Pre-Move Checklist

For a stress and litter-free move:

- Recycling or disposing unwanted items like mattresses, furniture, clothing, and electronics: wastefreesd.org
- Setting up the utilities at your new place.
- Changing your mailing address with USPS: <https://moversguide.usps.com/mgo/disclaimer>.

My Proper Disposal Plan

By recycling, donating or using a large item disposal service, you are preventing pollutants from large items from flowing into the storm drain system, helping protect our local waterways, and ensuring that tax dollars can be used in more efficient ways.¹ Large items like mattresses can be recycled and turned into new products, reducing waste, and keeping them out of landfills!

You are off to your new home! Find your unwanted large items the right home too by creating your personal disposal plan.
