Subject: Feedback for new airport from 17 year homeowner and lifelong resident of Carlsbad.

Hi, Our family has lived in the same house near the airport for 17 years and my wife was born and raised here in Carlsbad. Our feedback is:

- we prefer you DO NOT lengthen the runway.
- the runway seems to accommodate business/corporate/private jets and planes just fine and even cal jet elite so we don't feel the need for increasing the length of the runway.
- adding an emas safety system is a nice safety thing to add for the jets, so we are not opposed to that
- we are part of the "general aviation" community so we would love to see some more hangars available - maybe adding some to the northside? I personally would lease a hangar and run my business out of it.

I3-1

Thanks!
-Matt
