AIRPORT MONTHLY PERFORMANCE REPORT TO DISCONTINUE LIVE PRESENTATION – C. KAISER

Mr. Kaiser advised that at our last meeting it was mentioned to discontinue the monthly performance report as is posted in the county's website and is available for everyone.

Mr. Kaiser received recommendations from committee members with reasons why is important to continue reviewing the report together, committee member advised that it helps the community get a better understanding of what is going on at the airport and they can ask questions about the report.

Chairman Kaiser decided to continue with the monthly performance report.

Mrs. Nelson commented that the presentation should be more relevant and include what the public reports.

Mr. Kurdian advised that other things should be included in the presentation, more analysis to make it more interesting to the community.

Mr. Frazee advised that when the subcommittee was created, they gather information from the community as what was relevant at the time and what they wanted to see, that is how they came up with this report, but if that has changed the public can give us input.

Mrs. Anderson advised that the subcommittee should be created again.

Mr. Karpé advised that it will be beneficial for the county to distribute it to FBO's. Mr. Karpé advised that steps need to be taken to address the issues.

Mr. Collins advised that the pilots association and others do received briefings from Noise Abatement office, that is a form of an action being taken.

Mr. Kaiser received comments and answered questions from the committee members and from the public.

STAFF REPORT – J. OTTO

Mr. Otto gave an update on the Dashboard; staff is waiting for envirosuite to provide a launch date.

Mr. Otto advised that two noise mics have been approved for purchase, is a slow process but we are moving forward, if anyone has an idea of where to place the two new microphones then please let Mr. Otto know.

Mr. Otto advised about City water line project at the airport starting from January 10 until January 30, 2024.

20-YEAR MASTER PLAN UPDATE AND PRIORITIES - J. Otto

Mr. Otto advised that the county is looking at two projects. First is an EMAS project which is safety related and second is a runway extension. He advised that commercial airlines will not look at Airports with runways less than 5,000 feet and we are below that, if we add 203 feet that will get us to 5,100 feet and we will be able to attract a commercial airline. Mr. Otto advised that these two projects are slotted for 2027 and that they are in the ACIP airport improvement program.

Mr. Otto received comments from the committee. There were no questions or comments from the public.

AUTOMATED ALERTING OF AIRCRAFT THAT DEVIATE FROM VNAP-C. Kaiser

Mr. Kaiser advised that concerns have been made from the community about aircraft deviating from the Voluntary Noise Abatement Program patterns. Data for every aircraft is available in different databases that we all have access to, including Flight Aware, ANOMS, and other things.

Mr. Kaiser advised that alerting those who deviate from VNAP often should be considered.

Mr. Gonsalves advised that pilots do their best to follow VNAP, but priority is to fly safely, regulations have to be followed as well as instructions from the tower. Mr. Gonsalves advised that Palomar Airport Association would like to help by putting out information on their website promoting VNAP.

Mr. Kaiser thanked Mr. Gonsalves for his comments and agreed that VNAP is voluntary and there are different directions and motivations on how they fly their aircraft as instructions need to be followed.

Mr. Kaiser received comments from the committee and the public.

FORMAL REQUEST TO CBS8 NEWS TO OFFER COMMENTARY ON THEIR PREVIOUS REPORT – J. Abbott

Mr. Kaiser recapped about CBS8 news; they interviewed with some community members in late 2023.

Mr. Abbott advised that the communications team within the county handles all media matters for the county. Communications team reached out to CBS8 and offer our side of the story, efforts were made but county is focus on the good things that are happening now and would like to shift focus on the positive things that are going on.

There were no questions or comments from the committee or the public.

FAA MEETING RESCHEDULE

Mr. Kaiser advised that he requested a meeting with the FAA back in October 2023 to discuss the VNAP at Palomar that educates pilots with the FAA explaining how they do their part to assist with this.

Mr. Otto advised he would reach out to FAA to schedule a meeting within the next 2-3 weeks.

There were no questions or comments from the committee or the public.

COMMITTEE MEMBER COMMENTS

Mr. Swain advised that last meeting he proposed that runway designation be updated and aligned with the magnetic direction of the runway.

Mr. Otto advised that they are in their initial stages of discussion with staff and that a good time to make a change would be when the 200ft extension is done. Mr. Otto advised that redesignating the runway it is a couple year process.

Mr. Kaiser suggested that at our next meeting Mr. Otto provides more details about this process.

Mr. Karpé advised that Advanced Air Mobility just signed an agreement with five companies, one being Atlantic Aviation. He would like to know if this will be coming to Palomar Airport and if so, what will the footprint look like.

Mr. Otto advised that he already reached out to Atlantic Aviation, and they are looking into it, Mr. Otto advised he might have more information next meeting.
