

Authorized / Licensed Fuel Suppliers

County of San Diego Airports

Master Lessees and Fixed Base Operators (FBOs) may supply fuel at County Airports. All others (e.g., sub-lessees and permittees) are required to work through their Master Lessee (Landlord) or FBO for fuel and/or lubricants.

Only LICENSED suppliers may be used. The following is the current list to be used by Master Lessees and FBOs when ordering fuel and/or lubricants:
