AB-2870 Military: National Guard: youth challenge program: counselors.

Existing law requires the Adjutant General of the Military Department to conduct a civilian youth opportunities program consisting of at least a 22-week residential program and a 12-month post-residential mentoring period, known as the "National Guard Youth ChalleNGe Program." Existing law requires that the program serve at-risk teens in specified areas of the state. Existing law allows the Adjutant General to appoint a director and other service members and employees to operate the program. This bill would allow for the appointment of a current member of the State Military Reserve who possesses a bachelor's degree in psychology or social work to serve as a counselor within the program.

BILLS INTRODUCED SINCE LAST REPORT

SB-485 Veterans' homes.

Existing law provides for the establishment and operation of veterans' homes at various sites, and provides for an administrator of each home, as specified. Existing law establishes the duties of the Department of Veterans Affairs with regard to the establishment and regulation of veterans' homes. This bill would specify that the administrator of each home is responsible for ensuring compliance with State and Federal law, as specified. The bill would require the Secretary of Veterans Affairs to adopt uniform statewide policies and procedures, by regulation, for the operation of veterans' homes, relating to, among other things, the admission of residents and quality of care standards. The bill would make findings and declarations and state the intent of the Legislature to monitor the department's efforts to implement a statewide electronic health record for its system of veterans' homes.

AB-865 Military personnel: veterans: resentencing: mitigating circumstances.

Under existing law, most felonies are punishable by a triad of terms of incarceration in the state prison, comprised of low, middle, and upper lengths of terms. Until January 1, 2022, the choice of the appropriate term that is to best serve the interests of justice rests within the sound discretion of the court. Existing law, effective January 1, 2015, requires the court, if it concludes that a defendant convicted of a felony offense is, or was, a member of the United States military who may be suffering from sexual trauma, traumatic brain injury, post-traumatic stress disorder, substance abuse, or mental health problems as a result of his or her military service, to consider that circumstance as a factor in mitigation when imposing a term pursuant to the sentencing provisions above. Under existing law, this consideration does not preclude the court from considering similar trauma, injury, substance abuse, or mental health due to other causes, as evidence or factors in mitigation. This bill would authorize any person who was sentenced for a felony conviction prior to January 1, 2015, and who is, or was, a member of the United States military and who may be suffering from any of the above-described conditions as a result of his or her military service to petition for a recall of sentence under specified conditions. The bill would require the court, upon receiving a petition, to determine, at a public hearing held after not less than 15 days' notice to the prosecution, the defense, and any victim of the offense, as specified, whether the person satisfies the specified criteria and, if so, would authorize the court, in its discretion, to resentence the person following a resentencing hearing. This bill would prohibit resentencing under these provisions from resulting in the imposition of a term longer than the original sentence. The bill would also require a person who is resentenced pursuant to these provisions to be given credit for time served.

SB-1007 Sales & use taxes: exemption: military & veteran medical facilities.

Existing state sales and use tax laws impose a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state, or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. The Sales and Use Tax Law provides various exemptions from those taxes, including an exemption for the sale of, or the storage, use, or other consumption of, meals and food products that are furnished or served by any nonprofit veteran's organization for purposes of fundraising, as specified. This bill, on and after January 1, 2019, and before January 1, 2025, would exempt from these taxes the gross receipts from the sale of, and the storage, use, or other consumption in this state of, building materials and supplies purchased by a qualified person for use by that qualified person in the construction of specified military and veteran medical facilities. The Bradley-Burns Uniform Local Sales and Use Tax Law authorizes cities and counties to impose local sales and use taxes in conformity with the Sales and Use Tax Law, and existing laws authorize districts, as specified, to impose transactions and use taxes in accordance with the Transactions and Use Tax Law, which generally conforms to the Sales and Use Tax Law. Amendments to the Sales and Use Tax Law are automatically incorporated into the local tax laws. Existing law requires the state to reimburse cities and counties for revenue losses caused by the enactment of sales and use tax exemptions. This bill would provide that, notwithstanding these provisions, no appropriation is made and the state shall not reimburse cities and counties for sales and use tax revenues lost by them pursuant to this bill. This bill would take effect immediately as a tax levy.

SB-1179 Public contracts: Disabled Veteran Business Enterprise Program.

