

### **DIVERSION REQUIREMENTS:**

- **65%** diversion of C&D generated by construction and demolition projects, which shall include:
  - **90%** minimum diversion of inert material.
  - **100%** diversion of excavated soils, trees, stumps, rocks, and associated vegetation from grading projects.

### **INSTRUCTIONS:**

- This recycling receipt should be used only when a C&D materials processing facility, salvage operation, or other facility/entity does not have the ability to generate a receipt or weight ticket.
- If a permittee is unable to determine the exact weight of the reused, recycled or salvaged C&D materials an estimate based on the volume of C&D (based on the capacity of the container or vehicle transporting the materials) shall be used. The permittee shall submit a statement of its volume along with the calculation of the weight of the C&D materials. For a Materials Conversion Form please visit : [www.sandiegocounty.gov/content/sdc/dpw/recycling/cdhome.html](http://www.sandiegocounty.gov/content/sdc/dpw/recycling/cdhome.html)
- If C&D materials were used on-site, self-hauled off-site for salvage, or collected by a third party for salvage, the permittee is required to provide a receipt or other proof of diversion including but not limited to photos or any additional information relevant to determining compliance with the Debris Management Plan submitted.

### **SUBMITTING RECEIPTS:**

- All receipts and additional proof of compliance is to be submitted no later than 180 days after the project's final inspection is passed in order to receive a full or partial refund of any performance guarantees.
- All proof of diversion activities should be emailed to [CDRecycling@sdcounty.ca.gov](mailto:CDRecycling@sdcounty.ca.gov). If electronic submittal cannot be completed, permittee may bring all documentation to the address listed above during normal business hours.
