## BH-SOC Children, Youth, and Families Culture Share

\*\*\*\*\*

### What is Culture Share?

Culture share is a time to advance and integrate cultural learning, understanding, and practices into our work. This experience can honor and celebrate family, history, traditions, experiences, and practices that may bring joy and well-being. It can also bring discomfort, curiosity and bias awareness. Ultimately, it is an opportunity for self reflection and enlightenment to enhance our capacity to provide culturally responsive services to the children, youth, and families in our communities.

### 4 EASY STEPS

1. Maximum of a **3 Minute** Presentation:  
Use any medium - slide, poem, music, verbal, etc.
2. Introduce your experience from a cultural lens
3. Describe how this experience influences your work
4. Open it up for any group reflection

# Increasing Medi-Cal Reimbursement Rates to Improve Healthcare for Nearly 1 Million San Diegans

## **TERRA LAWSON-REMER**

SUPERVISOR, THIRD DISTRICT  
SAN DIEGO COUNTY BOARD OF SUPERVISORS

### AGENDA ITEM

**DATE:** March 12, 2024

**13**

**TO:** Board of Supervisors

#### **SUBJECT**

**INCREASING MEDI-CAL REIMBURSEMENT RATES TO IMPROVE HEALTHCARE  
FOR NEARLY 1 MILLION SAN DIEGANS (DISTRICTS: ALL)**

#### **OVERVIEW**

In a time when access to quality healthcare has never been more crucial, the California Medicaid program, also known as Medi-Cal, stands as a vital lifeline for some of our county's most vulnerable community members. The program's unwavering commitment to ensuring that no one is left behind in the pursuit of healthcare has never been more significant. In San Diego County, nearly one million individuals, including approximately 325,000 children, rely on this program as a vital support system to safeguard their health and well-being.

Directs Interim CAO to conduct analysis of Medi-Cal reimbursable services and increase it for San Diego providers, update ad hoc subcommittee (State/Federal) with findings/recommendations to integrate behavioral and physical health, and support legislation(s) leading toward increased Medicaid reimbursement rates

#### SUBJECT

**FISCAL YEAR 2023-24 SECOND QUARTER OPERATIONAL PLAN STATUS  
REPORT AND BUDGET ADJUSTMENTS (DISTRICTS: ALL)**

#### OVERVIEW

This report summarizes the status of the County's Fiscal Year 2023-24 Adopted Operational Plan, as measured by projected year-end fund balance from current year operations. The projected year-end balance for the General Fund is \$86.0 million (or 1.1% of the General Fund budget), and \$140.8 million (or 1.3% of the Overall budget) for all budgetary funds combined. The projected fund balance anticipates an overall positive expenditure variance and an overall positive revenue variance from the Fiscal Year 2023-24 Amended Budget. The projection assumes General Purpose Revenue will perform better than estimated, and all business groups will produce operating balances except for the Health and Human Services Agency (HHSA) which is projecting negative operating balance due to projected slowing of sales tax receipts for related programs and increased costs for the General Relief Program. The projected balance for all other funds combined is \$54.8 million (1.8% of the other funds combined budget).

# Advancing Mental Health Equity: Harnessing Proposition 1 Bond Funding for Community Well-Being

**NORA VARGAS**

**CHAIRWOMAN**

SUPERVISOR, FIRST DISTRICT  
SAN DIEGO COUNTY BOARD OF SUPERVISORS

AGENDA ITEM

**DATE:** April 9, 2024

**04**

**TO:** Board of Supervisors

## **SUBJECT**

**ADVANCING MENTAL HEALTH EQUITY: HARNESSING PROPOSITION 1 BOND  
FUNDING FOR COMMUNITY WELL-BEING (DISTRICTS: ALL)**

## **OVERVIEW**

Proposition 1 is a two-part measure, that will amend the California Mental Health Services Act (MHSA) and create a \$6.38 billion general obligation bond. The California MHSA will be reconfigured to be the Behavioral Health Services Act (BHSA) which will allow for spending for substance abuse disorders and command spending for non-clinical housing services. Secondly, it creates a \$6.38 billion general obligation bond that would fund behavioral health treatment and residential facilities, and supportive housing for veterans and individuals at risk of or experiencing homelessness with behavioral health challenges.

