**County of San Diego
Children, Youth and Families Behavioral Health
System of Care Council
Vision, Mission, and Principles**

Council Vision:

Wellness for children, youth and families throughout their lifespan.

Council Mission:

Advance systems and services to ensure that children and youth are healthy, safe, lawful, successful in school and in their transition to adulthood, while living in nurturing homes with families.

Council Principles:

1. **Collaboration of four sectors:** Coordination and shared responsibility between child/youth/family, public agencies, private organizations and education.
2. **Integrated:** Services and supports are coordinated, comprehensive, accessible, and efficient.
3. **Child, Youth, and Family Driven:** Child, youth, and family voice, choice, and lived experience are sought, valued and prioritized in service delivery, program design and policy development.
4. **Individualized:** Services and supports are customized to fit the unique strengths and needs of children, youth and families.
5. **Strength-based:** Services and supports identify and utilize knowledge, skills, and assets of children, youth, families and their community.
6. **Community-based:** Services are accessible to children, youth and families and strengthen their connections to natural supports and local resources.
7. **Outcome driven:** Outcomes are measured and evaluated to monitor progress and to improve services and satisfaction.
8. **Culturally Competent:** Services and supports respect diverse beliefs, identities, cultures, preference, and represent linguistic diversity of those served.
9. **Trauma Informed:** Services and supports recognize the impact of trauma and chronic stress, respond with compassion, and commit to the prevention of re-traumatization and the promotion of self-care, resiliency, and safety.
10. **Persistence:** Goals are achieved through action, coordination and perseverance regardless of challenges and barriers.

County of San Diego

Children, Youth and Families Behavioral Health System of Care Council (CYFBHSOCC or the Council)

COUNCIL OVERVIEW

History: On December 12, 1995, the County Board of Supervisors supported recommendations to transform the Children's Mental Health System. A Children's Mental Health Services System of Care Steering Committee was established, a Public, Private and Family partnership. In 2004, this committee evolved into the Children's Mental Health Services System of Care Council, a four-sector partnership:

Public: This includes, but is not limited to, entities that represent local government: San Diego County Health and Human Services Agency (HHSA): Behavioral Health Services, Behavioral Health Advisory Board, Child Welfare Services, HHSA regions, and Public Health Services. It also includes the County's Public Safety Group - Juvenile Probation Department, Juvenile Court; and First 5 San Diego.

Private: Includes the Children, Youth and Families (CYF) System of Care contracted providers. They are also organized with the Mental Health Contractors Association, Alcohol and Drug Providers Association, Fee- For-Service Network, Healthcare-Pediatricians, Managed Care Health Plans, and the San Diego Regional Center.

Family: Youth and families who have lived experience receiving or who have received services from agencies serving children, and/or parents/caregivers of individuals that are receiving or have received services from agencies serving children. This sector includes the CYF Family Youth Liaison).

Education: Representatives are usually also part of the Public Sector but represent Education. Constituencies represented in the Council are the Special Education Local Plan Area (SELPA), School Districts, Regular Education-Pupil Personnel Services, School Boards, Special Education, and the San Diego County Office of Education (SDCOE).

The Council serves in an advisory capacity to the Behavioral Health Services (BHS) Director, Dr. Luke Bergmann, and operates according to its by-laws adopted in March 2006 and last revised July 1, 2021.

Children, Youth and Families (CYF) Staff to the Council: Yael Koenig, Deputy Director, Children, Youth and Families.

CYF Administrative Support: Edith Mohler, Darwin Espejo, and Dina Ali.

Children, Youth and Families Behavioral Health System of Care Council, Vision, Mission, and Principles:

In 2010, the principles were updated and refined to complement the Live Well, San Diego! initiative (Currently, Live Well vision). In 2016, the Trauma Informed principle was added. In 2017, an Ad Hoc Sub-Committee started working on adding the Persistence principle and completed further refinements to align with the BHS Ten Year Road map. The revised document was unveiled on May 14, 2018.

Council Vision:

Wellness for children, youth and families throughout their lifespan.

Council Mission:

Advance systems and services to ensure that children and youth are healthy, safe, lawful, successful in school and in their transition to adulthood, while living in nurturing homes with families.

Council Principles:

1. **Collaboration of four sectors:** Coordination and shared responsibility between child/youth/family, public agencies, private organizations, and education.
2. **Integrated:** Services and supports are coordinated, comprehensive, accessible, and efficient.
3. **Child, Youth, and Family Driven:** Child, youth, and family voice, choice, and lived experience are sought, valued, and prioritized in service delivery, program design and policy development.
4. **Individualized:** Services and supports are customized to fit the unique strengths and needs of children, youth and families.
5. **Strength-based:** Services and supports identify and utilize knowledge, skills, and assets of children, youth, families, and their community.
6. **Community-based:** Services are accessible to children, youth and families and strengthen their connections to natural supports and local resources.

Children, Youth and Families Behavioral Health System of Care Council Bylaws

Article One Name

The name of this organization shall be the CHILDREN, YOUTH AND FAMILIES BEHAVIORAL HEALTH SYSTEM OF CARE COUNCIL (also known as CYFBHSOC or the Council).

Article Two Powers and Duties

The powers and duties of the Council shall be set forth by Behavioral Health Services (BHS) Administration, a division of the Health and Human Services Agency (HHSA). The Council reports to the Behavioral Health Services Director (BHS Director). The Council serves in an advisory capacity to the BHS Director. However, the Council, as needed, can brief the HHSA Director and/or staff on children's behavioral health developments/issues. The Council is charged by the BHS Director to perform the following functions:

- Provide community oversight for the integrity of all services and advancement of all aspects of the system of care;
- Provide advice and feedback related to the progress and future expansion of the CYFBHSOC; and
- Provide information and recommendations to the BHS Director.

Article Three Membership

Membership on the Council is via appointment by the BHS Director through recommendations of each sector. The Council provides an opportunity for all four sectors (Education, Family/Youth, Provider, Public) to have a voice in policy development and implementation of the System of Care. Members will be appointed from the following:

Constituencies	Seats
Behavioral Health Advisory Board	1
Behavioral Health Services	1
Public Safety Group/Probation	1
Child Welfare Services	1
HHSA Regions / Representation	1
Public Health	1
Juvenile Court	1
First 5 Commission	1
Special Education Local Plan Areas (SELPA)	1
Regular Education - Pupil Personnel Services	1
School Board	1
Special Education	1
San Diego Regional Center for Developmentally Disabled	1
Alcohol and Drug Services Provider Association (ADSPA)	2
Mental Health Contractors Association (MHCA)	2

Fee For Service Network	1
Healthcare/Pediatrician	1
Family and Youth Liaison	1
Caregiver of child/youth served by the public health system	1
Youth served by the public health system (age up to 26)	2
Managed Care Health Plan	1

Membership shall be limited to 24 voting members. Each member/sector will also designate an “alternate,” a person to act on behalf of the regular member when the regular member is unavailable. Alternates retain voting privileges only when the regular member is not present. CYFBHSOCC members serve two-year terms, which may be renewed at the discretion of the BHS Director. Terms will begin in July, and be staggered with half of the membership rolling over one year, and the other half the next, to avoid enlisting an entirely new slate at one time.

