WRITTEN COMMENT FORM

I strongly oppose all four of the Solar projects as describes in the Soitec Solar Rpt. I oppose these projects because of the Significant impacts to the natural environment, Sensitive biological and Cultural resources, a negative impact they will have on adjacent residents Quality of life, Property values, wells. I am also concerned about the placement of large Scale Solar farms in a wildfire prone area that has limited firefighting capabilities. These huge projects do not fit our rural landscape.

(Attach additional pages as needed)

For these reasons, I support the No Project alternative listed in Soitec Rpt.