Under existing law, the Department of General Services, except in the case of contracts for professional bond services, is the administering agency of the California Disabled Veteran Business Enterprise Program, which requires state agencies and all other state entities contracting for materials, supplies, equipment, alteration, repair, or improvement to have at least 3% participation goals for disabled veteran business enterprises (DVBE), as defined. Existing law requires an awarding department, upon completion of an awarded contract for which a commitment to achieve a DVBE goal was made, to require the prime contractor that entered into a subcontract with a DVBE to certify to the awarding department specified information relating to amounts paid under the contract, as specified. Existing law subjects a person or entity that knowingly provides false information on this certification to certain criminal and civil penalties, as specified. Existing law makes it a crime to, among other things, knowingly and with intent to defraud, fraudulently represent participation of a disabled veteran business enterprise in order to obtain or retain a bid preference or a state contract. Existing law requires the Department of General Services to suspend, for a specified period, any person who violates these provisions from bidding on, or participating as either a contractor, subcontractor, or supplier in, any state contract or project, as specified. Existing law requires the Department of General Services to monitor the status of all reported violations and maintain and make available to all state departments a central listing of all firms and persons who have been determined to have committed violations resulting in suspension. Existing law prohibits an awarding department from entering into any contract with any person suspended for violating these provisions during the person's suspension and requires the awarding department to check the central listing provided by the Department of General Services to verify that the person or contractor to whom the contract is being awarded, or any person being utilized as a subcontractor or supplier by that person or contractor, is not under suspension. This bill would require an awarding department to give a prime contractor that fails to comply with the certification requirements described above reasonable opportunity to cure the failure. The bill would require the awarding department to provide notice of the failure to the Department of General Services, if after providing reasonable opportunity, the prime contractor continues to fail to comply with the certification requirements. The bill would require the Department of General Services, upon notification of the failure, to suspend the prime contractor from bidding on, or participating as either a contractor, subcontractor, or supplier in, any state contract or project for a period of not less than 5 years for a first violation, as specified, except that the contractor would be required to meet all obligations of any existing contract to which it is a party. The bill would require the Department of General Services to permanently suspend the prime contractor from the program for a 2nd violation, except that the contractor would be required to meet all obligations of any existing contract to which it is a party. The bill would subject a suspension issued under these provisions to the monitoring, listing, and verification requirements, and contracting prohibitions, described above.

SB-1180 California Disabled Veteran Business Enterprise Program.

An act to amend Section 999.5 of the Military and Veterans Code, relating to disabled veterans. Under existing law, the administering agency for the California Disabled Veteran Business Enterprise Program is the Department of General Services, except in the case of contracts for professional bond services. Existing law requires the Director of General Services to adopt written policies and guidelines establishing a uniform process for state contracting to provide a certified disabled veteran business enterprise (DVBE) participation incentive to bidders, which all state agencies are required to use when awarding contracts. Existing law requires an awarding department, upon completion of an awarded contract for which a commitment to achieve a DVBE goal was made, to require the prime contractor that entered into a subcontract with a DVBE to certify to the awarding department specified information relating to amounts paid under the contract. This bill would require an awarding department to maintain all records of the information provided by the prime contractor pursuant to those provisions and to retain the records for a minimum of 6 years after collection. The bill would require the awarding department to maintain those records in a manner that facilitates access and review by external auditors. The bill would require the awarding department to establish appropriate review procedures for those records to ensure the accuracy and completeness of the award amounts and paid amounts reported.

SB-1304 Veterans: transitional assistance program: funding.

Existing law requires the Department of Veterans Affairs, by July 1, 2015, to develop a transition assistance program for veterans who have been discharged from the Armed Forces of the United States or National Guard of any state, to assist those veterans in successfully transitioning from military to civilian life in the state. This bill would authorize the Department of Veterans Affairs to accept donations of personal property, including cash or other gifts, to be used to further the purposes of the transition assistance program. The bill would create the CalTap Endowment Fund in the State Treasury for the purpose of receiving cash donations and would continuously appropriate moneys in the fund for the purpose of funding competitive grants in support of the transition assistance program. By creating a continuously appropriated fund, the bill would make an appropriation.

SB-1314 Veterans homes: services: complex mental/behavioral health needs.

