TEMPORARY FOOD FACILITY EVENT ORGANIZER PERMIT APPLICATION PACKET

A Temporary Event Organizer permit is required for anyone who organizes a community event that sells or gives away food or beverages to the public. Examples of community events include street fairs and festivals, musical and artistic presentations, sporting events, ethnic celebrations, and trade shows.

A Temporary Food Facility (TFF) permit is required for anyone that sells or provides food or beverages at a temporary event. The permit is only valid for one single food booth. If a vendor operates more than one booth at an event, a permit must be obtained for each booth location, and separate applications must be submitted. If a vendor is operating at more than one event in San Diego County on the same day, at the same time, each location must be permitted separately. This requirement applies to all TFF permit types, including single event permits and annual permits.

Event Organizers are responsible for ensuring that all vendors have adequate access to a safe water supply, trash bins, wastewater disposal, and restrooms with hand sinks for food handlers. A 3-compartment sink with hot/cold running water for proper utensil washing must be provided by the Organizer when vendors don't have their own. Vendor applications will not be processed for an event unless there is an Organizer Permit on file.

The Event Organizers are the key contacts for the Department of Environmental Health and Quality (DEHQ) and are responsible for vendor compliance with California Retail Food Code.

NEW PERMIT APPLICANTS

- Submit a complete application for a Temporary Event Organizer Permit and pay all applicable fees at least 30 days before your event. Late fees will apply if the application is submitted less than 14 days prior to the event start date.
- Applications can be emailed to fhdtempevents@sdcounty.ca.gov, mailed to P.O. Box 129261, San Diego, CA 92112-9261, or submitted in person at the Department of Environmental Health and Quality (DEHQ) office located at 5500 Overland Ave., Suite 170, San Diego, CA 92123.
- If paying by check, make checks payable to the **"County of San Diego."**
- Online payments can be made at www.dehqpay.com once you are assigned a record number. Click [here](#) for instructions on how to pay online or visit our website.
- If approved, the Temporary Event Organizer Permit will be issued by the Environmental Health Specialist on the day of the event. Until that time, the receipt from your payment will act as a temporary permit.

NONPROFIT CHARITABLE ORGANIZATIONS

- A permit application is required to process a health permit for a nonprofit charitable organization.
- Nonprofit organizations are exempt from permit fees for two Single Event Organizer or Vendor permits (or a combination of both) per calendar year. Late fees will apply if the application is submitted less than 14 days before the event start date. *Please note: Permit fee waivers are tracked by an organization's Employer Identification Number (EIN).*
- Proof of nonprofit status (Federal IRS 501(c) documentation) must be submitted along with the health permit application to receive a fee waiver for the first two permits
- Standard permit fees will apply to the organization's third and subsequent Organizer and Vendor Permits for the remainder of the calendar year.

APPROVED PERMIT TYPES FOR TEMPORARY EVENTS

The following are approved permit types that can operate at a temporary event. Be sure to verify that all vendors participating in the event have one of the following and are operating within the scope of their permit allowance:

- Temporary Food Facility (TFF) Single and Annual Vendors
- Mobile Food Facilities
 - Mobile food facilities, with valid a San Diego County permit, may operate at temporary events without additional permits if operating under the scope of their current permit (i.e mobile truck vendors must operate within their permitted truck). This permit information shall be provided to the Event Organizer with a photocopy of the valid permit. The original permit must be kept onsite when open for business.
 - Mobile food facilities permitted in other counties or states must apply for a [TFF Vendor Permit](#) to operate within San Diego County as part of a temporary event.
- Cottage Food Operations
 - Cottage food operators are permitted to operate at a temporary event without needing to obtain a TFF permit, only if selling/serving their approved prepackaged products in accordance with the Cottage Food program.
 - If the vendor would like to provide open samples or will be operating outside of the allowances of the Cottage Food Program, vendors will be required to obtain a [TFF Vendor Permit](#) to operate at a temporary event.
- Permanent Food Facilities (Restaurants)
 - If a permanent food facility would like to set up a booth and be part of the permitted temporary event as an approved vendor (as indicated on the Organizer's vendor list), the facility will need to obtain a [TFF Vendor Permit](#) for the event that is reflective of the type of food to be offered (open or prepackaged) at the temporary event.
 - If a permanent food facility would like to operate a food booth (satellite) that is directly on their property, the facility would first need to follow FHD's [Satellite Food Service Operation](#) approval and permitting process. This would include the submittal of [Standard Operating Procedures](#) (SOPs), and the need to obtain a health permit to operate a Satellite Operation prior to the start of the temporary event. Please allow 14 days for review and approval.
- Food Demonstrator
 - Food Demonstrators are permitted to portion food made and served at an approved permanent food facility.
 - **This permit is only allowed when the demonstration is taking place within a permanent food facility** (ex. sampling in a grocery store), typically done by a marketing company. This is not a permit typically associated with a traditional community event.

The following are permit types that are **not** approved to operate at a temporary event.

- Cannabis or CBD Vendors
 - DEH does not permit vendors selling food or beverage items that contain CBD or THC. Any organizer who wishes to hold an event to allow these types of vendors must contact the California Bureau of Cannabis Control for additional permitting requirements.
