purpose and Scope of Proposed Work.....4-4
- B. Description of Proposed Work4-4
- C. Schedule of Proposed Work4-5
- D. Interim Remedial Actions.....4-5

IV. Community Health and Safety Plan 4-6

- A. Site Identification and Location.....4-6
- B. Plot Plan.....4-7
- C. Evaluation of Potential Public Exposure to Hazards4-7
- D. Monitoring Equipment.....4-7
- E. Control Methods.....4-7
- F. Site Safety Manager4-8
- G. Emergency Planning4-8
- H. Public Notification.....4-9

V. Site Investigations..... 4-9

- A. Fuel Contaminated Sites.....4-10
- B. Chlorinated Hydrocarbon Contaminated Sites4-10
- C. Metal Contaminated Sites.....4-13
- D. Pesticide Contaminated Sites.....4-14
- E. Burn Ash Contaminated Sites.....4-14

VI. Site Assessment Report Checklist 4-15

- A. Site Identification.....4-15
- B. Site History/Development/Usage4-15
- C. Site Plot Plan.....4-16
- D. Geology4-16
- E. Hydrology4-16
- F. Hydrogeology.....4-16
- G. Delineation of Contamination.....4-16
- H. Exposure Concerns4-17
- I. Sampling4-17
- J. Stockpiled Soil Management4-17
- K. Site Safety4-17

TABLE OF CONTENTS

L. Summary/Conclusions/Recommendations	4-18
M. Signature/Registration	4-18
N. Appendices.....	4-18

SECTION 5 – SITE INVESTIGATION TECHNIQUES

I. Introduction	5-1
II. Boring and Well Permits.....	5-1
A. Permit Requirements.....	5-2
B. Permit Application	5-2
C. Inspections	5-4
D. Drilling Bond.....	5-5
E. Permit Conditions	5-5
F. Well and Boring Standards	5-7
III. Soil and Rock Sampling	5-8
A. Geologic Observations and Interpretations.....	5-8
B. Sample Collection	5-11
C. Sampling to Delineate Contamination.....	5-11
D. Drilling Techniques for Sample Collection	5-12
IV. Soil Vapor Sampling	5-14
A. Soil Gas Surveys.....	5-14
B. Laboratory Analysis of Soil Vapor Samples.....	5-27
V. Direct Measurement of Vapor Flux.....	5-39
A. Active Flux Chamber	5-39
B. Analysis of Samples.....	5-40
VI. Well Development.....	5-40
A. Important Terms	5-40
B. Selection of Well Development Method	5-40
C. Considerations	5-41
D. Reporting.....	5-42
VII. Well Purging and Sampling.....	5-42
A. Important Terms	5-42
B. Purging and Sampling Methodology	5-44
C. Groundwater Sampling from Excavations and Boreholes	5-53
D. Groundwater Sampling from Wells Installed in Excavations	5-53
E. Groundwater Sampling Using Alternative Sampling Devices	5-54
F. Groundwater Monitoring and Reporting Checklist.....	5-54

VIII. Residual Saturation	5-57
A. Evaluation and Determination of Residual Saturation	5-57
B. Visual Evidence	5-60
C. Field Testing	5-60
D. Laboratory Testing	5-61
IX. Soil Leachability	5-62
A. Soil Sampling	5-62
B. Analysis of Soil and Leachate	5-62
C. Leachate Testing Procedures	5-62
D. Data Interpretation	5-63
X. Laboratory Analysis	5-64
A. Required Analytical Methods	5-64
B. Laboratory Report	5-69
C. Laboratory QA/QC Reporting	5-69
D. Field QA/QC	5-70
E. Blanks	5-70
F. Duplicate Samples	5-72
G. Background Samples	5-72
H. Containers, Preservation and Holding Time	5-72
XI. Waste Characterization	5-72
A. Sampling Protocol for Stockpiled Soil	5-73
B. Sampling Protocol for Containerized Soil	5-74
 SECTION 6 – RISK BASED DECISION PROCESS	
I. Introduction	6-1
II. Water Quality Objectives	6-2
A. Beneficial Use Waters	6-3
B. Non-Beneficial Use Waters	6-3
III. Risk Assessment Process	6-3
A. Toxicity Assessment	6-4
B. Exposure Assessment	6-7
C. Water Resource Impacts	6-36
D. Risk Characterization	6-36
E. Risk Assessment Report Checklist	6-42
IV. Risk Management	6-50