Existing law provides for the establishment and operation of veterans' homes at various sites, and provides for an administrator of each home, as specified. Existing law establishes the duties of the Department of Veterans Affairs with regard to the establishment and regulation of veterans' homes. This bill would require the Department of Veterans Affairs to conduct a survey to assess the ability of veterans' homes to assist veterans with complex mental and behavioral health needs, and develop a plan to accommodate that population, as prescribed. The bill would require the department to submit the plan and any recommendations for future legislation necessary to achieve its objectives to specified committees of the Legislature by January 1, 2020, and to begin adopting the recommendations by appropriate means, by July 1, 2020.

SB-1435 State military: officer commissions.

Existing law establishes within state government a Military Department headed by an Adjutant General. Existing law includes within the Military Department the office of the Adjutant General, the California National Guard, the State Military Reserve, the California Cadet Corps, and the Naval Militia. Existing law requires an officer who desires to resign to submit his or her resignation to the Governor. Among others, existing law authorizes the Governor to refuse to accept a resignation in time of war or when war is imminent, in time of civil stress or emergency, or on account of the exigencies of the service. This bill would revise and recast that provision to instead provide that the Governor under those circumstances may instead refuse to accept a resignation from an officer when the officer is mobilized for deployment on state or federal duty or notified of impending mobilization for state or federal military duty.

SB-1500 Prohibited discrimination against service members.

Existing law prohibits various types of discrimination against a member of the military or naval forces of the state or of the United States because of his or her membership or service, including, among others, discrimination with respect to his or her employment. Existing law prohibits an employer or officer or agent of a corporation, company, or firm, or other person from, among other things, discharging a person from employment because of the performance of any ordered military duty or training or by reason of being a member of the military or naval forces of the state. Existing law prohibits a person from refusing entrance into specified places to any member of the Army or Navy of the United States or of the military or naval forces of this state because that member wears the uniform of the organization to which he or she belongs. Existing law provides criminal penalties and civil remedies for violations of these prohibitions. This bill would extend the protections against, among other things, discharge from employment to members of the federal reserve components of the Armed Forces of the United States and members of the State Military Reserve. The bill would additionally prohibit refusing entrance into specified places to any member of the Armed Forces of the United States because that member wears the uniform of the organization to which he or she belongs. By expanding the scope of a crime, this bill would create a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason.

SB-1501 Military and veterans: enlisted persons.

Existing law establishes within state government a Military Department that includes the office of the Adjutant General, the California National Guard, the State Military Reserve, the California Cadet Corps, and the Naval Militia. Existing law also generally governs the administration of military and veterans' affairs, including those relating to enlisted men and women. This bill would make technical amendments to modify references throughout the code to "enlisted man or woman" or "enlisted men or women" to instead refer to "enlisted person" or "enlisted persons."

AB-1786 Community colleges: academic credit for prior military experience.

Existing law establishes the California Community Colleges, under the administration of the Board of Governors of the California Community Colleges, as one of the segments of public postsecondary education in this state. Existing law establishes community college districts throughout the state and authorizes these districts to provide instruction at the campuses they operate. Existing law requires the Chancellor of the California Community Colleges, using common course descriptors and pertinent recommendations of the American Council on Education, to determine, by July 1, 2015, for which courses credit should be awarded for prior military experience. This bill would instead require the chancellor to establish, by March 31, 2019, an initiative to expand the use of course credit at the California Community Colleges for students with prior learning. The bill would require the chancellor to submit, by January 1, 2020, a report on the initiative to the Legislature.

AB-1873 Driver's licenses: veteran designation.

Existing law requires the Department of Motor Vehicles to issue a driver's license to an applicant when the department determines that the applicant is lawfully entitled to a license. Existing law allows an in-person applicant for a driver's license or identification card to request the word "VETERAN" be printed on the face of the driver's license or identification card, subject to certain requirements, including, among others, verification of veteran status, as specified, and payment of a \$5 fee, which the department is authorized to increase by regulation, in an amount not to exceed \$15, as specified. Commencing July 1, 2019, existing law prohibits a fee from being charged for that request if made by (1) a person who has been determined to have a current income level that meets the eligibility requirements for specified assistance programs, or (2) a person who can verify his or her status as a homeless person, in accordance with specified provisions. This bill would repeal those fee provisions, thereby authorizing an applicant whose veteran status has been verified, as prescribed, to make a veteran designation request, and requiring the department to make that designation on the applicant's license, without additional charge. The bill also would make a conforming change.

