By way of this Notice, the Planning and Development Services (PDS) is notifying all Board Offices that a land use application for a discretionary action has been submitted for processing which will ultimately come before the San Diego County Board of Supervisors for approval or denial. This notice is being provided to assist implementation of the San Diego County Code of Administrative Ordinances Section 375.8, which states:

"No member of a decision-making body shall, after an application necessitating a hearing has been filed with the County, discuss said matter with other members of a decision-making body or with proponents, opponents, or other interested parties, except in the course of and during said public hearing."

For your information, the project description provided by the applicant has been attached to this Notice for your review.

Once the Board of Supervisors has completed their final review and action on the project, this notice may be discarded and Section 375.8 will no longer apply.

If you have any questions or comments please contact: Ashley Gungle at 858 495-5375, or email: Ashley.Gungle@sdcounty.ca.gov
