HELI PAD Begin: 06/05/2018 15:15 End:	OPEN
Internal Capacity Plan Begin: 04/12/2019 11:01 End:	NOT ACTIVATED
L&D/OB Begin: 05/22/2018 13:27 End: Comment: Testing	OPEN
Space Conversion Begin: 11/07/2018 11:19 End:	THIS IS A DRILL
STEMI Begin: 02/02/2022 12:11 End:	OPEN
STROKE Begin: 04/12/2023 12:27 End: Comment: Testing specialty modal	OPEN
TRAUMA Begin: 04/13/2023 06:33 End:	DIVERSION-RESUS FULL

There are three categories to choose from:

1. High
2. Medium
3. Low

In the upper right corner, select Agency Summary under your hospital's dropdown menu.

In the specialty availability section, you will find a new category labeled ED Impact Status. This status is updated as you would update any other specialty status.

*Note: Please see following page for details on categories.*

### Emergency Department Impact Scorecard

	ED Impact Description	Points	Score
1	Equal to or greater than 50% of ED beds* committed to ED Boarders**	1	
2	Wait room number of patients is greater than 50% current active beds*	1	
3	Critical patients equal to or greater than 10% of ED beds*	1	
4	Declaration of a "Disruption of Services" Event	2	
5	EMS offload greater than 1 hour***	1	
SCORE	5-6 = RED Signal / 3-4 = YELLOW Signal / 0-2 = GREEN Signal	0-6	
Notes:	*Number of staffed and immediately available ED beds at time of scoring (incl. patient care spaces/beds/ care capacity actively engaged in patient care)		
	**ED Boarder = awaiting placement elsewhere		
	***Ambulance Off Load Averaged Elapsed Time (1h)		

#### Notes:

Disruption of Services caused by one or more of the following:

Electrical Outage

Employee walkout or acute staffing shortages resulting from disaster

HVAC system failure

Imaging

Information Services failure

Laboratory

Medical gas failure

Medical vacuum failure

Natural gas failure

Nurse call failure

Pharmacy

Plumbing/sewer failure

Steam failure

Telephone system failure

Water failure

**Internal Disaster Declaration:** A hospital cannot accept any patients through the 9-1-1 system because of a critical disruption of the ability to provide medical services (e.g., due to structural failures, infrastructure disruptions, or health and safety threats).

County EMS and HHSA PHPR begin processes to evacuate the declaring hospital and distribute patients to other facilities. Internal Disaster notifications are distributed to MHOAC, RDMHC, CDPH, Fire OAC, 9-1-1 Communication Centers, Private Ambulance Agencies, and HASD&IC.