Current CYFBHSOCC members and alternates shall have access to the trainings provided by the BHS training contractor. To gain access, a written request shall be submitted to Council staff for processing.

Council members from the Youth served by the public health system constituency, who complete an application for the annual California Mental Health Advocates for Children and Youth (CMHACY) conference scholarship, shall be given priority status for scholarship award.

Article Four Vacancies

Any vacancy in any seat on the Council shall be filled by appointment by the BHS Director. When a vacancy occurs, an analysis shall be conducted by the BHS Director/designee as to the current composition of the Council and what constituency requires additional representation. The BHS Director/designee shall recruit potential members from the constituency groups listed in Article Three, taking into consideration what is needed to represent demographics (gender, ethnicity, and age) of the County as a whole to the extent feasible. The Council should reflect the ethnic diversity of the client population in the county. The BHS Director formally appoint the member via letter to the member of the Council.

Article Five Quorum

A quorum shall be defined as one person more than one half of the appointed members. Alternates may be included in the quorum count if they are providing voting representation for the regular member. The definition of appointed members excludes unfilled positions and those vacated by resignation or removal.

Article Six Meetings

The CYFBHSOCC co-chairs will determine the frequency, times and locations for the Council meetings at the beginning of each committee year, July 1. Changes to the prevailing meeting schedule will be communicated to members no later than the meeting immediately preceding the changed meeting date. Meetings shall convene promptly at the scheduled time.

Agendas: Agendas are prepared by the Executive Sub-committee in consultation with the BHS Deputy Director or designee. Members advise the co-chairs in advance of the proposed agenda items. Agendas are forwarded to Council members, alternate and attendees in advance of the Council meeting.

Meeting Summary: County administrative staff completes and maintain the CYFBHSOCC Meeting Summary documentation. Meeting summaries are distributed to CYFBHSOCC members in advance of the next regularly scheduled meeting and are posted on the County website.

Article Seven **Officers**

The business of the Council is organized and managed through two co-chairs. The co-chairs are identified by the sector responsible for chairing the upcoming serving term, with the identified co-chair starting to serve in the month of July.

The co-chairs are named from the four sector partnership of the System of Care – Education, Families/Youth, Providers, and Public Agencies, and should not represent the same constituency during any term. The co-chairs serve for two-year terms on a rotating basis, and alternating so there is always one serving their first and the other serving their second term year.

The co-chairs are responsible for the development and preparation of the meeting agendas and for obtaining briefings on progress and activities from the BHS Director/designee. County Administrative staff provides support to the co-chairs and to activities of the Council, including meeting notices, meeting summaries, and coordination.

Article Eight **Sub-Committees**

The CYFBHSOCC has a “standing” sub-committee, the Executive Sub-Committee, tasked to follow up on current SOC principles and recommend a process to ensure relevancy to current realities and challenges which includes the development of sub-committees and task forces in order to complete its business, as well as the pausing or retirement of sub-committees that are no longer needed. Sub-committees submit bi-annual written report to the CYFBHSOC Council.

Each sub-committee shall appoint or elect a chair or co-chairs. The chairs of the sub-committees are then members of the Executive Sub-Committee. The chairs of the sub-committees may be members of the Council, however if the individual serving in the capacity of chair or co-chair of a sub-committee is not a member of the Council, they become a member, ex officio (without vote), of the Council.

Article Nine **Voting and Consensus**

The CYFBHSOCC strives to achieve consensus on all decision matters. In the absence of full consensus, any item put to vote will be approved by a simple majority of those present. A quorum of the CYFBHSOCC must be present in order for a vote to be taken on any motion brought to the CYFBHSOCC.

Motions put to the CYFBHSOCC for vote should include the following information:

- Concise statement of the issue for vote;
- Purpose for the vote (e.g., recommendation to the Director, or change in bylaws); and
- Action to be taken pursuant to the vote.

The Council votes by show of hands on all action items brought before the Council for decision. The majority voice carrying the decisions is noted in the corresponding meeting summary. Vote counts are not required.

Members opposing the outcome of a closely contested vote may request permission to submit a “minority opinion” into the record of the vote. Opposing members have two working days from the date of the vote to submit their minority opinion, in writing, to the co-chairs for inclusion in the official meeting summary of the CYFBHSOCC.

Only members of the Council, or alternates attending in place of the delegated member, are eligible to vote. Alternates attending in addition to the regular member are not eligible to vote and do not count in the Quorum determination.

Article Ten **Member Conduct**

Conduct of members of the CYFBHSOCC is guided by these principles:

- Courtesy and respect for the customs and beliefs of others, consistent with the mission and philosophy of the System of Care and the Council;
- Respect for the confidential nature of information used by the CYFBHSOCC to conduct its business;
- Conduct in all relationships that ensures decisions are not compromised by any conflict of interest;
- Use of sound, ethical management practices in all CYFBHSOCC activities;
- Continuous striving to provide quality service to the CYFBHSOCC, the System of Care, and the children and families it serves.

Article Eleven **Ratification and Amendments**

These bylaws may be reviewed and updated annually by the CYFBHSOCC meeting.

Changes or amendments to these bylaws must be submitted in writing to the co-chairs and the BHS Director/designee for review and consideration. The CYFBHSOCC co-chairs will have final determination if the amendment will be put to vote by the entire CYFBHSOCC. The Council may, by a two-thirds (2/3) vote, adopt amended bylaws at any CYFBHSOCC meeting provided notice has been given at the prior meeting or at least thirty (30) days written notice has been given to the CYFBHSOCC membership.

County of San Diego
Children, Youth and Families Behavioral Health System of Care Council Goals and Accomplishments

Council Vision: Wellness for children, youth and families throughout their lifespan.

Council Mission: Advance systems and services to ensure that children and youth are healthy, safe, lawful, successful in school and in their transition to adulthood, while living in nurturing homes with families.

