Hi, I am with the SoCal Aviation Association and live near the CRQ airport. I received a message on the Next Door app about an upcoming open house on airport plan. I was wondering if you could keep me in the loop to let our members know of updates and maybe work with our local business aviation community for support and maybe offer exhibit space for companies on the airport to educate people on what we do and career opportunities?

} 17-1

Warm Regards,

Debi Carpenter

**Response to Letter I7****Debi Carpenter**

- I7-1** The County will include the SoCal Aviation Association on all noticing for the proposed Master Plan Update process and the PEIR. This comment does not raise specific issues regarding the substantive environmental analysis conducted within the PEIR. The comment will be included as part of the administrative record and made available to the decision makers prior to a final decision on the Proposed Project.
