Bridgid Joseph, DNP, RN, CCNS, is a renowned Resuscitation Specialist who is an expert consultant to EMS, hospital, and industry leaders, focusing on alignment of best practices to support the *chain of survival* for cardiac arrest patients. As CEO of ThriveIN LLC, she advises healthcare companies, providing product feedback and clinician messaging that align usage with practice. She holds a **Doctor of Nursing Practice** degree that complements her background as a Critical Care Clinical Nurse Specialist, enabling her to create patient care innovations and empower healthcare professionals to improve resuscitation outcomes. During her 15-year tenure at an Academic Medical Center in Boston, she served as Resuscitation Committee Nurse Specialist and Director of the Emergency Cardiovascular Care Center, pioneering simulation education for resuscitation training. A sought-after speaker at national conferences, Dr. Joseph shares expertise on resuscitation strategies, regulatory compliance, and Lean Process improvements. Her work drives excellence in clinical care and has led to advancements in clinical research, including internationally, by participation in studies on resuscitation and blood transfusions with the NHS in the UK.
