CHILDREN'S SYSTEM OF CARE PRINCIPLES

CSOC Council Vision: San Diego youth are healthy, safe, successful in school, and in their transition to adulthood, while being law abiding, while living in a home and community that supports strong family connections.

Mission: The purpose of the System of Care Council is to ensure that all agencies serving San Diego county youth from age 0 through age 21 have coordinated services resulting in improved youth and family, and system outcomes consistent with System of Care Values and Principles.

1. **Collaboration of four sectors:** The cornerstone of the CSOC is a strong four sectors partnership between youth/families, public agencies, private organizations and education that ensure accountability to achieve System of Care (SOC) goals and quality outcomes consistent with SOC philosophy.
2. **Integrated:** Among the four sector partners services are comprehensive, accessible coordinate behavioral and physical health care, provide seamless transition of care and utilize natural community supports,
3. **Youth guided, family driven:** Youth and families actively participate in service delivery, planning, and program and policy development.
4. **Individualized:** Services are flexible and designed to meet and build upon the unique needs, strengths and potential of each youth, and family.
5. **Strength-based:** Individualized plans and services identify and utilize youth/family strengths to facilitate health and wellness.
6. **Community-based:** Sector partners offer an array of services in each region and strengthen family and youth connections to neighborhood and local community resources.
7. **Outcome driven:** Service delivery systems continuously improve services by measuring and evaluating outcomes and use results to modify practices.
8. **Culturally Competent:** Service providers honor the diversity of cultures; address the complexities within and between cultures, and provide accessible and relevant services.
9. **Trauma Informed:** Sector partners recognize that trauma and chronic stress influence coping strategies and behavior, respond with compassion, and commit to the prevention of re-traumatization and the promotion of self-care and resilience.

- ✓ The projected revenue versus expenditures for sustaining enhanced Mental Health Services Act (MHSA) programs may be a challenge in FY 19-20, which may lead to zero based budget. PEI funding is already limited. However, there may be more MHSA funding available if there are more individuals with an annual income above one million dollars.

IV. Mental Health Services Act (MHSA)- Update (Adrienne Yancey)

A. Annual MHSA Plan

- The Community Engagement Forums were held in August, September and October, 2016. There were also 6 focus groups to ensure outreach and input from Criminal justice partners, Justice population, Peer liaisons, Community partners in Southeast San Diego and Native American partners.
- BHS is also working on proposals for Innovation projects. Yael Koenig provided a summary of the CYF Innovation projects:
 - ✓ Tele-mental Health Services which would use technology to help children receive post-discharge outpatient services.
 - ✓ Post-Partum services will provide education not only for the mother suffering from post-partum depression, but also for the entire family.
 - ✓ Countywide Psychotropic Medication Clinic(s) that would offer children continued medication and Tele-Psychiatry support after completing their primary outpatient treatment. This program will especially benefit those children with severe developmental and/or psychiatric needs.
 - ✓ The Roaming Outpatient Access Mobile (ROAM) project would address the psychiatry needs of both children and adults that reside in the rural sections of the county using a mobile unit.
- Yael Koenig also discussed the option of expanding and extending 3 innovation projects:
 - ✓ Caregiver Connection to Treatment Enhancement: This is a pilot project for the 0-5 population. If extended, can also provide services to parents and caregivers of children and youth beyond the 0-5 age population.
 - ✓ Family Therapy Participation Enhancement: utilizes parent partners to focus on increasing caregiver participation in family therapy. Experts that have lived experience engage caregivers with Motivational Interviewing for family therapy sessions away from the traditional school-based setting. Currently, there is a Family Therapy Participation per region.
 - ✓ Faith-Based initiative that supports the community during times of crisis.

Adrienne Yancey also mentioned the Recuperative Services Treatment (ReST), an extended-stay program would offer adults newly discharged from correctional facilities a place to stay as well as provide various other supportive services.

- MHSA funding cannot be used for education on Marijuana prevention, However, BHS has secured speakers and contractors specialized in Marijuana use prevention education to present at upcoming BHS managers' meetings and can also be invited to a CYF Council meeting. Additionally, the San Diego County Office of Education is addressing this need.

V. Business Items

A. External Quality Review Organization – (EQRO) (Yael Koenig)

- The EQRO conducts a yearly review on behalf of the Department of Health Care Services to review the County of San Diego Behavioral Health systems of care to ensure that all requirements, standards and obligations are met. There is an extensive preparation for to the EQR.
- An extensive amount of information and data is provided to them prior to their audit. This includes information provided by the Council during meetings, data from various focus groups, etc.
- The EQRO uses focus groups as a place to gather feedback and Council members and other BHS stakeholders will be invited to participate in the focus groups. The EQR will provide a report of the site review.