SECTION 7 – SITE MITIGATION PROCESS

I. Introduction	7-1
A. UST Sites.....	7-1
B. Non-UST Sites	7-2
C. Remediation Alternatives.....	7-2
II. Agency Permitting.....	7-2
III. Corrective Action Plans	7-3
A. Situations Requiring a CAP	7-3
B. Contents of a CAP	7-4
C. Regulatory Agency Concurrence.....	7-7
D. Public Participation	7-7
E. Verification Monitoring and Verification of Remediation	7-8
IV. Remediation By Natural Attenuation	7-8
A. Applicability	7-9
B. Evaluation.....	7-9
C. Workplan	7-11
D. Report of Natural Attenuation Processes	7-13
V. Remedial Action Plan Checklist.....	7-13
A. Site Identification	7-13
B. Summary of Site Assessment.....	7-14
C. Treatment System	7-14
D. Remedial Waste Determination	7-14
E. Agencies That Require Permits or Notification.....	7-14
F. Management of Remedial Wastes and On-Site Soil Treatment Stockpiles	7-15
G. Verification Sampling Plan.....	7-15
H. Community Health and Safety Plan	7-15
VI. Management of Petroleum Hydrocarbon Contaminated Soil.....	7-15
A. Engineering Controls for Stockpiled Soil	7-15
B. On-Site Management.....	7-16
C. Disposal of Contaminated Soil Outside of San Diego County	7-16
D. Disposal of Petroleum Contaminated Soil at a Class III Landfill in San Diego County.....	7-15

APPENDICES

APPENDIX A - Underground Storage Tank Permit

I. Permit Application	A-2
II. Workplan for UST Closure.....	A-11
III. Workplan for Post-Tank Removal Investigations	A-13

APPENDIX B - Monitoring Well/Boring Permit and Standards

I. Guideline for Completing Monitoring Well Permit Applications.....	B-2
II. Monitoring Well/Boring Permit Application	B-5
III. Property Owner Responsibility Agreement	B-11
IV. SD County Monitoring Well and Boring Construction Standards ...	B-12

APPENDIX C - Voluntary Assistance Program

I. Application Instructions.....	C-2
II. Application for DEH Assistance	C-4

APPENDIX D - Forms

I. Underground Storage Tank Unauthorized Release (Leak) Contamination Site Report	D-2
II. CAP Public Notification and Request for Comment Form	D-4
III. Chain-of-Custody Form	D-6
IV. Groundwater Monitoring Results Reporting Form	D-8
V. File Review Request Form	D-10

APPENDIX E - Guidelines

I. Combustible Gas Indicator Guideline	E-2
II. Underground Storage Tank Soil Sampling Guideline.....	E-3
III. Burn Ash Investigation Guideline.....	E-6
IV. Interim Guidance, Required Cleanup at Low Risk Fuel Contaminated Sites, April 1, 1996	E-32
V. Regional Board Supplemental Instruction and Interim Guidance on Required Cleanup at Low Risk Fuel Contaminated Sites: Appendix A – Guidance on Data Collection Requirements for Evaluation of Residual Free Product or Light Non-Aqueous Phase Liquid (LNAPL) on Groundwater, July 22, 1998	E-42
VI. Non-Purge Guidelines.....	E-52
VII. Resolution 95-63.....	E-55
VIII. Laboratory QA/QC Reporting Guideline	E-65

APPENDIX F - Examples

I. Maps and Cross-Section Presentation of Data	F-2
II. Sample Vapor Phase Risk Calculations.....	F-10

APPENDIX G - Agency Directory

I. Local	G-2
II. State.....	G-3
III. Federal.....	G-5

APPENDIX H - Listings

I. CONTAMINATED SITE / ENVIRONMENTAL INVESTIGATION LISTINGS

A. Local Lists	H-2
B. State Lists.....	H-2
C. Federal Lists.....	H-4

II. REGULATED BUSINESS LISTINGS

A. Local List.....	H-5
B. State Lists	H-6

APPENDIX I - References

I. GENERAL REFERENCES

A. California Health and Safety Code (CHSC).....	I-2
B. California Code of Regulations (CCR)	I-2
C. San Diego County Code	I-2
D. Water Code	I-2

