Subject: Meeting on East County -- Renewable Energy Projects and Conservation Planning

This meeting is proposed to get us all working together on the conservation strategy for East County given that a number of renewable energy projects are moving forward and no conservation plans are currently in place. The timing of this meeting is being scheduled to coincide with the planned comment period for the Soitec Solar Projects Draft Environmental Impact Report. I have reserved the Drake Conference room, located on the 3rd floor of our building: 5510 Overland Ave.

I will provide more updates and info as the meeting draws closer. Thanks!