B. Status on 4 sectors subcommittee report (Edith Mohler).

- The CYF Council subcommittee sector representation report is in a draft format and not ready for distribution. The CYF sectors are:
 - ✓ **Public:** This includes, but is not limited, to entities that represent local government: San Diego County Health and Human Services Agency (HHSA): Behavioral Health Services, Behavioral Health Advisory Board, Child Welfare Services, HHSA regions, and Public Health Services. It also includes the County's Public Safety Group- Juvenile Probation Department, Juvenile Court; First 5 San Diego.
 - ✓ **Private:** Includes the Children's System of Care contracted providers. They are also organized with the Mental Health Contractors Association, Alcohol and Drug Providers

- The DSM V package is being purchased and will be provided by April 1, 2017.
- The Ultra-sensitive inpatient exchange portal for remote access of client records is scheduled for April 1, 2017.
- A Substance Use Disorder (SUD) data clean-up will be completed.
- The Millennium program road map for SUD and MHS is scheduled for 2020.

County of San Diego

Children, Youth and Families Behavioral Health System of Care Council (CYFBHSOCC or the Council)

Council Overview

History: On December 12, 1995, the County Board of Supervisors supported recommendations to transform the Children's Mental Health System. A Children's Mental Health Services System of Care Steering Committee was established; a Public, Private and Family partnership. In 2004, this committee evolved into the Children's Mental Health Services System of Care Council, a four sector partnership:

Public: This includes, but is not limited, to entities that represent local government: San Diego County Health and Human Services Agency (HHSA): Behavioral Health Services, Behavioral Health Advisory Board, Child Welfare Services, HHSA regions, and Public Health Services. It also includes the County's Public Safety Group- Juvenile Probation Department, Juvenile Court; First 5 San Diego).

Private: Includes the Children's System of Care contracted providers. They are also organized with the Mental Health Contractors Association, Alcohol and Drug Providers Association, San Diego Non-Profit Association, Fee-For-Service Network, Healthcare-Pediatricians, Managed Care Health Plans and The San Diego Regional Center).

Family: Youth and families who have lived experience receiving or who have received services from agencies serving children, and/or parents/caregivers of individuals that are receiving or have received services from agencies serving children. This sector includes the CYF Family Youth liaison).

Education: Representatives are usually also part of the Public Sector but represent Education. Constituencies represented in the Council are the Special Education Local Plan Area (SELPA), School Districts, Regular Education-Pupil Personnel Services, School Boards, Special Education and the San Diego County Office of Education (SDCOED).

The Council serves in an advisory capacity to the Behavioral Health (BH) Director, Alfredo Aguirre and operates according to its by-laws adopted March, 2006 and last revised November 14, 2016.

Children, Youth and Families (CYF) Staff: Yael Koenig, Deputy Director.

CYF Administrative Support: Grisel Ortega-Vaca and Edith Mohler, Darwin Espejo.

Children's System of Care Values and Principles

Vision: San Diego youth are healthy, safe, successful in school, and in their transition to adulthood, while being law abiding, while living in a home and community that supports strong family connections.

Mission: To ensure that all agencies serving San Diego County youth from age 0 up to 21 have coordinated services resulting in improved youth and family, and system outcomes consistent with System of Care Values and Principles:

Collaboration of four sectors: The cornerstone of the Children's System of Care is a strong four sectors partnership between youth/families, public agencies, private organizations and education that ensure accountability to achieve System of Care (SOC) goals and quality outcomes consistent with SOC philosophy.

Integrated: Among the four sector partners services are comprehensive, accessible coordinate behavioral and physical health care, provide seamless transition of care and utilize natural community supports.

Youth guided, family driven: Youth and families actively participate in service delivery, planning, and program and policy development.

Individualized: Services are flexible and designed to meet and build upon the unique needs, strengths and potential of each youth, and family.

Strength-based: Individualized plans and services identify and utilize youth/family strengths to facilitate health and wellness.

Community-based: Sector partners offer an array of services in each region and strengthen family and youth connections to neighborhood and local community resources.

Outcome driven: Service delivery systems continuously improve services by measuring and evaluating outcomes and use results to modify practices.

Culturally Competent: Service providers honor the diversity of cultures; address the complexities within and between cultures, and provide accessible and relevant services.