Fiscal Year 2021-22 Goals

- Promote the Live Well San Diego Vision and Board of Supervisors Framework for Our Future, recognizing the Pandemic and Racial Justice context, while considering population health and social determinants of health.
 - Support the Live Well San Diego Youth Sector
 - Support the County Substance Use Harm Reduction Strategy
- Evaluate the System of Care and advocate for needed adjustments with recognition of the economic effects of the pandemic and impacts on children, youth, and perinatal recipients.
- Contribute to Behavioral Health Services efforts inclusive of Behavioral Health Continuum of Care; Children’s Hub; housing needs; and mobile crisis response.
- Through the CYF Council, provide input for Mental Health Services Act (MHSA) Community Engagement events and BHS Forums.
- Educate about other systems’ priorities and look for opportunities to align efforts to best impact positive system changes.
- Focus on system integration and moving beyond coordination with other child servicing systems, as promoted by Assembly Bill (AB) 2083 mandates.
- Continue the partnership with Child Welfare Services (CWS) and Juvenile Probation supporting various activities inclusive but not limited to:
 - Families First Prevention Services Act (FFPSA)
 - Qualified Residential Treatment Programs (QRTP)
 - Qualified Individual (QI)
 - Institution for Mental Diseases (IMD) Determination
 - Senate Bill (SB) 823 – Division of Juvenile Justice (DJJ)
- Continue to advance effective utilization of telehealth while contributing and promoting best practices.
- Advance the Drug Medi-Cal Organized Delivery System (DMC-ODS) – Year-Four
- Continue with the collaboration with the education sector to support students, including but not limited to areas of suicide prevention and universal screening.
- Contribute to local mapping of SB 803 for Medi-Cal Peer Support Certification Program implementation at the State and local level.
- Emphasize the importance of Early Childhood Mental Health, specifically prevention, early intervention, Adverse Childhood Experiences (ACEs), and resiliency.
- Contribute to the delivery of the 12th Annual Early Childhood Conference – We Can’t Wait! (virtual): Emerging from COVID, Conflict and Chaos: Creating a Resilient Future for Our Children (September 2021).
- Support the newly established Second Annual Birth of Brilliance conference that focuses on racial equity (February 2022).
- Collaborate on the delivery of the 7th Critical Issues in Child and Adolescent Mental Health – Managing Change in a Changing World conference (March 2022).
- Identify focus area for the Annual CYF System of Care Conference (May 2022).
- Deliver the 8th Annual Youth Mental Health Well Being Celebration in May 2022.

County of San Diego
Children, Youth and Families Behavioral Health System of Care Council Goals and Accomplishments

Highlights of Fiscal Year 2020-21 Accomplishments

- **Promoted Live Well San Diego Vision within the Pandemic, and Racial Justice context, while considering population health and social determinants of health**
 - CYF through the CYF Liaison contract with NAMI-San Diego, coordinated the 7th Annual Youth Mental Health Well-Being Celebration on Friday, May 7, 2021. Due to COVID-19, the event was held virtually. The celebration theme/focus was: “Flipping the Script on Mental Health”. One of the highlights of the event was the presentation of a Proclamation by Chair Nathan Fletcher Honoring Children’s Mental Health Awareness Day.
 - An array of trainings and conversations were held throughout the system to address current relevant issues related to pandemic and racial and social justice.
 - Birth of Brilliance, Challenging Us to Create Racial Equity in Early Childhood inaugural conference held February 25, 2021.
 - California Mental Health Advocates for Children and Youth (CMHACY) Annual conference: Non-Negotiable Demanding Social Justice & Racial Equity in Our Systems of Care (April 28-29, 2021).
 - Analyzed early pandemic treatment services impacts for children, youth and perinatal population to see trends and inform service delivery; which lead to further dialog and best practices around outreach and engagement.
 - Developed a System of Care Pandemic report to evaluate mental health treatment needs and impact as well as identify best practices and interventions.
 - Leveraged Coronavirus Aid, Relief, and Economic Security (CARES) Act funding to offer outdoor activities (Out and About) for kids throughout San Diego.
 - Partnered with the City of San Diego Parks and Recreation to implement the Come Play Outside program with a wide variety of outdoor activities.
- **Evaluated the System of Care and advocated and responded to shifting needed adjustments with recognition of the economic effects of the pandemic and impacts on children, youth, and perinatal recipients (responded to shifting needs)**
 - Remote learning was initiated through the schools and behavioral health service delivery was adjusted to incorporate telehealth. In August 2020 SchoolLink was updated to include a COVID-19 Best Practices module and updated flyers.
 - Service providers worked with the community and service partners to ensure awareness that treatment services continued to be available. Providers adjusted their service delivery models; provided more frequent check-ins, additional case management services, and enhanced care coordination.
 - Many services, such as the School-Based Prevention and Early Intervention programs collaborated and adjusted the Incredible Years program requirements to increase service delivery and participation.
 - Teen Recovery Centers (TRC): with the emergence of the COVID-19 pandemic and the subsequent shift to remote learning, school-based referrals to the TRC were significantly impacted. TRC programs recognized and responded to the increased need for support to clients and families related to stress from COVID-19 in various ways including shifting to providing telehealth services and supplemented their programming with additional case management and outreach to youth and their families to meet their basic needs and maintain engagement in treatment.
 - Perinatal services: experienced a significant impact from the COVID-19 pandemic on all service levels. Shifts in operations were implemented to maintain access to needed services in the face of an ever-changing environment, including school closures, challenges in accessing food and other basic necessities, and the need for infection precautions in transportation as well as in service delivery. Like all service providers, the perinatal system began to utilize telehealth while also making in-person services available following social distancing and safety precautions. In residential care, adjustments to the physical space within facilities to allow for social distancing.

County of San Diego
Children, Youth and Families Behavioral Health System of Care Council Goals and Accomplishments

