WRITTEN COMMENT FORM

I strongly oppose all four of the Solar projects as describes in the Soitec Solar Rier. I oppose these projects because of the significant impacts to the natural environment, sensitive biological and cultural resources, a negative impact they will have on adjacent residents quality of life, property values, wells. I am also concerned about the placement of large scale solar farms in a wildfire prone area that has limited firefighting capabilities. These huge projects do not fit our rural landscapes.

(Attach additional pages as needed)

For those reasons, I support the No Project alternative listed in Soitec RIER