County of San Diego

Children, Youth and Families Behavioral Health System of Care Council (CYFBHSOCC or the Council)

Trauma Informed: Sector partners recognize that trauma and chronic stress influence coping strategies and behavior, respond with compassion, and commit to the prevention of re-traumatization and the promotion of self-care and resilience.

Membership: Limited to 24 voting members, the Council represents the Family/Youth, Public, Private and Education sectors; members are appointed by the BH Director to serve a two year term that may be renewed at his discretion.

Council Members are expected to:

- 1) Attend monthly Council meetings. If unable to attend, the designated alternate is expected to attend.
- 2) Sit at the Council members' table. If a member is absent, the alternate representative sits at the table.
- 3) Align meeting discussions and presentations to the CSOC Principles and *Live Well San Diego* vision.
- 4) Indoctinate incoming members into the Council.
- 5) Inform constituents of CYF System of Care activity and provide constituency's input to the Council.

TIMELINE: KEY CA MARIJUANA LAWS

1996: CA voters approved Prop 215, also known as the Compassionate Use Act, and became the first State to give the right to use marijuana for medical reasons, with a doctor's recommendation.

2001: The U.S. Supreme Court ruled there was "no medical exception" to federal marijuana laws, and that it was still illegal to sell or distribute marijuana, even when state laws, like Prop 215, allow it.

2004: The Medical Marijuana Program Act (SB 420) required the CA Dept. of Public Health to develop a voluntary program to register and issue cards to medical marijuana users and their caregivers and mandated county participation.

2005: The San Diego County Board of Supervisors filed a lawsuit to overturn Proposition 215 and SB 420. The California Supreme Court rejected the lawsuit in November 2006. They filed an appeal in 2009 that was also rejected. It went to the U.S. Supreme Court, which refused to hear the case on 5/19/09.

2008: Then-Attorney General Jerry Brown established the "Guidelines for the Security and Non-Diversion of Marijuana Grown for Medical Use".

2009: San Diego County implemented the Medical Marijuana Program (MMP), as mandated by the State, and began issuing Medical Marijuana Identification Cards (MMIC) 7/6/09.

2010: San Diego County approved the Medical Marijuana Collective Program Facilities Ordinance, under the supervision of the Sheriff's Dept., detailing how and where medical marijuana collectives can operate in the unincorporated areas.

2010: Governor Schwarzenegger reduced marijuana possession to an infraction.

2011: San Diego County amended the existing Medical Marijuana Collective Facilities Ordinance to specify zones of operation.

2014: The City of San Diego adopted an ordinance allowing four dispensaries in each of the municipality's nine council districts.

2014: CA approved Proposition 47 (11/5/14) which reduced the penalties for many drug possession charges from a felony to a misdemeanor.

2015: CA adopted a series of regulatory policies by combining three proposed legislative bills (AB243, AB 266 and SB643), to establish the Medical Marijuana Regulation and Safety Act (MMRSA) to establish regulatory system from cultivation to transportation of medical marijuana and identifies 19 state department roles and also acknowledges and allows local control.

2016: San Diego County extended a moratorium on new medical marijuana dispensaries in unincorporated areas through March 2017 to allow time to modify existing regulations for medical marijuana businesses.

AB 64, Reconciling the Medical Cannabis Regulation and Safety Act and the Adult Use of Marijuana Act/Prop 64 was introduced 12/12/16 with the intent to reconcile the regulatory structures for medical and recreational marijuana use.

PROP 64: THE CALIFORNIA ADULT USE OF MARIJUANA ACT (AUMA)

HOW MANY JOINTS?

"To sum up, there is no easy answer to this question, but if I had to give an answer that was true 'most of the time,' I'd say there are between 28 and 56 joints in an ounce of marijuana. Of course, there will no doubt be someone out there that says 'there is only one joint in an ounce of marijuana,' and that would be true too!"

EDIBLE EFFECTS

- Edible marijuana foods, snacks & drinks contain concentrated THC.
- May not feel anything for 30 to 60 minutes; on a full stomach may take two hours to feel full effects.
- Can last 4 to 8 hours while the effects from smoking can wear off in an hour or less.

DRUG TREATMENT

Youth Prevention Programs

**75% youth
ages 12-17**

DAILY MARIJUANA USE AMONG SAN DIEGO COUNTY YOUTH

- Daily marijuana use is defined as smoking pot 20 or more times in the past 30 days.

*The response rate for non-traditional students participating in the 2015 Survey was lower than in 2009, 2011, and 2013, which may in part account for the decrease in reported daily use rates among this population in 2015.
