7. Legislative Update

- **AB 187: *Used Mattress Recovery and Recycling Act*.** This bill would revise and recast provisions of the Used Mattress Recovery and Recycling Act.
- **AB 792: *Recycling: plastic beverage containers: minimum recycled content*.** This bill would create a series of graduated minimum recycled content levels for all plastic beverage containers, starting at 25% in 2021.
- **AB 815: *Integrated waste management plans: source reduction and recycling element and household hazardous waste element: dual stream recycling programs*.** This bill would require CalRecycle to consider whether the jurisdiction has adopted a dual stream recycling program when considering if the jurisdiction has made a good faith effort to implement its source reduction and recycling element or household hazardous waste element.
- **AB 827: *Solid waste: commercial and organic waste: recycling bins*.** This bill would require certain businesses to provide customers with a recycling bin that is visible, easily accessible, and clearly marked with educational signage.

- **SB 54 & AB 1080:** *California Circular Economy and Plastic Pollution Reduction Act*. This bill would establish the California Circular Economy and Plastic Pollution Reduction Act, which would require CalRecycle to adopt regulations to source reduce and recycle 75% of single-use packaging and products sold or distributed in California by 2030.
- **AB 1509:** *Solid waste: lithium-ion batteries*. This bill would establish the Lithium-Ion Battery Recycling Program.
- **AB 1583:** *California Recycling Market Development Act*. This bill would delete the prescribed description of the triangle used on all rigid plastic bottles and containers that indicates the resin used to produce the bottle or container.
- **AB 1770:** *Tire recycling program: rubberized pavement*. This bill would extend the operation of the Rubberized Pavement Market Development Act to June 30, 2024.
- **SB 405:** *Solid waste: reclaimed asphalt pavement: pilot project: The County of Los Angeles*. This would authorize the County of Los Angeles to create a pilot project to demonstrate the viability of paving streets, roads, and highways with hot mix asphalt that is composed of between 85% and 100% reclaimed asphalt pavement.
- **SB 424:** *Tobacco products: single-use and multiuse components*. This bill would prohibit a person or entity from selling, giving, or furnishing to another person a cigarette utilizing a single-use filter made of any material, an attachable and single-use plastic device meant to facilitate manual manipulation or filtration of a tobacco product, and a single-use electronic cigarette or vaporizer device.
- **SB 667:** *Greenhouse gases: recycling infrastructure and facilities*. This would require CalRecycle to develop financial incentive mechanisms to fund organic waste diversion and recycling infrastructure
- **SB 724:** *The California Beverage Container Recycling and Litter Reduction Act*. This would increase the number of convenience zone exemptions allowable in the California Beverage Container Recycling and Litter Reduction Act.
