

Affordable. Eco-friendly.

Live green at home. Save money and the environment by upgrading your home to be more energy efficient.

Preserving the environment is a priority for Union Bank. If becoming more eco-friendly is on your list, too, we've got the right financing option.¹

Environmentally sound equity options

A FlexEquity[®] account gives you the flexibility to purchase and "Go Green" at your convenience with either variable or fixed rate options.

Energy efficient upgrade options

- Buy Energy Star appliances
- Install energy-efficient insulation, doors and roofing
- Replace windows with double-glazed, thermal and sound-insulated windows
- Upgrade heating and cooling systems
- Purchase a solar/photovoltaic system
- Install a solar pool heating system

Not just for houses

Union Bank also offers an environmentally-friendly auto loan program with a 0.25% reduced interest rate for qualifying vehicles operating on alternative power sources.

Stop by a Union Bank office

¹Loans subject to credit and collateral approval. Financing available for collateral located in CA, OR, or WA. Restrictions may apply. Terms and conditions subject to change. Save 0.25% on the interest rate for the Fixed Rate Option Plan with automatic payments from a Union Bank checking or savings account. If you or we terminate automatic payments, the interest rate will increase by 0.25% and the monthly payment will increase accordingly. The 0.25% rate reduction is not available for the Variable Rate Plan.
