Subject: SOITEC EIR (PDS2012-3910-12-00005)

Hi Everyone,

As you are aware from my last e-mails, the Soitec projects (Tierra Del Sol and Rugged) as well as Soitec's Programmatic EIR we recently submitted. In addition to your tasks to review the technical studies for each project, you will also be receiving a task to review the EIR. All of these tasks are due **5/11/2013**.

All of the EIR documents can be found in the following folder in both pdf and word format:
[S:\temp\Ashley Gungle\SOITEC SOLAR DEVELOPMENT\EIR FIRST SCREENCHECK](#)

-

Please see the following list of sections of the EIR that each person will be responsible for reviewing:

Chapter 1- Project Description- Everyone

Chapter 2- Introduction- Everyone

Chapter 2.1- Aesthetics- Larry Hofreiter

Chapter 2.2- Agricultural Resources- Dennis Campbell

Chapter 2.3- Air Quality- Poonam Boparai

Chapter 2.4- Biological Resources- Ashley Gungle

Chapter 2.5-Cultural Resources- Donna Beddow

Chapter 2.6- Geology- Jim Bennett

Chapter 2.7- GHG- Poonam Boparai

Chapter 2.8- Hazards- Don Kraft

Chapter 2.9- Hydrology and Water Quality- Jim Bennett and Rene Vidales

Chapter 2.10- Land Use- Ashley Gungle and Rob Hingtgen

Chapter 2.11- Noise- Emmet Aquino

Chapter 3.0- Effects Found Not To Be Significant- Jim Bennett (for Mineral Resources)

Chapter 4.0- Alternatives- Everyone

A majority of the appendices are technical studies that will be reviewed for each project. Appendices that need to be reviewed separately include:

Appendix 2.1-3- Glare Study- Larry Hofreiter (Rob and I will look at this as well, but it may help with the visual)

Appendix 2.12-1- Emergency Services- James Pine

Appendix 2.12-2- Groundwater- Jim Bennett

All of the EIR specialist review tasks are due on 5/11/13 which is a Saturday , so please get your comments Rob Hingtgen and I by Friday **5/10/13**. If you are not going to be able to meet this deadline or are going to need more than the allotted hours, please let me know.

Please ensure that all time spent on your review of these technical studies is charged to the Soitec EIR account (**PDS2012-3910-12-00005**). All review for the technical studies for Rugged Solar and Tierra Del Sol Solar should be charged separately to those accounts.

Please let me know if you have any questions or did not receive all of the necessary documents to complete your review.

Thank you!!

Ashley