- Outpatient perinatal programs adjusted their childcare services to be open to one family at a time with increased cleaning and disinfection protocols. Referral from residential to outpatient perinatal services, and from perinatal outpatient programs to Recovery Residences had to take into account COVID-19 testing and quarantine responsibilities. Outpatient perinatal service providers responded to the impact of the pandemic on client social isolation, mental health, and relapse risk by connecting clients with appropriate resources and services.
 - In January 2021, CYF was invited to present on San Diego County's perinatal service model at the Department of Health Care Services (DHCS) Quarterly Perinatal Roundtable webinar to an audience of approximately one hundred statewide county representatives and services providers. The presentation highlighted the unique availability within County perinatal programs of licensed childcare facilities and on-site child clinicians offering developmental screening, parent training, mental health services, and referral.
 - In 2020, amidst the COVID-19 pandemic; the Child and Family Team (CFT) Meeting Facilitation Program shifted the entirety of its meetings to virtual and/or telephonic access, based on client/family preference. The program accessed additional devices to support virtual meetings and ensure staff and families had access. As in-person meetings began to resume in 2021, the program continued to offer the option of in-person, virtual or telephonic access to allow for a broader range of access for all participants, regardless of proximity or connectivity.
 - To assist with the increase of telehealth CYF services delivery, the following tools were made available to CYF providers:
 - Clinician Telehealth Checklist
 - Engaging Children, Youth and Families in Telehealth
 - Videoconferencing: The Gold standard for Teletherapy
 - In early 2021 the San Diego community began supporting unaccompanied minors seeking asylum housed at the San Diego Convention Center. CYF provided mental health support to the kids experiencing additional transitions.
 - Identified CYF programs candidates for a partnership to access Emergency Housing Vouchers through the American Rescue Plan Act of 2021 (ARPA).
- **Contributed to the Behavioral Health Continuum of Care efforts inclusive of the Children's Hub vision**
 - Context: In a presentation to the Board of Supervisors (BOS) on October 29, 2019, and subsequently on a January 28, 2020 BOS Letter-Agenda item 03, it was announced that planning conversations had begun with Rady Children's Hospital to establish a hub for children and youth in the vicinity of Rady Children's main campus to address the unique behavioral health conditions among youth which can result from complex combinations of factors including: genetic, medical, developmental and environmental. Children and youth with complex needs require dedicated and specially designed resources. The County has continued to meet with Rady's leadership to identify priorities of the project and are moving forward with building related work.
 - Rady Children's Hospital Hub: worked with Rady Children's Hospital on California Environmental Quality Act (CEQA) compliance; to design the program and clinical service; and outline the planning phases to build the new facility.
 - Threat Assessments Evaluations via Treatment and Evaluation Resource Management (TERM): A Threat Assessment Specialty Criteria was implemented on July 1, 2020, which created the infrastructure for TERM clinicians to provide these specialty assessments. The compensation was revised effective January 1, 2021; set at \$2500 vs. the base rate of \$1800 for standards assessments.
 - Mobile Crisis Resource Teams (MCRT) were established with countywide services being rolled out in phases.

County of San Diego
Children, Youth and Families Behavioral Health System of Care Council Goals and Accomplishments

- **Through the CYF Council, provided input for Mental Health Services Act (MHSA) Community Engagement events and BHS Forums**
 - CYF Council membership and meeting attendees were timely informed of the MHSA Community Engagement events and BHS Forums, and encouraged to participate.
- **Supported the Youth Engagement in Service (YES) Initiative (August 4, 2020 Board Letter-Item 21)**
 - Live Well Youth Sector presentation for the CYF Council on November 9, 2020.
 - Members of the Live Well Youth Sector were invited to the CYF Council Fiscal Year 2021-22 Orientation held in July 2021 (2 youth and 2 youth advisors attended).
- **Educated about other systems' priorities and looked for opportunities to align efforts to best impact positive system changes.**
 - Through the CYF Council, the four sectors were informed about other systems' priorities by providing updates through Board Letters and other pertinent information. Examples of how efforts were aligned toward positive change are:
 - CYF Council Combined Council held October 12, 2020: Transgender Health Across the Lifespan
 - Supported the Birth of Brilliance inaugural conference held on February 25, 2021
 - Reinitiated the Global Oversight Analysis Linking Systems (GOALS) Memorandum of Understanding (MOU) with the SDCOE
 - CYF Council development of ARPA recommendations for the BHS Director and delivered June 18, 2021.
- **Focused on system integration and moving beyond coordination with other child servicing systems, as promoted by Assembly Bill (AB) 2083 mandates through:**
 - A committee with representatives from BHS, CWS, Juvenile Probation, San Diego Regional Center (SDRC), and the SDCOE, developed and established an Interagency MOU, as guided by AB 2083, Trauma Informed System of Care for Children and Youth. The workgroup built on previous MOU to address the 11 components cited in AB 2083, such as an Interagency Leadership Team, Alignment and Coordination of Services, and Information and Data Sharing, to continue to help coordinate services for foster youth in a trauma informed and timely manner. The MOU was submitted to the State in March 2021
 - Supported CWS with the Family First Prevention Services Act (FFPSA) planning meetings. These meetings started in October 2019 to discuss and plan the future landscape of evidence-based preventative services for system-involved youth, replacing Title IV-E funding. A Board Letter was presented on January 26, 2021: Authorize Procurement of Single Source Contract with ICF International for FFPSA Implementation and Capacity Building Technical Assistance Services. The letter was shared with the CYF Council at the February 8, 2021 meeting.
 - In collaboration with the Probation Department, designed a new intensive treatment program for in-custody youth: Healing Opportunities for Personal Empowerment (HOPE) scheduled to begin in Fiscal Year 2021-22.
 - Continued the collaboration with Juvenile Court by incorporating an additional "treatment pilot" to provide treatment services to Juvenile Forensic Assistance for Stabilization and Treatment (JFAST) youth through Vista Hill – Juvenile Court Clinic instead of being offered through a probation contract. This pilot was launched effective July 1, 2020, projected to serve approximately 8 youth annually and ultimately served 9 youth based on need.
 - In compliance with AB 79 and SB 80, CYF partnered with CWS and Juvenile Probation to establish a local Family Urgent Response System (FURS) network that is prepared to dispatch local trauma-informed mobile support to foster youth experiencing a crisis that is identified through a State-run hotline. CWS

County of San Diego
Children, Youth and Families Behavioral Health System of Care Council Goals and Accomplishments

provided the local response effective March 2021, with service provision shifting to a contracted provider effective July 1, 2021. In FY2021 there were under 10 referrals to San Diego County from the State Hotline. FURS information was shared with the CYF Council on March 8, 2021; and was also added to the BHS website which also links to State materials.

https://www.sandiegocounty.gov/content/sdc/hhsa/programs/bhs/mental_health_services_children/Family_Urgent_Response_System.html