Directs Interim CAO to work with  
BHS Director to create a  
process for seeking and  
investing Prop 1 bond funding  
using data, community  
advocates and stakeholders in  
mental health, substance abuse  
and housing

#### SUBJECT

**UPDATE ON READINESS FOR CHANGES TO INVOLUNTARY BEHAVIORAL HEALTH TREATMENT IN SAN DIEGO COUNTY (DISTRICTS: ALL)**

#### OVERVIEW

On October 10, 2023, Governor Newsom signed into law Senate Bill (SB) 43. SB 43 amends the Lanterman-Petris-Short Act and significantly expands the definition of “gravely disabled”, by including severe substance use disorder as an allowable category for someone to be compelled into involuntary behavioral health evaluation and treatment, and if clinical standards are met, placed under conservatorship. This law also expands the criteria that can be considered in determining whether a person, because of their behavioral health condition, is unable to meet their personal needs, to include “personal safety” and “necessary medical care”. Other significant changes brought forth through SB 43 include the expansion of the array of testimony that can be submitted into conservatorship proceedings without requiring in-person cross examination; a requirement that counties consider less restrictive alternatives in conducting conservatorship investigations; and expansion of State reporting requirements. Together, these updates will make new populations of individuals eligible for involuntary holds for evaluation and treatment, and in some cases, conservatorship.

BOS receives an update on SB43 to support changes on this state law by providing resources and infrastructure needed to ensure the best possible outcomes for persons with behavioral health needs

#### OVERVIEW

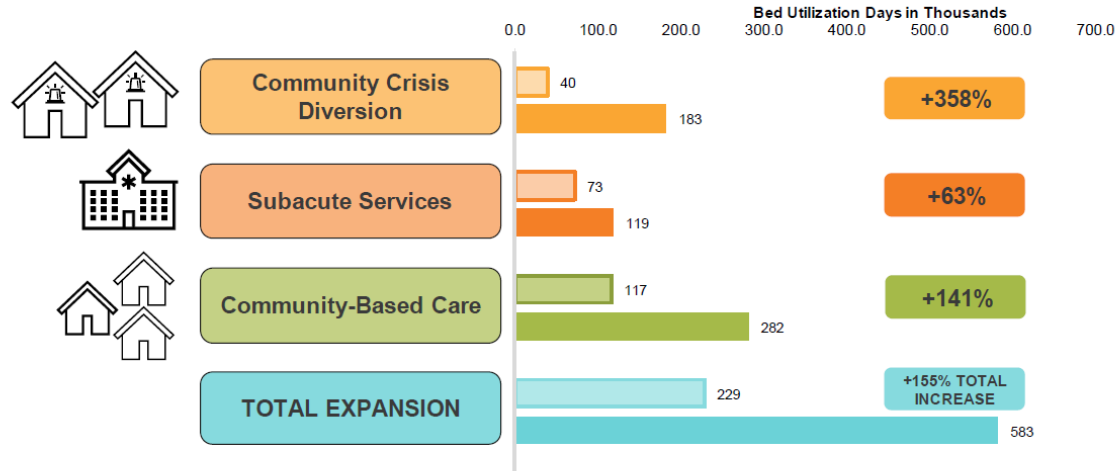

In California, counties are responsible for administering specialty mental health and substance use services to residents eligible for Medi-Cal. In order to optimize access to care and quality as a health plan, the County of San Diego Health and Human Services Agency, Behavioral Health Services (BHS) is required to maintain a local network of mental health and substance use services and providers that meets the needs of Medi-Cal beneficiaries. Recent work by BHS has sought to rebalance the entire care system using a more upstream approach that emphasizes prevention and connects people to care within least restrictive settings.

