NO-NOTICE AMBULANCE ARRIVALS

Data Collection Update

BACKGROUND

Purpose
- To gather information on ambulance arrivals with a focus on no-notice or late notifications to help inform the system redesign process
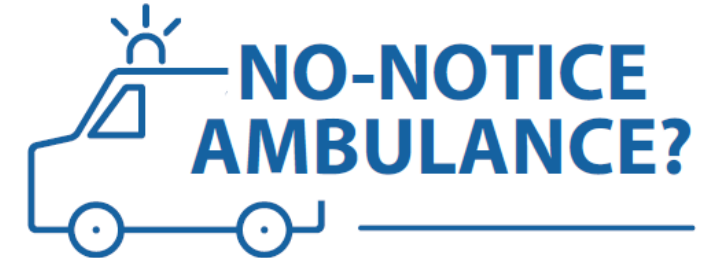

Goal
- To establish a baseline understanding of how frequently no-notice ambulance arrivals are occurring across the County

Approach
- Develop a simple and standardized reporting process for all receiving centers

Timeline
- Flyer was distributed to receiving centers in June and data collection will continue throughout redesign process