- AB 823 guides the closure of the Division of Juvenile Justice (DJJ) by June 30, 2023 with no new admissions effective July 1, 2021. Probation has disseminated information and engaged Behavioral Health on mapping out the local infrastructure to support youth and young adults who will be cared for locally with the closure of DJJ.
- **Made necessary system adjustments to align with CCR, including STRTP contracts and Therapeutic Foster Care (TFC) services with mental health contractors:**
 - As of June 2021, 11 group homes have been licensed as STRTP in San Diego County. Of the 11 licensed STRTPs, 10 have established BHS contracts, with all of them have a Mental Health Program Approval from the Department of Healthcare Services (DHCS) to provide Specialty Mental Health Services (SMHS). BHS has facilitated multiple STRTP Mental Health Program orientations and continues to provide technical assistance for the STRTPs that need to obtain Mental Health Program Approval from DHCS.
 - Under the Families First Prevention Services Act (FFPSA), Title IV-E funding may be leveraged for youth residing in Qualified Residential Treatment Programs (QRTPs). California is working on shifting Short Term Residential Therapeutic Programs (STRTPs) to QRTPs. The definition of a Q RTP in Title IV-E overlaps with the definition of an Institution for Mental Disease (IMD) in Title XIX. Title XIX prohibits federal reimbursement for covered services provided to a beneficiary who are residents of an IMD. California Department of Health Care Services (DHCS) sought authorization from Centers for Medicare and Medicaid Services (CMS) to exclude STRTPs from consideration as IMDs, however a blanket approval was not provided and DHCS must assess each STRTP/Q RTP by December 31, 2021, to determine IMD status. The evaluation tool that DHCS has presented appears to indicate that any STRTP with over 16 beds will be deemed an IMD. The State and the County are exploring solutions.
 - Under Families First Prevention Services Act (FFPSA) a Qualified Individual (QI) needs to evaluate any youth being considered for Short Term Residential Therapeutic Programs (STRTPs) / Qualified Residential Treatment Programs (QRTPs). System partners are exploring the local infrastructure to meet this requirement.
- **Continuum of Care Reform (CCR) and Pathways to Well-Being (PWB)**
 - The Fred Finch Child and Family Team (CFT) Meeting Facilitation Program facilitated a total of 4213 CFT meetings between July 1, 2020 to June 30, 2021. CFT meeting data continued to reflect that BHS providers have made a successful transition from in-person CFT meetings to alternate modalities including videoconference and telephone. As in-person meetings began to resume in 2021, the program continues to offer the option of in-person, virtual or telephonic access to allow for a broader range of access for all participants, regardless of proximity or connectivity.
 - The new Therapeutic Foster Care (TFC) service was utilized by 6 clients in Fiscal Year 2020-21 with 7 caregivers being trained and certified to provide TFC. The infrastructure for service delivery continues to be refined with new forms created to promote care delivery.
 - Effective November 2020 updated forms for STRTPs were made available to utilize to align with the release of DHCS Interim STRTP regulations (Version 2).

County of San Diego
Children, Youth and Families Behavioral Health System of Care Council Goals and Accomplishments

- To ensure identified youth are linked to recommended services for a safe and successful transition to community/home based care following an acute behavioral health episode requiring psychiatric hospitalization or entry into the Emergency Screening Unit, effective April 1, 2021, the CO19 Navigation oversight transitioned to the PWB team. Through Care Coordination, licensed clinicians are contacting families when a youth had an acute service but does not appear to be connected to services, in efforts to make the connection and address any barriers the family may be experiencing.
- **Advanced the Drug Medi-Cal Organized Delivery System (DMC-ODS) – Year-Three**
 - Enhanced the Organized Support Companion in an Emergency Situation (oscER) Cloud based application to strengthen the digital platform.
 - Delivered the Annual CYF System of Care Conference: Youth Substance Use Disorders (SUD) and Treatment on May 27, 2021.
 - Continued to work towards establishing Medication Assisted Treatment (MAT) services in a Perinatal Outpatient treatment program.
 - Planned the expansion of MAT to adolescents via an OTP provider to begin in Fiscal Year 2021-22.
 - Supported Harm Reduction Strategy by creating awareness through dissemination of information.
 - Fentanyl overdose risk and Naloxone distribution information disseminated and discussed to promote awareness and utilization.
 - Partnered with the Courts and Adult System of Care to work towards a TAY specific SUD services.
 - Worked towards various housing opportunities and improvements through Recovery Residences funding, SAFE Housing upgrades, ARPA funding during COVID-19, as well as planning for No Place Like Home family units.
- **Outcomes**
 - Prepared the CYF Pandemic Impact Report for Fiscal Year 2019-20 to inform system trends and needed practice adjustments.
 - Created a handout on using the Child and Adolescent Needs and Strengths (CANS) Strengths during client plan development and treatment interventions.
 - Updated the Adverse Childhood Experiences (ACEs) – CANS crosswalk to include the Positive Childhood Experiences which are linked to CANS Strengths.
 - Enhanced accurate reporting of outcome compliance by reducing discrepancies between data entered into CYF mHOMS compared to CERNER.
 - Developed handout on engaging families and youth in teletherapy which highlights engagement strategies for various developmental levels of clients.
 - Created a Clinician Telehealth Checklist of teletherapy best practices to support clinicians with standardize protocols.
- **Emphasized the importance of Early Childhood Mental Health as well as prevention and early intervention**
 - CYF in partnership with HHSA departments, the San Diego Academy of Child and Adolescent Psychiatry (SDACAP), American Academy of Pediatrics-California Chapter 3, University of California San Diego (UCSD), and local behavioral health stakeholders, hosted the 11th Annual Early Childhood Mental Health Conference - We Can't Wait: Hope in Relationships: Bridging Science to Practice on September 10-12, 2020.
 - San Diego Youth Services (SDYS), San Diego Early Childhood Mental Health Leaders Collaborative, and San Diego Center for Children (SDCC) hosted the inaugural Birth of Brilliance conference on February 25, 2021. The virtual conference was conceived to raise the collective consciousness around the effects of racial disparities and implicit bias in mental health, social services, developmental services, early childhood education, and medical care. BHS sponsored this conference and some of the conference speakers are members of the CYF Council Early Childhood Sub-committee.
 - System partners participated in the ACEs Network of Care Learning Collaborative where a system vision was created with a mapping of strategies and action steps to help lead towards an ideal Network of Care. Planning is underway for phase 2 of the Learning Collaborative.

County of San Diego
Children, Youth and Families Behavioral Health System of Care Council Goals and Accomplishments

- **Collaborated with the education sector and other partners on addressing growing rates of depression and sadness reported by youth, which appeared to be exacerbated by the isolation impacts of COVID-19 and remote learning settings.**
 - The CYF Liaison through the Youth and Family Support Partners monthly meeting provided a forum for participants of all sectors to share information, exchange ideas and resources to address the depression and sadness reported by youth.
 - Under BOS Chair Nathan Fletcher's School Health Initiative, BHS and the School system have partnered to explore SchoolLink enhancements and Universal Screening.
 - Mental Health Services Oversight and Accountability Commission (MHSOAC) Grant planning towards Creating Opportunities in Prevention and Eliminating Suicide (COPES).
- **Delivered system relevant trainings and training opportunities**
 - CYF in partnership with the San Diego Academy of Child and Adolescent Psychiatry (SDACAP), the San Diego Psychiatry Society, the California Association of Marriage and Family Therapists-San Diego Chapter (CAMFT), and the San Diego Psychological Association, planned for the delivery of the 6th Annual-CICAMH Conference: "Managing Change in a Changing World" on March 19, 2021.
 - The CYF System of Care (CYF-SOC) Training Academy through the contract with Responsive Integrated Health Solutions (RIHS), provided trainings to enhance the work of public systems in providing services to children, youth, and families in San Diego county. In Fiscal Year 2020-21, CYF-SOC Training Academy provided trainings on:
 - Suicidality in Children and Youth (August 6, 2020)
 - Bridges Out of Poverty (delivered October 6, 2020)
 - Racial and Cultural Disparities and Access to Healthcare (April 30, 2021)
 - Understanding our Own Biases and Assumptions (May 12, 2021)
 - Supporting People of Color in Treatment (June 11, 2021)
 - Recognizing and Responding to Cultural Cues in Service Delivery (June 29, 2021)
 - Due to COVID-19, the annual CYF System of Care conference scheduled for May 28, 2020, was rescheduled and held virtually on May 27, 2021. The conference title: Youth Substance Use: Risk, Resilience, Reconnection. Twenty scholarships were awarded to peer support partners to attend the Conference.
 - Six scholarships were awarded to attend the annual California Mental Health Advocates for Children and Youth (CMHACY) virtual conference in April 2021.

