Introduction

The County of San Diego, Health and Human Services Agency Behavioral Health Services administers Children, Youth and Families Behavioral Health Services. This provider resource manual describes the services currently funded by the County of San Diego, which include County operated and contracted programs.

P.O. BOX 85524
SAN DIEGO, CA 92186-5524
VOICE (619) 563-2750
FAX (619) 563-2775

Access and Eligibility for Services

County funded Behavioral health services are intended for children and adolescents who are either experiencing a behavioral health crisis (such as depression, suicidal thoughts, extreme anxiety, substance abuse/dependence) or who require behavioral health services in order to function in school, at home or in the community. Generally services are targeted for the medically indigent and Medi-Cal populations up to age 21. All services are rendered without regard to race, color, creed, or disability. Individuals and professionals may make direct contact with any of the resources listed in this manual. ***However, it should be noted that, in some cases, access to services is managed through specific procedures and may be limited to certain special populations.*** Where possible, this information has been included in this manual. If in doubt about eligibility or how to access services, please contact the Access and Crisis Line at **(888) 724-7240**.

Fees and Funding

Behavioral health services provided through the County of San Diego are financed through Medi-Cal, patient fees, private insurers, County general funds, State funds, and specialized grants.

Anyone may receive treatment from San Diego County behavioral health programs regardless of financial status. Fees for services are based on income and the number of family members in the home. This Uniform Method for Determining Ability to Pay (UMDAP) is mandated by the State. Medi-Cal, Medicare, and other insurance coverage will be taken into account in determining the individual's monthly payment. *No person who otherwise qualifies for services will be turned away due to lack of funds.*

Access to Language Services

Clients have a right to free language assistance in a language they understand. Clients have the option to choose or use a family member or a friend as an interpreter. Clients shall be provided interpreter services as a part of their therapeutic services. The client/family are not expected to provide their own translator. All Behavioral Health programs have access to translators.

San Diego Network of Care – <http://www.sandiego.networkofcare.org/mh>

This website is a resource for individuals, families and agencies concerned with behavioral health. It provides information about behavioral health services, laws, and related news, as well as communication tools and other features. Regardless of where you begin your search for assistance with behavioral health issues, the Network of Care helps you find what you need - it helps ensure that there is "No Wrong Door" for those who need services. This website can greatly assist in our efforts to protect our greatest human asset - our beautiful minds. Information is available in Spanish, Cantonese, Russian, Tagalog, Vietnamese, Cambodian, Korean, Arabic, Somali, American Sign Language, French, Italian, and, Portuguese.

Organizational Providers- Serve children/youth with complex needs.

CYFBHS has integrated Mental Health Services (MHS) and Drug and Alcohol Services (ADS) for children, youth and families and gender specific Alcohol and Drug Services through the perinatal ADS Women's programs. CYFBHS embraces the principles of a Comprehensive Continuous Integrated System of Care for co-occurring disorders. CYFBHS emphasizes wellness and physical health integration and *Live Well San Diego* in a holistic approach with children, youth and families.

This manual was revised by Yvonne Gage of BHS. If you have any revisions, edits, and or comments, please call 619-563-2772 or e-mail at:

Children, Youth and Families Behavioral Health **Mission/Vision Statement**

Mission

The mission of Children, Youth and Families Behavioral Health Services is to advance a rich array of services delivered through an integrated, community-based, behavioral health System of Care that enables children and adolescents to achieve positive outcomes. These desired outcomes are the basis for the goals of the System of Care:

- ◇ Children and youth live at home or in home-like settings
- ◇ Children and youth stay out of trouble
- ◇ Children and youth are successful in school
- ◇ Children and youth are safe

Vision

Children, Youth and Families Behavioral Health Services (CYFBHS) works with a broad constituency of stakeholders embracing the HHS *Live Well San Diego* initiative to build a community of families, neighbors, schools and child serving maximizes their potential in school and in the home, and prepares them to be productive and responsible adults.