BEHAVIORAL HEALTH TREATMENT (GREEN OAK RANCH) (DISTRICTS: ALL)**

#### **OVERVIEW**

Homelessness, mental health, and addiction are some of the most pressing issues facing our region. Despite great strides taken to address these issues, we are a far cry from meeting the long-term needs of San Diego County's homeless population. According to the 2023 Point in Time Count, homelessness increased by 22%. A study conducted by UC San Francisco found that 82% of our homeless population has mental illness and/or substance use disorder.

## County Releases Recommended Budget

Overall, the recommended budget for 2024-25 totals \$8.48 billion, an increase of \$317.7 million or 3.9% over the 2023-24 adopted budget, with an emphasis on investments in key priorities while sustaining core services and efficiently managing the growth of staffing.

Almost half of the funding comes from federal and state governments, but that money must be used on certain programs. The rest comes from property taxes, fees for services and other sources.

**Behavioral Health:** Mental health and substance use support.

- More than \$1.1 billion in total investments for Behavioral Health Services.
  - \$28 million increase for substance use residential and outpatient services.
  - \$25 million to expand and support the public behavioral workforce which includes the development of a new training and tuition program.
  - \$15 million increase to implement Senate Bill 43 for Involuntary Behavioral Health treatment.
- More than \$9 million to provide services in the new Tri-City Psychiatric Health Facility in Oceanside.
- \$4 million increase for a total of \$11.1 million to address the opioid crisis.
- More than \$4 million for youth suicide prevention.

#### San Diego County Psychiatric Hospital Updates

##### **Leadership Change: Welcoming Angela Yu**

BHS is pleased to welcome Angela Yu as the Assistant Medical Services Administrator (AMSA) for Quality Assurance and Regulations. Angela has been with the County of San Diego for 10 years with her clinical focus being on regulatory requirements and quality management strategies for emergency psychiatric treatment and inpatient hospitalization. She holds a Bachelor of Science degree in Nursing and is a Registered Nurse who formerly served as a Charge Nurse at the San Diego County Psychiatric Hospital (SDCPH) where she excelled in that role within the emergency psychiatric unit (EPU) and subsequently promoted to a Quality Assurance Specialist. Angela is involved in multiple process improvement initiatives such as workplace violence reduction, and enhanced collaboration with law enforcement and service providers. She has been a key player in improving treatment planning, implementing the first Fall Reduction Committee, and leading the hospital's Quality Council Committee. Angela partners with department managers in developing action plans to enhance quality of care through evidence-based practice. Her strengths include relationship building, data analysis, project management and risk mitigation. She finds it incredibly motivating to use her data background in creating a safer environment for staff and patients.

## Conrad Prebys Clinical Supervision Program

### Overview

The **San Diego State University School of Social Work** is pleased to have the opportunity to provide **free clinical supervision** from a Licensed Clinical Social Worker (LCSW) to registered Associate Clinical Social Workers (ASWs) in San Diego County working in **youth behavioral health settings**.

This effort aims to (1) Increase and diversify the youth behavioral health workforce in the San Diego region and (2) Promote capacity building in organizations which currently have difficulty providing in-house clinical supervision to their ASW's.

Associate Clinical Social workers may benefit from this opportunity if:

- They do not have a clinical supervisor onsite at their place of employment.
- They are not getting enough weekly units of clinical supervision from their worksite.
- Their employer does not currently have enough LCSWs onsite to support the BBS required 1700 hours supervised under a LCSW.

Priority consideration will be given to individuals with language competencies and lived experience that equips them to address the diverse youth behavioral health needs in underserved communities in the greater San Diego County region.

Due to state regulations, we are not able to provide supervision to those working in private practice or professional corporation settings.

### Apply

Associates can apply for supervision directly at:  
<https://forms.gle/kiEvW96tLJCVCbME9> or by scanning the QR code to the right.