Other notable achievements

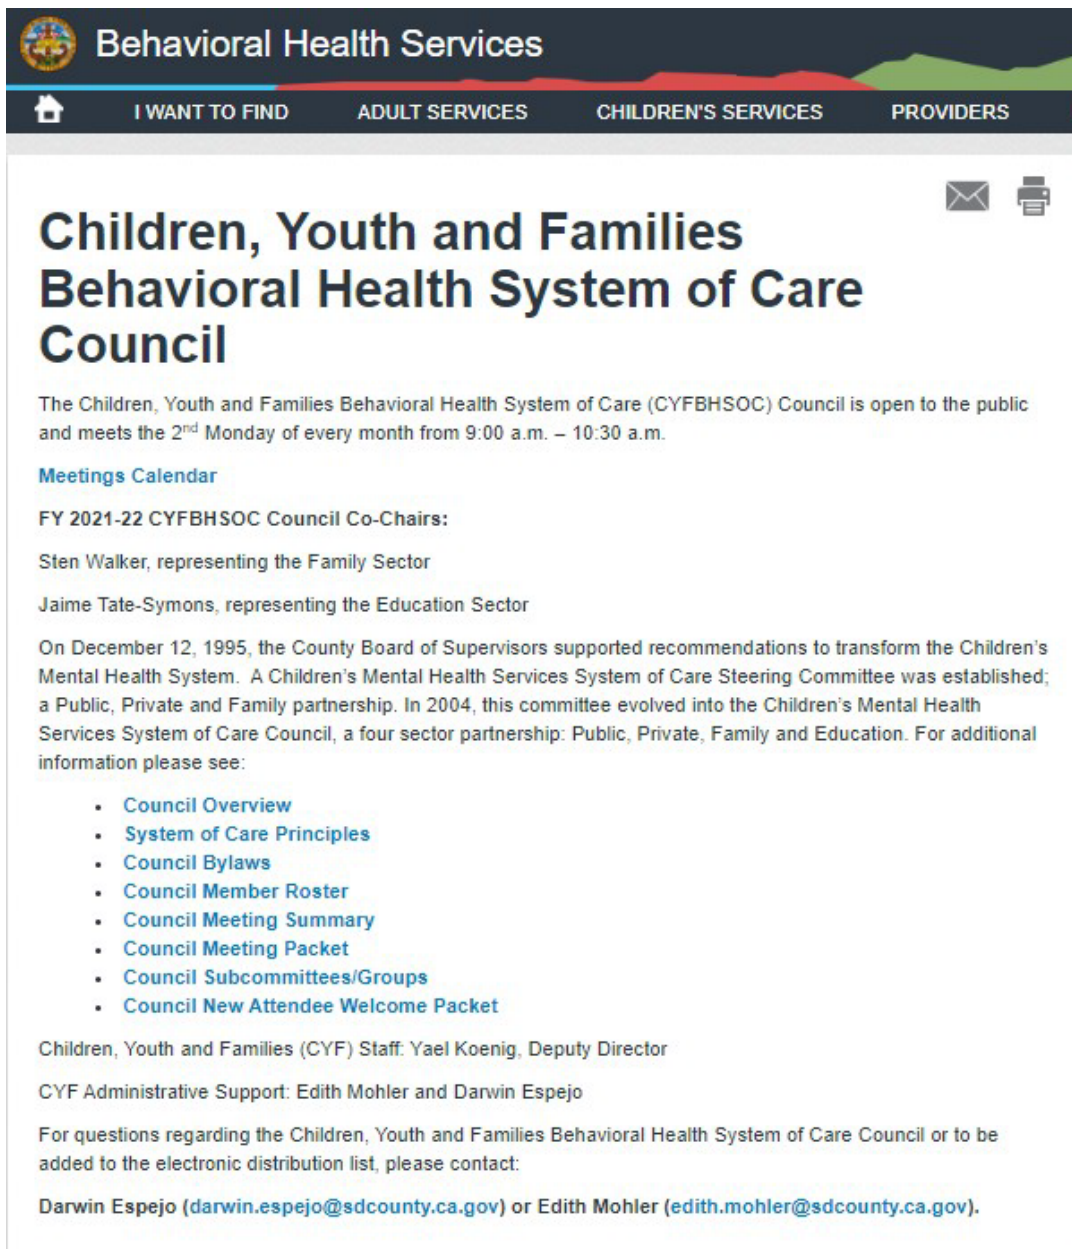

- Two CYF programs received the 2021 National Association of Counties (NACo) Achievement Award. The award recognizes programs for innovative approaches to providing new or needed services, improving administration of existing programs, or promoting intergovernmental cooperation and coordination. The awarded programs are:

County of San Diego
Children, Youth and Families Behavioral Health System of Care Council Goals and Accomplishments

- Pathways of Well-Being Virtual Workforce Development Training Series (Pathways) Microlearning through RIHS - an innovative and cost-effective online training series developed to accommodate the evolving way in which information is shared with behavioral health providers and aims to ensure that services are delivered in a trauma-informed, client-centered manner and are documented to adhere to Medi-Cal standards. Pathways utilizes micro-learnings, structured to be 8-10 minutes long for ease of completion and retention of information.
- SchoolLink: A CYF partnership with Community Based Organizations and school districts throughout San Diego county to offer outpatient specialty mental health and SUD treatment on school campuses that serve students on Medi-Cal and those who are low-income, uninsured, or underinsured. SchoolLink implemented a standardized practice across the system of care, increases collaboration between schools and providers of mental health and SUD treatment programs, and provides system-level data that was previously unavailable.

DIRECTOR, BEHAVIORAL HEALTH SERVICES

January, 2017

Welcome to San Diego County's Health and Human Services Agency (HHSA) Behavioral Health Services (BHS) Children, Youth and Families (CYF) System of Care (SOC).

The eLearning you will receive today provides an overview of the Children, Youth and Families System of Care.

The intent of this training is to facilitate the understanding of the CYF SOC philosophy and guiding principles. The training provides an overview of the array of services offered to support children, youth and their families and how we work together with other entities within and outside of the County of San Diego.