II. TECHNICAL REFERENCES

A. General References	I-3
B. San Diego Area Geology and Hydrogeology	I-4
C. Environmental Audit References	I-4
D. Soil and Rock Sampling Guideline References	I-5
E. Vapor Phase Sampling Guideline References.....	I-5
F. Well Development Guideline References	I-6
G. Well Sampling Guideline References.....	I-6
H. General Fate and Transport References.....	I-8
I. Residual Saturation References	I-9
J. Leaching and Migration in Soil References.....	I-10

APPENDIX J – Acronyms and Abbreviations

APPENDIX K- Article 11, California Code of Regulations, Title 23, Chapter 16

APPENDIX L - California Underground Storage Tank Cleanup Fund

APPENDIX M – State MTBE Draft Guidelines

APPENDIX N - Stormwater Best Management Practices (BMPS)

List of Figures

i-1	Organization Chart, SAM Program.....	i-2
1-1	San Diego County	1-4
1-2	The Redevelopment Process	1-9
1-3	Site Assessment and Mitigation Process.....	1-16
4-1	Corrective Action Process	4-3
5-1	Soil Concentration vs. Leachate Concentration	5-53
6-1	Site Conceptual Model	6-9
6-2	A Simplified Vapor Pathway Evaluation.....	6-29
6-3	Site Parameter List.....	6-44
N-1	SAM Stormwater Decision Tree	N-11
N-2	Common Stormwater Symbols.....	N-12

List of Tables

1-1	Stakeholders Goals and Objectives.....	1-10
1-2	Regulatory Agencies Involved in Redevelopment Process	1-11
1-3	Selecting a Lead Agency – Services Provided	1-12
5-1	Field Descriptions for Soil and Rock.....	5-9
5-2	Sampling Techniques.....	5-13
5-3	Soil Gas Calibration Table.....	5-20
5-4	Soil Gas Sample Results.....	5-26
5-5	Purging Methods.....	5-33
5-6	Acceptable Sampling Methods for Chemicals of Concern	5-34
5-7	Stability Criteria for Low-flow Purging	5-39
5-8	Petroleum Residual NAPL Saturation Based on Soil Type in Sedimentary Environments	5-48
5-9	Required Analyses for UST Removals	5-54
5-10	Laboratory Analyses for Initial Contaminant Characterization.....	5-55
5-11	Preparation Methods	5-56
5-12	Detection Limit Reporting	5-57
5-13	Stockpile Statistics Worksheet	5-64
5-14	Tabulated Values of Student's 't' for Evaluating Solid Wastes	5-65
6-1	Cancer Slope Factors and Reference Dose	6-6
6-2a	Summary of Chemical Properties.....	6-14
6-2b	Summary of Chemical Properties (Mixtures).....	6-15
6-3	Representative Range of Values for Soil Physical Properties	6-15
6-4	Conservative Default Values for Various Physical Properties	6-15
6-5	Groundwater Having Designated Beneficial Use, Maximum Soil Contamination Based on Solubility (No Attenuation)	6-21
6-6	Groundwater Having No Designated Beneficial Use ($<1,000$ feet from a surface water), Maximum Soil Contamination Based on Solubility (No Attenuation)	6-22
6-7	Gas Concentration Units – Conversion	6-33
6-8	Conservative Default Values for Health Risk Exposure	6-39
7-1	Selected Indicators of RNA	7-12
E-1	Approximate Number of Samples for UST Removal.....	E-5
E-2	Laboratory QA/QC Reporting Guidelines.....	E-68
N-1	Stormwater BMPS by SAM Activity	N-13
N-2	SAM Stormwater Management Practices, Standard Project Form.....	N-14
N-3	Co-Permittee Contacts	N-15

List of Checklists

Environmental Assessment (Phase I) Report Checklist	3-5
Site Assessment Report Checklist	4-15
Groundwater Monitoring and Reporting Checklist	5-25
Risk Assessment Report Checklist	6-42
Site Remediation Workplan Checklist	7-13
