Re: PAAC November 16, 2017 Meeting Agenda Item 7: "Preview of the McClellan-Palomar Airport Master Plan Update and Program EIR

REQUESTS:

1. **Applicable PMP Processing Law.** We would like to review whether the county is complying with the law when processing its proposed 2017 – 2037 McClellan-Palomar Airport Master Plan (PMP) and PMP EIR.

For the last five years, county has simply said that it is preparing a new PMP to replace the old 2015-2015 PMP. That statement does not explain what law the county is complying with. The November 16, 2017 county Agenda Item 7 PMP presentation did not adequately answer the question presented in this letter.

When I worked for the Port of Los Angeles [City of Los Angeles Harbor Department] (Port), the Port prepared a Port Master Plan, which was included as an element of the City's General Plan. We assume, but do not know, that the county is similarly updating its County General Plan. If not, please advise what law the county is following.

2. **Administrative Record.** Pursuant to PAAC Rules of Procedure [SD Administrative Ordinances § 734(b)] Rule 7, we request that the PAAC Secretary (1) permanently retain a copy of this letter in the PAAC files and (2) transmit a copy of this letter to the Clerk of the Board of Supervisors. Our intent is to make this letter part of the Administrative Record reviewed by any court pursuant to Civil Code of Procedure §§ 1085, 1094.5, and other applicable laws if a challenge to the county's adoption of the PMP and/or PMP EIR becomes necessary.
