AGENDA ITEM #10A

GFDC Vision and Goals Statement

Background –

The GFDC formed a workgroup representing SD County, El Cajon and Santee to develop a vision and goals guiding statement for the strategic development of Gillespie Field Airport. This group met multiple times and created a first draft that was presented at the March GFDC meeting. They put out a public survey and received 34 respondents with 19 written inputs. They reviewed these and made edits and additions to better reflect the interests of Gillespie Field stakeholders.

Motion-

The GDFC Vision and Goals workgroup recommends the adoption of the 2026 GFDC Vision and Goals Statement.
