Overview

Access and Eligibility for Services

County of San Diego (County) funded behavioral health services are intended for children and youth who are either experiencing a behavioral health crisis (such as depression, suicidal thoughts, extreme anxiety, or substance use) or who require behavioral health services in order to function in school, at home, or in the community. Generally, services are available for Medi-Cal beneficiaries and low-income children and youth, up to age 21. All services are rendered without regard to race, color, creed, or disability. Individuals and professionals can directly contact any of the resources listed in this directory. However, it should be noted that, in some cases, access to services is managed through specific procedures and may be designed for certain special populations. Where possible, this information has been included in this directory. If in doubt about eligibility or how to access services, please contact the Access and Crisis Line at (888) 724-7240.

Access to Language Services

Clients have a right to free language assistance in a language they understand. Clients shall be provided interpreter services as a part of their therapeutic services. However, clients have the option to use a family member or a friend as their interpreter. The client is not expected to provide their own interpreter. All Behavioral Health Services (BHS) programs have access to interpreter services.

Fees and Funding

Behavioral health services provided through the County are financed through Medi-Cal, the Mental Health Services Act (MHSA) transitioning to Behavioral Health Services Act (BHSA) on July 1, 2026, patient fees (when applicable), County-general funds, State funds, and specialized grants. In most instances, fees for services are fully covered for full scope Medi-Cal beneficiaries and unfunded individuals. When applicable, fees for services are based on income and the number of family members in the home. This Uniform Method for Determining Ability to Pay (UMDAP) is mandated by the State. Medi-Cal, Medicare, and other insurance coverage will be considered in determining an individual's monthly payment. *No person who otherwise qualifies for services will be turned away.*

Organizational Providers & Fee for Service Network

Organizational providers serve children and youth through a network of comprehensive programming and multidisciplinary clinical teams. The Fee-for-Service network is comprised of individual practitioners who primarily offer office-based and/or telehealth services. Both networks can be accessed through the Access and Crisis Line (ACL) by calling (888) 724-7240.

Medi-Cal Managed Care Plans

Medi-Cal Managed Care Health Plans cover behavioral health services for members who do not qualify for Medi-Cal Specialty Mental Health Services covered by the County. Each Medi-Cal Managed Care Health Plan has its own network of contracted behavioral health providers. Medi-Cal beneficiaries may contact their health plan directly.

Provides a safe space and additional resources to support mental health.

Resources

CYBHI | Take Space to Pause

[CYBHI | Take Space to Pause](#)

California Department of Public Health (CDPH) launched Take Space to Pause, a statewide campaign made for teens and by teens that will focus on reducing self-stigma surrounding youth mental health challenges and promoting positive ways to seek help.

Live Beyond ACEs!

[Live Beyond ACEs!](#)

Learn about Adverse Childhood Experiences (ACEs) and toxic stress and find ways to start healing through Live Beyond ACEs!

Mirror | Your Private Space to Self-Reflect

[Mirror | Your Private Space to Self-Reflect](#)

Mirror is a free mental health journaling app for your thoughts and feelings. Write it, film it, or record it – it's all safe and secure.

Teen Line | Teens Support hotline - Connect, talk, get help!

[Teen Line | Teens Support Hotline](#)

Teen Line is an anonymous, nonjudgmental space for youth. Through our hotline, teens can access personal peer-to-peer support from highly trained teens supervised by adult mental health professionals.

County of San Diego, Student Mental Health Resources

[Student Mental Health Resources](#)

Student Mental Health Resources is designed for students to access various virtual resources that focus on promoting wellness and support. Featured resources are free and can be accessed directly by students. Geared towards teens and young adults, the site offers an array of online as well as one on one interactive resources. In accordance with [SB 1063](#), student ID cards may contain the QR code that leads to the site.

Resources

County of San Diego, HHSA, Child and Family Well-Being (CFWB) Department

[Child and Family Well-Being \(sandiegocounty.gov\)](https://www.sandiegocounty.gov)

The Child and Family Well-Being (CFWB) Department integrates the [First 5 Commission](#) of San Diego and [Child Welfare Services](#), along with the childcare system and other essential resources for families, to reimagine prevention and protection services to create a partnership that shifts our traditional approach to child protection.

