*Rain-saving Gutter rebate maximum is $800.

Environmental Incentives

Rain-saving to Feature Details (Skip if not applicable)

Type of Feature Chosen:

Rain Garden (includes any bioswale) ☐ Rock Garden (includes dry riverbeds) ☐ Dry Well ☐

Depth of feature (in ft, without ponding depth)**: ☐

Approximate area of feature (in sqft)** : ☐

Approximate roof area being directed to feature (sqft): ☐

Please utilize the Rain-saving Rebate Guidance to help you determine the minimum measurements of your feature based of your minimum rainwater harvest volume. Contact Waterscape Rebate Program Staff if you have any questions. ***Please include pictures of the downspouts or rain chain you will be using to direct water to your feature and a picture of the area where the feature will be.***

Rain-saving to Container Details (Skip if not applicable)

Have you previously used the SocalWaterSmart rebate or the Solana Center rebate for existing rain barrels or cisterns on your property? Yes ☐ No ☐

How many containers will you use for your Rain-saving project? ☐

How big are your containers (gallons)? ☐

Will your containers contain all of the gallons produced by your roof (or other area)?

Yes ☐ No ☐

Approximate roof area being directed to containers (sqft): ☐

If no, you are required to set up your container so that the overflow will infiltrate naturally into the ground. How large is the area you will be directing the overflow to (in sqft)?

☐

Please include pictures of the downspouts or rain chain you will be using to direct water to your container, and a picture of the area where you will direct the overflow to.

Rain-saving to Yard Details (Skip if not applicable)

Landscaped area to receive flow (sqft): ☐

Type of vegetation in landscaped area: Lawn ☐ Low-water use landscaping ☐ Other ☐

Approximate roof area being directed to yard (sqft): ☐

Please include pictures of the downspouts or rain chains and areas you will direct rainwater to.

Rain-saving Gutter Details (Skip if not applicable)

Perimeter of structure to receive gutters (ft): ☐

Number of downspouts or rain chains to be installed: ☐

Please specify where each downspout will direct rainwater. Downspouts may direct rainwater to the yard (cannot be a bare area), a feature (please specify), or a container (please specify number of containers and size). ***Please fill out the relevant Rain-saving application section (feature, container, or yard) to get full rebate credit.***

Please include pictures of the areas of the structure receiving rain gutters.
