

Children, Youth and Families Behavioral Health System of Care Council Overview

History: On December 12, 1995, the County Board of Supervisors supported recommendations to transform the Children’s Mental Health System. A Children’s Mental Health Services System of Care Steering Committee was established, a Public, Private and Family partnership. In 2004, this committee evolved into the Children’s Mental Health Services System of Care Council, a four-sector partnership:

Public: This includes, but is not limited to, entities that represent local government: San Diego County Health and Human Services Agency (HHS): Behavioral Health Services, Behavioral Health Advisory Board, Homeless Solutions and Equitable Communities, Public Health Services, Medical Care Services, Child and Family Well Being (CFWB) Department, Office of Child Safety, CFWB Department - Office of Child and Family Strengthening - First 5 San Diego, and it also includes the County’s Public Safety Group - Juvenile Probation Department, and Juvenile Court.

Private: Includes the Children, Youth and Families (CYF) System of Care contracted providers. They are also organized with the Mental Health Contractors Association, Alcohol and Drug Providers Association, Fee-For-Service (FFS) Network, Healthcare - Pediatricians, Managed Care Health Plans, and the San Diego Regional Center.

Family: Youth and families who have lived experience receiving or who have received services from agencies serving children, and/or parents/caregivers of individuals that are receiving or have received services from agencies serving children.

Education: Representatives are usually also part of the Public Sector but represent Education. Constituencies represented in the Council are the Special Education Local Plan Area (SELPA), School Districts, Regular Education-Pupil Personnel Services, School Boards, Special Education, and the San Diego County Office of Education (SDCOE).

The Council serves in an advisory capacity to the Behavioral Health Services (BHS) Director, Dr. Luke Bergmann, and operates according to its by-laws adopted in March 2006 and last revised July 10, 2023.

Children, Youth and Families (CYF) Staff to the Council: Yael Koenig, BHS Deputy Director
CYF Administrative Support: Edith Mohler, Darwin Espejo, and Rhonda Crowder.

Children, Youth and Families Behavioral Health System of Care Council, Vision, Mission, and Principles:

In 2010, the principles were updated and refined to complement the Live Well, San Diego! initiative (Currently, Live Well vision). In 2016, the Trauma Informed principle was added. In 2017, an Ad Hoc Sub-Committee started working on adding the Persistence principle and completed further refinements to align with the BHS Ten Year Roadmap [Board Letters: January 26, 2016 (06) and July 19, 2016 (07)]. The current CYF System of Care Principles document was unveiled on May 14, 2018.

Council Vision: Wellness for children, youth and families throughout their lifespan.

Council Mission: Advance systems and services to ensure that children and youth are healthy, safe, lawful, successful in school and in their transition to adulthood, while living in nurturing homes with families.

Council Principles:

1. **Collaboration of four sectors:** Coordination and shared responsibility between child/youth/family, public agencies, private organizations, and education.
2. **Integrated:** Services and supports are coordinated, comprehensive, accessible, and efficient.
3. **Child, Youth, and Family Driven:** Child, youth, and family voice, choice, and lived experience are sought, valued, and prioritized in service delivery, program design and policy development.
4. **Individualized:** Services and supports are customized to fit the unique strengths and needs of children, youth and families.
5. **Strength-based:** Services and supports identify and utilize knowledge, skills, and assets of children, youth, families, and their community.
6. **Community-based:** Services are accessible to children, youth and families and strengthen their connections to natural supports and local resources.
7. **Outcome driven:** Outcomes are measured and evaluated to monitor progress and to improve services and satisfaction.
8. **Culturally Competent:** Services and supports respect diverse beliefs, identities, cultures, preference, and represent linguistic diversity of those served.
9. **Trauma Informed:** Services and supports recognize the impact of trauma and chronic stress, respond with compassion, and commit to the prevention of re-traumatization and the promotion of self-care, resiliency, and safety.
10. **Persistence:** Goals are achieved through action, coordination, and perseverance regardless of challenges and barriers.