AB-2135 Gold Star Family specialized license plates.

Existing law authorizes the issuance of specialized license plates sponsored by a state agency, including a Gold Star Family specialized license plate sponsored by the Department of Veterans Affairs. Existing law generally authorizes specialized license plates to be issued with a combination of letters or numbers, or both, requested by the owner of the vehicle. Under existing law, however, Gold Star Family license plates may only be issued in a sequential series. This bill would delete the requirement that Gold Star Family license plates be issued only in a sequential series, thereby authorizing the issuance of these license plates with a combination of letters or numbers, or both, as requested by the owner of the vehicle.

AB-2568 County jails: veterans.

Existing law authorizes county jails to be used for specified purposes, including the detention of persons charged with crimes and committed for trial. Existing law authorizes a court to place defendants who are current or former members of the United States military and suffering from specified conditions in a pretrial diversion program. This bill would require county jails to, upon detention of a person, ask if the person has served in the United States military and document the person's response. The bill would additionally require that the county jail make this information available to the person, his or her counsel, and the district attorney. By increasing the duties of county jails, this bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

AB-2722 Student financial aid: Calif. Military Department GI Bill Award Program.

Existing law establishes various student financial aid programs under the administration of the Student Aid Commission and establishes eligibility requirements for the receipt of awards under those programs for participating students attending qualifying institutions. Existing law establishes the Military Department, which includes the California National Guard, the California State Military Reserve, and the Naval Militia, to perform various duties regarding the state militia. Existing law establishes the California National Guard Education Assistance Award Program on behalf of qualifying members of the California National Guard, the California State Military Reserve, and the Naval Militia under the administration of the commission. Existing law requires the Student Aid Commission to report annually to the Legislature regarding program participation and also requires the Legislative Analyst, on or before January 1, 2016, to prepare and submit to the Legislature a report on the program. Existing law further provides that the program becomes operative only if funds are appropriated for the purposes of the program. The program becomes inoperative on July 1, 2019, and is repealed on January 1, 2020. This bill would change the name of the program to the California Military Department GI Bill Award Program. The bill would provide that the award could be used to obtain one baccalaureate, graduate, or doctoral degree or a certificate, degree, or diploma that leads to a baccalaureate, graduate, or doctoral degree if the person agrees to serve 2 years in the California National Guard, the Naval Militia, or the California State Military Reserve, as specified. The bill would delete the obsolete provision requiring the submission of a report by the Legislative Analyst. The bill would also delete the provision rendering the program inoperative on July 1, 2019, and repealing the program on January 1, 2020, thereby extending the program indefinitely.

AB-2762 Public contracts: disabled veteran business enterprises: local small business enterprises: social enterprises.

Existing law authorizes a local agency in facilitating contract awards to small businesses to provide for a small business preference of 5% in construction, the procurement of goods, or the delivery of services, and establishes a subcontracting participation goal for small businesses on contracts with a 5% preference for those bidders who meet the goal. Existing law authorizes each local agency to define a small business for the purposes of these preferences and goals. This bill would increase the above-described preference for small business to 7%. The bill, until January 1, 2024, would also establish preferences, in specified counties, for disabled veteran businesses and social enterprises, as defined, and would provide for the preferences to be a maximum of 7% for an individual preference and up to 15% for a single bid having 2 or more preferences. The bill would limit the value of all combined preferences to a maximum of \$100,000. The bill would authorize a prime contractor, with the approval of the local agency, to substitute another subcontractor with the same preference category for the purpose of meeting specified goals. The bill would require a local agency that grants a preference under these provisions to establish a certification process for social enterprises using specified criteria. The bill would also authorize each local agency to define a disabled veteran business and social enterprise and to define their eligibility for the purposes of these preferences and goals.

AB-2790 Veterans: Internal Audits for Veterans Affairs.