Behavioral Health Services provides a continuum of mental health and alcohol and drug services for communities of all ages embracing the *Live Well San Diego* vision: A region that is Building Better Health, Living Safely and Thriving.

Behavioral Health Services promotes resiliency, discovery, and well-being for children and youth. This is achieved through prevention and treatment that it is focused on offering culturally competent, individualized, trauma informed, community based, collaborative, outcomes driven, strength based, youth guided and family driven services.

Jointly, we work to ensure that children and youth in our community are healthy, safe, successful in school, and are law abiding while they live in a community that supports them with strong family connections.

You play an important role in helping achieve the CYF SOC goals. This training will facilitate the understanding of how you contribute to a legacy of quality care that is responsive to the needs of the diverse communities in this county.

I hope that you will enjoy this training while learning about our system.

COUNTY OF SAN DIEGO

VISION

A just, sustainable, and resilient future for all

MISSION

Strengthen our communities with innovative, inclusive, and data-driven services through a skilled and supported workforce

VALUES

Integrity, Equity, Access, Belonging, Excellence and Sustainability.

THE GENERAL MANAGEMENT SYSTEM REIMAGINED

The County has reimagined its operational approach to planning and decision making by integrating the General Management System (GMS) with the strategic framework adopted by the Board of Supervisors.

It takes the GMS in a direction that is reflective of today's communities while preserving the core management principles of strategic planning, operational accountability, enterprise-wide collaboration, and employee connection.

At the core of the reimagined GMS is Community Engagement, based on the principle that all that we do should be for, and created in partnership with, the people we serve. The outer ring is included to reflect the core values of everything we do: integrity, equity, access, belonging, excellence and sustainability.

VALUES

In recognition that "The noblest motive is the public good," we are dedicated to:

INTEGRITY

Earn the public's trust through honest and fair behavior, exhibiting the courage to do the right thing for the right reason, and dedicating ourselves to the highest standards of ethical conduct.

EQUITY

Apply an equity lens to appropriately design programs and services so that underserved communities have equitable opportunities. Using data driven metrics, lived experiences and the voices of our community we weave equity through all policies and programs.

ACCESS

Build trust with the residents we serve through transparent communication and neighborhood engagement that is accessible in the languages, facilities and methods that meet their needs.

BELONGING

Foster a sense of belonging, not just inclusion, for the people we serve and for the employees of the County who provide those services on a daily basis.

EXCELLENCE

Ensure exceptional service delivery to our customers by practicing fiscal prudence, encouraging innovation and leveraging best practices that promote continuous improvement to build strong, vibrant communities.

SUSTAINABILITY

Secure the future of our region, by placing sustainability at the forefront of our operations deeply embedded into our culture. Dedicate ourselves to meeting our residents' current resource needs without compromising our ability to meet the needs of generations to come.

STRATEGIC INITIATIVES provide the framework for the County to set measurable goals. These initiatives are designed to span the entire organization, break down silos, and extend across groups for all departments to see their work contributing to the overall success of the region.

SUSTAINABILITY:

Economy

- Align the County's available resources with services to maintain fiscal stability and ensure long-term solvency.
- Create policies to reduce and eliminate poverty, promoting economic sustainability for all.

Climate

- Actively combat climate change through innovative or proven policies, green jobs, sustainable facility construction or maintenance and hazard mitigation.

Environment

- Protect and promote our natural and agricultural resources, diverse habitats and sensitive species.
- Cultivate a natural environment for residents, visitors and future generations to enjoy.

Resiliency

- Ensure the capability to respond and recover to immediate needs for individuals, families, and the region.

EQUITY:

Health

- Reduce disparities and disproportionality and ensure access for all through a fully optimized health and social service delivery system and upstream strategies.
- Focus on policy, systems and environmental approaches that ensure equal opportunity for health and well-being through partnerships and innovation.

Housing

- Utilize policies, facilities, infrastructure, and finance to provide housing opportunities that meet the needs of the community.

Economic Opportunity

- Dismantle barriers to expanding opportunities in traditionally underserved communities and businesses, especially communities of color and low income.
- Advance opportunities for economic growth and development to all individuals and the community.

EMPOWER:

Workforce

- Invest in our workforce and operations by providing support services and excellent customer service to ensure continuity of operations remains at its best.

Transparency and Accountability

- Maintain program and fiscal integrity through reports, disclosures, and audits.

Innovation

- Foster new ideas and the implementation of proven best practices to achieve organizational excellence.

COMMUNITY:

Engagement

- Inspire civic engagement by providing information, programs, public forums or other avenues that increase access for individuals or communities to use their voice, their vote, and their experience to impact change.

Safety

- Support safety for all communities, including protection from crime, availability of emergency medical services and fire response, community preparedness and regional readiness to respond to a disaster.

Quality of Life

- Provide programs and services that enhance the community through increasing the well-being of our residents and our environments.

Communications

- Create proactive communication that is accessible and transparent.
- Offer interpreters for community meetings or translations of information to ensure residents have every opportunity to make informed decisions while listening to, participating in or using County services or programs.

Partnership

- Facilitate meaningful conversations, shared programming, grant opportunities, or other opportunities to maximize resources through community partnerships to benefit the region.

JUSTICE:

Safety

- Ensure a fair and equitable justice system in the defense and prosecution of crimes, investigations of abuse and neglect, and support and services for victims.
- Focus efforts to reduce disparities and disproportionality across the justice system.

Restorative

- Contribute to a system of restorative justice that strives to repair harm to victims and to the community at large, as well provide inclusive opportunities for justice involved individuals to contribute to the region.

Environmental

- Advance equal protection and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, regulations, and policies with an urgent focus on communities of color and low-income communities recognizing they historically lacked the same degree of protection from environmental and health hazards.
- Ensuring equal access to decision-making processes that create healthy environments in which to live, learn and work.

CAO Recommended Operational Plan Message

With your help, we are building the future of the County of San Diego!

A future that is just, sustainable and resilient. One committed to equity for all. Strong enough to withstand adversity and bounce back. And farsighted enough to promote progress and still preserve our environment and natural resources for future generations.

Our new \$7.15 billion budget for fiscal year 2022-23 meets that vision, building out the framework our Board of Supervisors has established.

It includes support to transform our behavioral health system and to treat substance use. Funding to create places to stay for those experiencing homelessness. Money and added staff to support families at home and on the job. Actions and new offices to provide racial justice and equity throughout our services. Investment in our communities, from new facilities to community gardens. Staff and resources to help immigrants get established in their new home. It includes actions to address climate change and environmental justice. And it increases use of data to drive decisions and measure results.

While committing to new goals, we continue to deliver our traditional essential services, using funds responsibly for health and social services, public safety and land use.

