Required Attachments

Please attach the following to this application:

- 1. Pre-project photos of installation area:** Five clear photographs of the pre-project area, showing both the eligible landscape area and adjacent pavement. Grass must be in place (dormant/brown/dying is okay) at the time of application and approval.
- 2. A Landscape Design Plan** that includes the following (use the [Turf Replacement Plan Template](#) for guidance):
 - Square footage of landscape to be transformed
 - Type and location of the stormwater feature
 - Selected groundcover and any permeable hardscapes
 - Three drought-tolerant plants per 100 sqft of area transformed
 - Area and square footage where native plants will be installed (if applying for native plant incentive)

Photo Guidance

- Photos should be taken in daylight, horizontal/landscape orientation, and labeled with project details. Exclude faces, addresses, and pets. Refer to the [Project Photo Guidance](#) for more tips.
- Pre-project photos should show the entire project area, existing irrigation, and any erosion/drainage issues.
