Dear Samantha:

This letter is to confirm that there are currently three individuals at Public Resources Advisory Group that have been employed by a broker-deal firm within the last two years (“Associated Individuals”). In particular, Matthew Sansbury was a Director in RBC’s Orlando, Florida office until October 29, 2024, Naomi Rinaldi was a Vice President in Siebert Williams Shank’s Washington D.C. office until June 30, 2025, and Angela Yungu was an Analyst in Stifel’s Chicago office until July 25, 2025. These Associated Individuals will not participate in reviewing any solicited or unsolicited proposals received from the investment bank that previously employed the Associated Individual, nor will they engage in any other municipal advisory activities for the County of San Diego in which the same investment bank relies on the IRMA Exemption, until the applicable two-year period has concluded.

If you have any questions, feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Michelle Issa".