The new budget is 1.1% smaller than last year's, primarily because of a decrease in the need for COVID-19 response. Despite that, the new budget enhances services and adds employees to serve you.

For example, 100 new positions to help get food, health care and other essential services to those in need. One hundred new positions for Child Welfare Services and 40 for Child Support Services to strengthen families. One hundred fifteen positions to continue redirecting our behavioral health system from crisis response to continuous care. Ninety positions for Public Defender to provide legal defense and improve transitions back to the community. And 71 new public health positions to heighten our public health capacity.

Our new budget is one for all, shaped by diverse community input and an evaluation of equity across our operations to eliminate longstanding disparities in our communities.

It is rooted in the here and now — and in building the future of San Diego County.

A handwritten signature in black ink, reading "Helen N. Robbins-Meyer".

Building A Budget For All

The County of San Diego's vision is a just, sustainable and resilient future for all. It is supported by these strategic initiatives.

General Management System

We reach those goals by working with you - the community.

Community engagement is at the center of our operational model, and our values surround that model to guide what we do.

2020 *LIVE WELL SAN DIEGO* 10-YEAR IMPACT REPORT

EXECUTIVE SUMMARY

A DECADE OF **HEALTHY, SAFE, AND THRIVING** COMMUNITIES

The *Live Well San Diego* vision began ten years ago with the goal of improving wellness for all 3.3 million residents living in San Diego County. Developed over the course of two years, through a robust community and stakeholder engagement process, the vision was a response to a startling statistic that found that throughout the nation and locally three behaviors (poor nutrition, lack of physical activity and tobacco use) were contributing to four diseases (heart disease/stroke, cancer, type-2 diabetes and respiratory conditions) that resulted in over 50% of the deaths in San Diego County (also known as 3-4-50).

Since it was initiated with the approval of the San Diego County Board of Supervisors on July 13, 2010, the vision has grown into a collective impact movement that is creating a better quality of life for all residents. As of December 3, 2020, **500 Recognized Partners have committed to the vision**, so that wherever you live, work, play or pray, an organization or individual is nearby working to improve your well-being and the health of your community.

During the past decade, efforts in support of the vision have driven a 12% reduction in the percentage of deaths associated with preventable health threats (2007-2019).

The full 2020 10-Year Impact Report can be found online and includes success stories and incredible impacts that partners have accomplished together over the past decade. Read the full report at [LiveWellSDAnnualReport.org](https://www.livewellsd.org/annual-report).

Efforts in support of the *Live Well San Diego* vision

3-4-50 Chronic Disease

Over the last ten years, *Live Well San Diego* Partners have **reduced the percentage of deaths associated with preventable health threats by 12%** (2007-2019). By working to decrease preventable disease-related deaths (3-4-50), the *Live Well San Diego* vision has provided the foundation to improve the social and economic conditions that impact health and wellness and increase neighborhood safety while engaging residents in their community.

Heart Attacks

Be There San Diego, a coalition of patients, communities, healthcare systems and organizations, **reduced heart attacks in San Diego County by 22%** (2011-2016) through their Heart Attack & Stroke Free Zone, Southeastern San Diego Cardiac Disparities Project and Accountable Communities for Health workgroups.

Crime & Security

Neighborhood safety and security have a significant impact on an individual's ability to thrive. Exposure to crime and violence has been shown to have negative impacts on a person's overall quality of life, including their physical and mental health and even how involved they are in their community. Crime rates in San Diego have been declining since 2010 thanks to the concerted effort of local law enforcement agencies and community partners who have **reduced the overall crime rate in San Diego County by 26%** and **the youth arrest rate by 76%**.

Live Well Schools

Live Well Schools is a collaboration of community partners, led by the County of San Diego. A key strategy of Live Well Schools is to build and strengthen the relationships between schools, districts, and community partners so that they can work together to address the impacts that physical and mental health and absenteeism have on academic performance and overall quality of life.

One area where partners have worked to make progress is around childhood obesity. Declining trends over time show **4,300 fewer students across San Diego County school districts are overweight or obese** (2010-2018).

have driven incredible impacts:

Food System Initiative

Community partners are improving the local food system by increasing access to healthy and affordable food, supporting the local food economy and food supply chain, and protecting our natural resources through the support of small-scale farmers and sustainable farming practices.

Homelessness

The Regional Taskforce on the Homeless conducts an annual Point-in-Time Count in January - a physical count of all people experiencing homelessness who are living in emergency shelters, transitional housing, safe havens and on the street, vehicles, encampments or parks on a single night. In 2014, hundreds of community members came together to count 8,506 people experiencing homelessness, while 2020 counts showed 7,658 people, a **reduction of 10% in the number of homeless persons living in San Diego County.**

Opportunity Youth

Workforce development is a method of improving the local economy by removing the barriers that might be in place for particular groups and devising strategies to remove those barriers through policy and systemic changes, as well as skills development and training.

Opportunity Youth are young adults ages 16-24 who are not in school and are not working - they are both seeking opportunity in the job market and offering an opportunity for local organizations to invest in them. Partners have already seen positive outcomes from their efforts to connect these youth to future career paths, including a **17% decrease in the youth disconnection rate** (youth not in school or working).

Sustainability & Climate

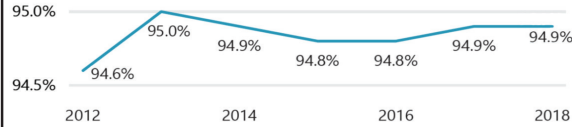

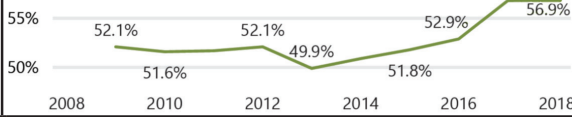

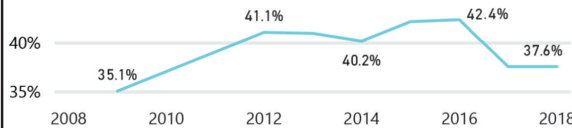

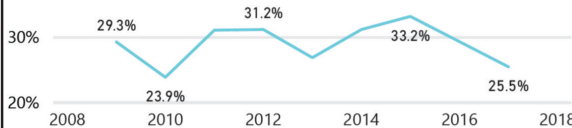

Outdoor environments, from beaches and wetlands to mountains and deserts, play a key role in living well in San Diego County. Keeping these spaces accessible and thriving requires input and action from individuals, organizations, and government agencies throughout the region to address these factors and advance climate resilience and adaptation solutions.

Over the past decade, San Diego County saw a **50% reduction in the percent of days air quality was rated unhealthy**, a **21% increase in miles of available bikeways**, and turned to more sustainable renewable energy to ensure future San Diegans can continue to access and enjoy the environmental diversity throughout our communities.