An act to add and repeal Sections 73.5 and 73.6 of the Military and Veterans Code, relating to veterans. Existing law establishes the Department of Veterans Affairs and designates the Secretary of Veterans Affairs as the chief administrative officer of the department. Existing law also establishes the California Veterans Board, and requires the board to advise the department and the secretary on policies for operations of the department. Existing law provides for veterans programs, including the veterans farm and home purchase programs, and provides for veterans homes. This bill would create the office of Internal Audits for Veterans Affairs, the chief auditor of which would be subject to the direction of the secretary within the department. The bill would require the chief auditor to be appointed by the Governor, subject to Senate confirmation. The chief auditor would be responsible for reviewing and investigating, at the request of the secretary or other members of senior management of the department, the operations and financial condition of each California veterans home, each veterans farm and home purchase program, and other department programs and functions. Beginning January 1, 2020, and each year thereafter, the bill would require the chief auditor to submit a summary report to the board and the appropriate committees of the Legislature providing information about the office's activities and recommendations that lead to departmental efficiencies and improvements. The bill would authorize the chief auditor to receive communications from any individual who believes he or she may have information that warrants a review or investigation of a veterans program. The bill would require the chief auditor to establish a toll-free telephone number to report alleged wrongdoing regarding veterans programs. The bill would prohibit the chief auditor from disclosing the identity of a person reporting information pursuant to these provisions without that person's written permission.

AB-2894 Postsecondary education: students called to active military duty during an academic term.

Existing law establishes the California Community Colleges, the California State University, the University of California, independent institutions of higher education, and private postsecondary educational institutions as the 5 segments of postsecondary education in this state. Existing law requires public and private postsecondary educational institutions to refund 100% of the tuition and fees paid by a student to the institution for the academic term in which the student was required to report for military service, regardless of whether the student was called to military service before the academic term had commenced or after the academic term had commenced. This bill would provide that, subject to applicable federal, state, and institutional refund and withdrawal policies, when a student, as defined, is called to active military duty during an academic term, the student may: choose to withdraw from the institution, retroactive to the beginning of the academic term; if at least 75% of the term has been completed, choose to request that the faculty member assign a grade for the course based on the work the student has completed, as specified; or, if the faculty member assigns a grade of Incomplete for the student's coursework, the student has a minimum of 4 weeks after returning to the institution to complete the course requirements, as prescribed. Under the bill, a student would be defined as a person enrolled, or previously enrolled, at a campus of any of the 5 segments of postsecondary education listed above.

SB-1178 California Disabled Veteran Business Enterprise Program.

Under existing law, the administering agency for the California Disabled Veteran Business Enterprise Program is the Department of General Services, except in the case of contracts for professional bond services. Existing law requires the Director of General Services to adopt written policies and guidelines establishing a uniform process for state contracting to provide a disabled veteran business enterprise (DVBE) participation incentive to bidders, which all state agencies are required to use when awarding contracts.

SB-1357 Vehicles: license plates: veterans.

Existing law requires the Department of Motor Vehicles to issue special license plates under a special interest license plate program, as specified, and authorizes organizations, including veterans' organizations, to participate in that program. Existing law authorizes any person who is the registered owner or lessee of a vehicle to apply for a special interest license plate that has a distinctive design or decal that honors all veterans or veterans who served in a particular war or armed conflict. Under existing law, these special interest license plates are subject to fees for issuance, renewal, or personalization that are additional to those required for nonspecialized license plates. Existing law requires that the revenue from those additional fees, less the department's costs, be deposited in the Veterans Service Office Fund, and further requires that money in the Veterans Service Office Fund be available, upon appropriation by the Legislature, to the Department of Veterans Affairs for allocation and disbursement to counties for the operation of county veterans service offices.

SB-1452 War on Terror Memorial Committee.

Existing law prescribes various duties for the Department of General Services in connection with the development and maintenance of the park around the State Capitol Building. Existing law authorizes the construction of various memorials in the Capitol Historic Region. This bill would establish the War on Terror Memorial Committee, and would require the committee, in consultation with the department, to conduct a review of the feasibility and best practices for the establishment and construction of a War on Terror Memorial in or around the State Capitol Park. The bill would also require the committee to report its findings and recommendations to the Legislature, as provided, and would prohibit the expenditure of state funds for purposes of implementing its provisions.

AB-2170 Veterans education and training: California State Approving Agency for Veterans Education.

Under existing federal law, the California State Approving Agency for Veterans Education monitors, evaluates, and approves or disapproves veterans education and training programs in this state. This bill would require the California State Approving Agency for Veterans Education to provide for the certification of nanodegree for completing certain vocational education programs in science, technology, engineering, and mathematics concentrations for veterans returning from military service on or after September 11, 2001, offered by California institutions of higher education as part of their participation in veterans education and training programs authorized by the federal Higher Education Act.

