

Comment Letter I14

Subject: Attn: Cynthia Curtis

Dear Ms. Curtis,

I am writing to protest the extremely short comment period that has been allowed for citizen response to the McClellan-Palomar Airport Draft EIR document.

The EIR is a very large, very dense document and will require careful reading to develop comments in response. The original date – March 5th – and even the extended date – March 19th – are not nearly enough time for this.

I am requesting that San Diego County extend the comment deadline to a total of 3 months' time for county residents to read the EIR properly and send in their comments.

Sincerely,
Stephanie Jackel
