On December 12, 1995, the County Board of Supervisors supported recommendations to transform the Children's Mental Health System. A Children's Mental Health Services System of Care Steering Committee was established; a Public, Private and Family partnership. In 2004, this committee evolved into the Children's Mental Health Services System of Care Council, a four sector partnership: Public, Private, Family and Education. ## BHS Children Youth and Families System of Care eLearning BHE0028

Upon completion of this eLearning, you will be able to describe how Children, Youth and Families division of Behavioral Health Services fits into the larger organization of San Diego County's Health and Human Services Agency, and describe the wide array of services delivered to the children, youth and families of San Diego. (No CEUS offered.)

**Update: Overview of AB 2083 eLearning (BHE0136) is now available**

San Diego's System of Care has long encouraged strong collaboration and robust discussions among teams of committed and dedicated partners all coming together to do the right thing for children and families. California Assembly Bill (AB) 2083, enacted in 2018, requires the creation of Memoranda of Understanding to formalize this collaboration for children and youth in foster care, especially those who have experienced severe trauma. In this course, you'll learn about AB 2083, its mandate for California counties, and the various partnerships and collaborations across the County of San Diego Children's System of Care that ensure we are meeting the needs of our children, youth, and families.

# COUNTY MISSION, VISION AND VALUES

## COUNTY OF SAN DIEGO

### VISION

A just, sustainable, and resilient future for all

### MISSION

Strengthen our communities with innovative, inclusive, and data-driven services through a skilled and supported workforce

### VALUES

Integrity, Equity, Access, Belonging, Excellence and Sustainability.

### THE GENERAL MANAGEMENT SYSTEM REIMAGINED

The County has reimagined its operational approach to planning and decision making by integrating the General Management System (GMS) with the strategic framework adopted by the Board of Supervisors.

It takes the GMS in a direction that is reflective of today's communities while preserving the core management principles of strategic planning, operational accountability, enterprise-wide collaboration, and employee connection.

At the core of the reimagined GMS is Community Engagement, based on the principle that all that we do should be for, and created in partnership with, the people we serve. The outer ring is included to reflect the core values of everything we do: integrity, equity, access, belonging, excellence and sustainability.

### VALUES

In recognition that "The noblest motive is the public good," we are dedicated to:

#### INTEGRITY

Earn the public's trust through honest and fair behavior, exhibiting the courage to do the right thing for the right reason, and dedicating ourselves to the highest standards of ethical conduct.

#### EQUITY

Apply an equity lens to appropriately design programs and services so that underserved communities have equitable opportunities. Using data driven metrics, lived experiences and the voices of our community we weave equity through all policies and programs.

#### ACCESS

Build trust with the residents we serve through transparent communication and neighborhood engagement that is accessible in the languages, facilities and methods that meet their needs.

#### BELONGING

Foster a sense of belonging, not just inclusion, for the people we serve and for the employees of the County who provide those services on a daily basis.

#### EXCELLENCE

Ensure exceptional service delivery to our customers by practicing fiscal prudence, encouraging innovation and leveraging best practices that promote continuous improvement to build strong, vibrant communities.

#### SUSTAINABILITY

Secure the future of our region, by placing sustainability at the forefront of our operations deeply embedded into our culture. Dedicate ourselves to meeting our residents' current resource needs without compromising our ability to meet the needs of generations to come.

**STRATEGIC INITIATIVES** provide the framework for the County to set measurable goals. These initiatives are designed to span the entire organization, break down silos, and extend across groups for all departments to see their work contributing to the overall success of the region.

#### SUSTAINABILITY:

##### Economy

## 2020 LIVE WELL SAN DIEGO 10-YEAR IMPACT REPORT EXECUTIVE SUMMARY

### A DECADE OF **HEALTHY, SAFE, AND THRIVING** COMMUNITIES

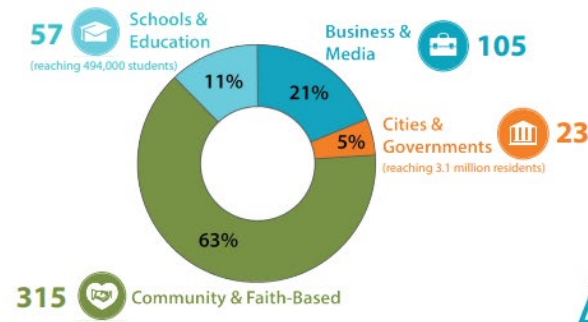

The *Live Well San Diego* vision began ten years ago with the goal of improving wellness for all 3.3 million residents living in San Diego County. Developed over the course of two years, through a robust community and stakeholder engagement process, the vision was a response to a startling statistic that found that throughout the nation and locally three behaviors (poor nutrition, lack of physical activity and tobacco use) were contributing to four diseases (heart disease/stroke, cancer, type-2 diabetes and respiratory conditions) that resulted in over 50% of the deaths in San Diego County (also known as 3-4-50).

Since it was initiated with the approval of the San Diego County Board of Supervisors on July 13, 2010, the vision has grown into a collective impact movement that is creating a better quality of life for all residents. As of December 3, 2020, **500 Recognized Partners have committed to the vision**, so that wherever you live, work, play or pray, an organization or individual is nearby working to improve your well-being and the health of your community.

**During the past decade, efforts in support of the vision have driven a 12% reduction in the percentage of deaths associated with preventable health threats (2007-2019).**

The full 2020 10-Year Impact Report can be found online and includes success stories and incredible impacts that partners have accomplished together over the past decade. Read the full report at [LiveWellSDAnnualReport.org](https://www.livewellsd.org/content/dam/livewell/2020-Annual-Report/2020-Impact-Report-Summary-FINAL.pdf).
