- **Orange County:**
 - **CalOptima** intends to use its significant experience caring for dual eligible beneficiaries, OneCare infrastructure, robust provider network and established community relationships as the foundation for the Demonstration. CalOptima has begun working with the Orange County Social Services Agency and the IHSS Public Authority to prepare for the integration of IHSS into the Demonstration, and with the Orange County Health Care Agency (HCA), Behavioral Health Services Division, to begin planning for the 2015 integration of behavioral health services. CalOptima has also worked collaboratively with providers and consumers for several months to prepare for the integration of Community Based Adult Services (CBAS) into managed care. In addition to working with HCA, SSA, the IHSS Public Authority and CBAS providers, CalOptima is committed to working with its providers, advisory boards, member advocates, other local stakeholders, DHCS and CMS to identify and mitigate barriers and pursue innovative solutions.
