California Housing Consortium This site is a great information resource useful in creating a report!

The screenshot shows the California Housing Consortium website. The header features the logo on the left and the tagline "The United Voice for Affordable Housing" on the right. A navigation bar includes links for "About CHC", "Policy", "Membership", "Events", "Resources", and "Contact Us". The main content area is titled "Resources :: Publications" and "Housing Affordability", listing several reports such as "California: Here's Why your Housing Costs Are So High" and "Out of Reach 2017". A sidebar on the left contains a menu with options like "Affordable Housing 101" and "Publications". A right sidebar includes a "Join CHC Newsletters" button and a "Tweets by @calhsng" section showing a tweet from @CalTreasurer about CDLAC's progress on the #PAB allocation.

Examples are just these few links that can be accessed at that site!

<http://calhsng.org/resources/affordable-housing-101/what-is-affordable-housing/>

“According to the federal government, housing is “affordable” if it costs no more than 30% of the monthly household income for rent and utilities. Most affordable housing

developments are built for families and individuals with incomes of 60% or less than the area median income (AMI).”
