Re: **Implementation of the EC CANS effective 7-1-19**

Children, Youth and Families (CYF) will be implementing the Early Childhood (EC) CANS for children 0-5; currently utilized by County of San Diego Child Welfare Services (CWS). **The EC CANS will be administered to all children 0-5 years of age effective July 1, 2019.**

The EC CANS form is located on the Child and Adolescent Services Research Center (CASRC) website:

<https://medschool.ucsd.edu/som/psychiatry/research/CASRC/resources/SOCE/Pages/CYFmHOMS-DES.aspx>

The EC CANS results are to be entered in CYF mHOMS database and CASRC can be contacted to schedule a training for the data entry requirements.

The required CANS training and certification are available either on-line or in-person. Please note; standard CANS training is utilized for all CANS certification; there is not a specialized training for EC CANS.

Training options include the following:

- A. **One day in-person** was offered on May 23, 2019 and will be offered on June 6, 2019. (Detailed Training Flyer attached) Following the training, clinicians will need to access the Praed Foundation on-line platform for CANS certification.
- B. **5 hour (approximately) online training and CANS certification** through the Praed Foundation website. (Detailed instructions for accessing Praed Foundation Training platform attached)

Providers can contact [Responsive Integrated Health Solutions \(RIHS\)](#) for any technical assistance with accessing trainings, registering on the Praed Foundation website or CANS certification.

Child and Adolescent Needs and Strengths (CANS) Overview Training for San Diego CANS 1.0

Presented by [Andrea Ocampo, MS.](#)

Senior Policy Analyst Chapin Hall at the University of Chicago

Course Code: BH0209

May 23 or June 6 2019
9:00 am to 4:00 pm

Course Description

The County of San Diego Child and Adolescent Needs and Strengths (CANS) is a collaboratively completed measure of child and family strengths and needs. This evidence-based, standardized assessment was developed to support decision-making, including level of care and action planning, to facilitate quality improvement initiatives, and to allow for the monitoring of clinical and functional outcomes. As a communication tool, it facilitates the linkage between the assessment process and the design of individualized service plans. This training provides an overview of the CANS and Transformational Collaborative Outcomes Management (TCOM). TCOM's overall framework, key concepts and how its multilevel approach directly benefits children and families will be discussed. The principles and best practices in using the CANS as a TCOM assessment strategy, a communication framework, and a tool to monitor outcomes and inform care plans will also be addressed. Using vignettes and small group activities, this 6-hour, interactive session will prepare users for certification and use of the CANS.

CANS Training and Certification FAQs

There are two courses shown when I log into the Praed site. Which one do I take?

Take the **San Diego CANS 1.0 course**. You do not need to take the California CANS course; it is just there as an extra resource. Complete the certification exam at the end of the San Diego CANS 1.0 course.

I took the California CANS 50 1.0 course instead of the San Diego CANS 1.0 course and passed the exam. Am I certified?

Yes; however, we strongly suggest you click on the San Diego CANS 1.0 course and search for the red modules. The red modules are specific to San Diego County. This information is not part of the exam, but it is an extra resource.

How do I know if I passed?

You passed if your exam is marked as COMPLETE in the course outline. To view your certification you must have completed the full course AND passed the exam.

I completed the full course and passed the exam, but it still shows as incomplete. What can I do?

Click on the course and check that all of the videos and quizzes have been completed. Once everything is completed, the course outline will show COMPLETE.

I forgot my password to the Praed Foundation website. What do I do?

Select the **Forgot Password** Link and enter the email you used to create your account. A link to reset your password will be sent to the email associated with your account.

I'm having difficulty with the Praed site itself. Who do I ask for help?

At the RIHS helpdesk we'll always do our best to solve the problem for you. You can also ask the Praed Foundation team directly at support@TCOMTraining.com.
