

STEMI REGISTRY CASE INCLUSION CRITERIA

Which Cases Should be Submitted to County EMS?

- **911 Arrivals**

- Cases identified as STEMI by prehospital crew, regardless if prehospital activated or not, that go to CCL
- Cases identified as STEMI by prehospital crew, regardless if prehospital activated or not, that did not go CCL (false positives, 1st ED 12 lead ruled out STEMI, refused CCL, non-candidate, expired in ED, etc.)
- Cases identified in ED as STEMI with 1st ED ECG that go to CCL

- **Walk-In Arrivals**

- Cases that arrive via private mode of transportation identified by the 1st ED ECG as a STEMI and go to CCL

- **Interfacility Transfer Arrivals**

- STEMI cases that arrive to the CCL from another acute care hospital
