

Haul Route Conditions

1. Applicant shall agree to repair any County maintained road(s) damaged by heavy trucks/loads on the haul route.
2. Prior to hauling operations all affected property owners in a residential neighborhood shall be notify.
3. Prior to submitting permit application contractor to review DPW’s resurfacing website for any resurfacing construction conflicts during hauling operations.
[DPW's Annual Roadway Resurfacing Program-Road to 70 P.C.I. in Five Years \(sandiegocounty.gov\)](http://sandiegocounty.gov)
4. Truck types, capacity, number of trips per day, estimated quantity of import and export, destination, duration of the haul and hours of operation shall be stated under the agreement. These specifications are written below.

Specifications of Haul Route

Start Date of Import/Export	
Truck Types	
Capacity	
Number of trips / day	
Estimated Quantity of Import and/or Export	
Destination	
Duration of the Haul	
Hours of Operation	

5. The haul route roads shall be evaluated for roadway conditions, via video recording by the hauler, before and after completion of hauling operations and a copy of the video(s) is to be provided to County Road Crews. County Road Crews will review road conditions during the hauling operation and notify of any safety issues to the contractor immediately.
6. County maintained roads shall be swept each day at the end of each work shift. Haul hours shall be adjusted to reflect this requirement.
7. Equipment and material storage shall not be allowed within the County road right of way at any time.
8. Contractor/Developer shall agree to restore the roadway to original condition or better. This requirement shall include but not be limited to: asphalt dikes, berms, culverts, swales, concrete cross gutters, and concrete sidewalks.
9. Appropriate Stormwater BMP’s shall be implemented and maintained at drainage inlets and as needed.
10. A final walk-through shall be performed with the Road Crew Supervisor after the haul is completed.

I hereby certify the above information and attachments are true and correct to the best of my knowledge.