County of San Diego, Public Health Services

[Public Health Services \(sandiegocounty.gov\)](https://www.sandiegocounty.gov)

Public Health Services (PHS) works to promote health and improve quality of life by preventing disease, injury and disability, and by protecting against, and responding to, health threats and disasters. PHS consists of six programmatic branches including:

[California Children's Services](#)
[Epidemiology & Immunization Services](#)
[HIV, STD & Hepatitis Branch](#)

[Maternal, Child & Family Health Services](#)
[Public Health Preparedness and Response](#)
[Tuberculosis Control and Refugee Health](#)

San Diego Regional Center

[SDRC | San Diego Regional Center](#)

The San Diego Regional Center provides a variety of services to persons with developmental disabilities and their families. Services are based on the client's individual needs and intended to maximize their independence, full potential, and quality of life.

Any San Diego or Imperial County resident believed to have a developmental disability may apply for services. Eligibility is determined by the social, medical, and psychological information gathered during the intake process.

Commercial Insurance (non-Medi-Cal)

[California Senate Bill 855 – Understanding SB 855](#)

The California Senate Bill 855 (SB 855), effective January 1, 2021, guarantees your right to timely, medically necessary treatment for mental health and substance use disorders. This law ensures that state-regulated health insurance plans cannot deny access to behavioral health care based on cost-saving policies or outdated criteria.

Resources - Pregnant & Early Parenting

Pregnancy, childbirth, and caring for an infant bring major life changes. They create great anticipation, joy, and excitement, and can be times of stress and uncertainty. For some new parents, education on parenting skills and support from healthcare professionals and peers can make a meaningful difference in their comfort level and confidence. Some new parents experience mental health challenges such as peripartum depression and anxiety and would benefit from connection to specialized treatment services. San Diego County offers outpatient and residential services for substance use disorder (SUD) treatment (see Perinatal Services section).

The following are some of the available resources through various entities including the County for pregnant and early parenting families. Additional resource recommendation can be forwarded to Janette.Magsanoc@sdcountry.ca.gov for future revision.

Provider Directories

Behavioral Health Services Provider Directory

[County of San Diego Provider Service Directory](#)

Specialty Mental Health Services and Drug Medi-Cal Organized Delivery System (DMC-ODS) are provided through the County of San Diego Mental Health Plan, which are separate from your physical health care. The Mental Health Plan is committed to providing quality mental health and DMC-ODS services to eligible adults, older adults, and children experiencing serious and persistent mental health problems and or substance use disorder issues. The County of San Diego Behavioral Health Services Provider Directory is a comprehensive guide to mental health and Drug Medi-Cal services across the county.

Fee-for-Service Network Directory

[Fee-For-Service Provider Directory \(optumsandiego.com\)](#)

Information for County of San Diego behavioral health providers. The County of San Diego Fee-for-Service (FFS) Network is a group of providers licensed independently to provide mental health treatment services in private practice to Medi-Cal beneficiaries. Optum Public Sector San Diego is the Administrative Services Organization that manages the FFS Network. The Fee for Service provider directory lists available providers and services offered by the County of San Diego through the network.

Regional SchoolLink Services Directory

[School-based Services/SchoolLink](#)

County of San Diego's Behavioral Health Services (BHS) in the Central and North Central, East, North Coastal, North Inland and South regions, inclusive of school-based support, as well as regional lists of outpatient clinics and countywide specialty programs.

The County Behavioral Health Services Department is interested in your input on how the directory can be improved. Are there any features and elements that would make it easier to use?

Please provide all input to Janette.Magsanoc@sdcounty.ca.gov

Crisis and Acute Care

Crisis services include emergency psychiatric care and crisis intervention counseling. Programs that serve children, youth and their families in crisis and are able to respond quickly to urgent needs such as support, information, counseling, medication, and referral to other resources. Hospitalization or inpatient psychiatric care is for mental health emergencies and situations that require intensive supervision for individuals who are a danger to self, dangers to others or gravely disabled.