AB-2325 County mental health services: veterans.

Existing law contains provisions governing the operation and financing of community mental health services for the mentally disordered in every county through locally administered and locally controlled community mental health programs. Existing law further provides that, to the extent resources are available, the primary goal of the use of funds deposited in the mental health account of the local health and welfare trust fund should be to serve specified target populations, including, among others, California veterans in need of mental health services who meet specified eligibility requirements. Existing law prohibits a county from denying county mental health services to an eligible veteran based solely on his or her status as a veteran. Existing law requires a county to refer a veteran to the county veterans service officer, if any, to determine the veteran's eligibility for, and the availability of, mental health services provided by the United States Department of Veterans Affairs or any other federal health care provider. This bill would prevent a county from denying an eligible veteran county mental or behavioral health services while the veteran is waiting for a determination of eligibility for, and availability of, mental or behavioral health services provided by the United States Department of Veterans Affairs. The bill would make specific findings and declarations about the county's duty to provide mental and behavioral health services to veterans.

SB-1175 State property: parking facilities: Purple Heart recipients.

Existing law authorizes a Purple Heart recipient to apply for special license plates inscribed with the Purple Heart insignia to be issued for a vehicle that is owned or co-owned by the Purple Heart recipient. The law authorizes an applicant for the Purple Heart license plate who qualifies as a disabled veteran to apply also for a distinguishing placard to be used in conjunction with the Purple Heart license plate for specified special parking privileges. This bill would require a state agency with a parking facility that is available to private persons who conduct business with the agency to reserve a parking space free of charge for the exclusive use of any vehicle that displays a Purple Heart special license plate.

AB-2295 Medi-Cal: veterans: home- and community-based services.

Existing law establishes the Medi-Cal program, which is administered by the State Department of Health Care Services, under which qualified low-income persons receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid Program provisions. Existing federal law provides for various home- and community-based services waivers that promote coverage and services that enable an individual who would otherwise be institutionalized to live at home or in the community. This bill would require the department to submit a waiver application or an amendment to the state plan for home- and community-based services (HCBS) to authorize an individual who is eligible for those services to enroll in Medi-Cal when the military service member has received military orders to transfer into California, upon receipt of the orders and the beneficiary was receiving Medicaid HCBS in the last state of residence. The bill would authorize a veteran beneficiary or a child beneficiary whose parent or guardian is an active or retired military service member to retain eligibility for Medi-Cal HCBS if the service member receives a governmental order to relocate to another state, as long as the parent or guardian retains California as the state of legal residence and the beneficiary retains eligibility for the services.

AB-2607 Veterans: Medical Foster Home Pilot Program.

Existing law establishes the Department of Veterans Affairs, which is responsible for administering various programs and services for the benefit of veterans. Existing law provides for the licensure of residential care facilities for the elderly, community care facilities, and residential care facilities for persons with chronic, life-threatening illness by the State Department of Social Services. Existing law exempts from the application of these provisions specified facilities, including general acute care hospitals and clinics. Existing law authorizes the California State Auditor, upon the request by the Joint Legislative Audit Committee and to the extent funding is available, to audit a state or local governmental agency, as defined, or any other publicly created entity.

AB-2737 Veterans' homes: Yountville.

Existing law establishes the Veterans' Home of California system, comprised of subsidiary home locations including the Veterans' Home of California, Yountville, in Napa County. Existing law requires all moneys received by a home, or by an officer of a home, to be paid to the administrator of the home, as specified. Existing law requires the administrator, on the 10th day of each month, to forward to the Treasurer all moneys in his or her possession for deposit in the General Fund, as specified. Existing law authorizes the Department of General Services to lease any real property held by the department for a veterans' home, and requires all moneys received from a lease to be deposited into the General Fund to the credit of and in augmentation of the appropriation for the support of the veterans' home system. This bill would require the administrator of the Veterans' Home of California, Yountville, to deposit all revenue generated from employee housing on the campus into a continuously appropriated fund maintained by the administrator for expenditure by the administrator for the maintenance, rehabilitation, and restoration of the Yountville campus. By authorizing the expenditure of these funds, this bill would make an appropriation.
