Pat,
I'll plan to come out on Tuesday, separate from Mark and Jarrett. What time would you want to meet up (and where) so that I can tour the three locations (counting LanEast and LanWest as one).

Rob, Tuesday would be better if you want to go out early before NOP. If not we could leave early on Monday and come back before noon.

Pat,
I would like to make site visits to the project locations on Monday Dec 17. The weather forecast looks good so let me know if that day works for you. If not, let me know if there are other arrangements I can make for that day for site access. I would like to leave the office here between 8 and 830 to head out there. I would like to get familiar with (and photographs) the visibility of the sites from surrounding areas, surrounding land uses, and any cumulative project locations.