Residential - Mental Health

Short-Term Residential Therapeutic Programs (STRTP)

STRTPs are licensed by the California Department of Social Services and are provided a Mental Health Program Approval by the California Department of Health Care Services (DHCS). STRTPs are residential facilities that provide an integrated program of specialized and intensive care and supervision, services and supports, specialty mental health services, and 24-hour care and supervision to children. Placing agencies primarily include Child and Family Well-Being Services (CFWB), Juvenile Probation, and Regional Centers.

Emergency Shelter - Polinsky Children’s Center (PCC) Outpatient Services

A temporary shelter for children who have been placed in protective custody for their safety. Short-term treatment and crisis intervention services as well as support in transitioning to community-based mental health treatment after discharge.

Community Treatment Facility (CTF) / Psychiatric Health Facility (PHF)

Mental health services are available 24 hours a day, 7 days a week in a secure environment with oversight by DHCS.

Outpatient Clinical Services - Inclusive of SchoolLink

The following organizations operate various community-based clinics throughout the county as well as offering services at designated school site(s), known as SchoolLink. SchoolLink is partnership between the County and local school districts to provide behavioral health services at schools. Services can be provided during or outside of school hours, on campus or in a community setting, and are based on the student's and family's needs.

Day School services are provided to children and youth identified through an Individualized Education Program (IEP) or school district process as needing a Special Education Classroom setting or school environment to be successful in school. Services are intensive and flexible to meet the needs of the client and assist in transitioning into a less restrictive classroom setting. Services are embedded within existing school settings.

The Regional School Directory can be found at [Service Directories](#)

More information on SchoolLink can be found at [School-based Services/SchoolLink](#)

For SchoolLink Substance Use Disorder (SUD) specific resources, see Outpatient - Teen Recovery Centers (TRC) section.

Juvenile Justice - Specialty Programs

The County Behavioral Health Services (BHS) Department, the Probation Department, the courts, and other justice partners coordinate services to ensure that youth who have behavioral health needs receive services from a wide range of services and support within the System of Care. Behavioral health services are available to youth who are in Probation detention facilities as well as to youth upon release from a juvenile facility to assist with their transition back to the community.

See the Teen Recovery Center (TRC) section, as well as the Residential section for mental health and substance use disorder programming.

Early Intervention (EI)

Regional county services that provide early intervention to children and youth in the community and in school settings. Services focus on addressing developmental social emotional needs as they emerge. These services also utilize a culturally appropriate Family Community Partnership (FCP) model utilizing parent-peer partners.

County Operated Programs

These include three programs with licensed clinical behavioral health teams.

Continuum of Care Reform (CCR)

The County CCR Team provides oversight and accountability of the BHS components of CCR in San Diego County and provide technical assistance to the system of care, including attendance at the Interagency Placement Committee (IPC) meetings, and other collaboration within the implementation of CCR across BHS, Child and Family Well-Being (CFWB), and Probation.

The Qualified Individual (QI) Assessment Process was initiated on October 1, 2021, and identified County clinicians as QI Assessors. The QI is required to conduct an assessment prior to CFWB or Probation Department placing a youth in an STRTP, to determine the child's behavioral health needs and goals and make determinations regarding whether the child's needs can be met with family members or in a family setting, and, if not, the most appropriate level of care, interventions, and treatment for the child. Through the QI process & in collaboration with the Child & Family Team (CFT), a guidance for STRTP or a home-based setting is made by assessing clinician.

Pathways to Well-Being (Pathways)

The County Pathways to Well-Being (PWB) Team provides ongoing technical assistance through on-site and virtual program outreach to BHS-contracted mental health treatment providers to ensure that youth who have more intensive needs and/or whose treatment require cross agency collaboration have an identified Child and Family Team (CFT) and receive Intensive Care Coordination (ICC), and if recommended and agreed upon by the CFT, Intensive Home-Based Services (IHBS). BHS, Child and Family Well-Being (CFWB), Probation, and family & youth partners have worked collaboratively to develop a shared vision to meet the Katie A. settlement requirements and expansion of services outlined in the California Medi-Cal Manual for ICC, IHBS, and Therapeutic Foster Care (TFC) Services for Medi-Cal members.

As of January 1, 2023, Medi-Cal Managed Care Plans (MCPs) utilize the Department of Health Care Services (DHCS) developed Transition of Care (TOC) tool for all Medi-Cal members requiring transition between service delivery systems. The TOC tool leverages existing clinical information to document an individual's mental health needs and facilitate a referral to the individual's MCP or county Behavioral Health Plan (BHP) network. Oversight of linkage to a BHS provider is facilitated by the County PWB Team and is essential to ensure that children and youth who experience a change in their service needs, or need services added to their existing behavioral health treatment have their services transitioned seamlessly from the MCP to the BHP network.

Next Move

Next Move is a community-based outpatient program that provides behavioral health services to youth up to age 21 who have been involved with the justice system, inclusive of those transitioning out of juvenile detention facilities. This program also supports youth who are at risk of becoming involved with the justice system. Next Move is part of the Department of Health Care Services [Justice-Involved Initiative](#) Behavioral Health Links. The Next Move services are provided at the two locations listed below. Services via telehealth or video call can also be requested:

- For South, Southeast San Diego at the **Southeastern Live Well Center**
- For North Coastal, Oceanside at the **North Coastal Live Well Health Center**

Referrals to Next Move can be made by anyone, including Probation, the Court, schools, or caregivers. For more information, call Next Move at 1-858-351-6400.

To make a referral:

1. Call Next Move at 1-858-351-6400.
2. Complete the [referral form](#).
3. Fax the referral form to 1-619-399-3724 or securely email the referral form to BHS.NextMoveProgram.HHSA@sdcounty.ca.gov.

Child and Family Well-Being - Specialty Programs

Includes programs specializing in the treatment of youth involved in the Child and Family Well-Being system. The entire CYF network of services is available to CFWB youth, but these programs were designed with consideration of the complex needs of youth involved in CFWB, who may be placed in foster care, seeking reunification with biological family members, or a caregiver working towards case plan goals with a CFWB worker. These programs are also found in other corresponding sections. STRTPs see Residential - Mental Health section.

Early Childhood Programs (0-5 years)

The first 5 years of life are crucial to healthy growth and development. The County of San Diego and communities across San Diego work collaboratively to offer early childhood programming throughout the region. The importance of early childhood programs lies in their ability to address critical developmental needs, provide high quality care and education, and offer comprehensive support for young children and families. These programs lay a solid foundation for children’s success in school and life. Additionally, early childhood programs play a vital role in early detection of developmental delays or learning challenges, enabling timely interventions and support to maximize each child’s potential.

Fee For Service (FFS)

The County of San Diego FFS Network is a group of providers licensed independently to provide mental health treatment services in private practice settings to Medi-Cal beneficiaries. Optum Public Sector San Diego is the Administrative Services Organization that manages the FFS Network. The [Fee for Service Provider Directory](#) lists available providers and services offered by the County of San Diego through the FFS Network.

Treatment and Evaluation Resource Management (TERM)

Treatment and Evaluation Resource Management (TERM) is a mental health program under the direction of the County of San Diego Board of Supervisors and is operated by Optum Public Sector San Diego through a contract with County of San Diego Behavioral Health Services Department serving Child and Family Well-Being or Probation clients and youth involved in the juvenile justice system with a commitment to improving outcomes for these clients.

The purpose of the program is to provide independent oversight of mental health services for children in the dependency and delinquency systems; with the mission of providing flexible services that are designed to meet and build upon the unique needs, strengths and potential of each youth and family.

Parents and guardians receiving services through TERM are provided with:

- Behavioral Health Assessments
- Individual Therapy, Group Therapy, and/or Family Therapy
- Psychological/Psychiatric Evaluations as deemed appropriate to address their individual needs, to facilitate a whole family approach to health and wellness.

Optum is responsible for developing, maintaining and contracting a network of TERM providers. Providers offer an array of services in each region and strengthen family and youth connections to neighborhood and local community resources.

[Click Here for Optum's website for TERM Providers](#)