Definitions

FULL SERVICE PARTNERSHIP (FSP)

Full Service Partnership (FSP) provides an array of services to children and youth and their families beyond the scope of traditional clinic-based outpatient mental health services. FSP services provide additional supports to promote stability and successful functioning within the community. Services and linkages are provided in the home or community, guided by a commitment to do "whatever it takes," to help children, youth and their families achieve self-defined goals toward resilience and wellness.

FAMILY AND YOUTH PARTNERS

Family and Youth Partners is an overarching term for: a caregiver of a child/youth who is/was a consumer in a public agency serving children, an individual with experience as a consumer in a public agency serving children, youth and family partner roles may include, but are not limited to: Support Partners; Peer to Peer; Case Management; Advocacy/Community Engagement; Training and Supervision; Outcomes and Evaluation; Administrative.

ADVOCACY AND SUPPORT SERVICES

Advocacy services are crucial to ensuring that the mandated rights of children, youth, and their families are protected and that complaints and grievances are satisfactorily resolved. Support services offer families and their children the opportunities to share their concerns with other families and mental health professionals.

CRISIS SERVICES

24 hour crisis response. Crisis services include emergency psychiatric care and crisis intervention counseling. Programs that serve Children, Youth and Families in crisis are able to respond quickly to urgent needs such as support, information, counseling, medication, and referral to other resources.

INPATIENT PSYCHIATRIC HOSPITALS

Hospitalization or inpatient psychiatric care is for mental health emergencies and situations that require intensive supervision for individuals who are a danger to self, dangers to others or gravely disabled.

RESIDENTIAL DAY/OUTPATIENT PROGRAMS

Residential Level 12 and 14 programs offer day treatment and outpatient services for children and adolescents who are placed in a residential treatment facility. Access to these programs is generally through or Juvenile Court involvement.

RESIDENTIAL SERVICES

Residential services provides assessment, placement and case management services for children and youth who are dependent children of the San Diego County Juvenile Court and who are in need of mental health treatment level settings because of emotional or behavioral problems and/or diagnosed mental illness. Reunification and other services are provided to the families of the dependent minor. Treatment settings include Residential Care Facilities, Licensed Group Homes, and Specialized Foster Home Agency settings. Contract development, monitoring and investigation of these facilities are also services provided. Access to residential services is through Child Welfare Services (CWS), Probation and the Juvenile Court.

INTENSIVE CASE MANAGEMENT

Intensive Case Management are community-based interventions services that emphasize the strengths of the child and family and includes the delivery of coordinated, high individualized unconditional services to address needs and achieve positive outcomes in their lives. Provider engage in a unique assessment and treatment planning process that is characterized by the formation of a child, family and multi-agency team, community and natural supports through intensive case management and make available an array of therapeutic interventions, which may include behavioral support services, crisis planning and intervention, parent coaching and education, mobile therapy, and medication monitoring.

THERAPEUTIC BEHAVIORAL SERVICES

Therapeutic Behavioral Services offer specialized short-term one to one behavioral services designed to prevent re-hospitalizations, placements in higher levels of care, and/or assist with transition to lower levels of care. TBS is an ancillary service Home in the home or at the child/youth current residential placement. Therapeutic Behavioral Services are provided countywide to eligible Full-Scope Medi-Cal recipients.

DAY TREATMENT PROGRAMS

Day treatment programs provide services several times a day including all Mental Health services and educational Milieu based mental health services. Day Treatment also offers medication management. Residential Day Programs have day treatment for children and adolescents who are place in Residential Treatment Facilities. Access is through Probations or CWS.

TEEN RECOVERY CENTERS DAY TREATMENT/OUTPATIENT PROGRAM

Adolescent Teen Recovery Center programs provide developmentally appropriate substance abuse treatment for adolescents and their families including those with co-occurring disorders. Regional programs provide outpatient services, day treatment services and crisis intervention.

OUTPATIENT SERVICES

Outpatient programs offer psychiatric evaluation, medication management, individual, group, and family therapy, rehabilitative services and case management. Outpatient clinics offer limited crisis intervention services during business hours. While it is possible to walk in to some programs and receive timely service, most appreciate a phone call and can then provide an appointment to see a clinician as needed. Outpatient services provide services for Medi-Cal children/youth and indigent youth through Mental Health Services Act (MHSA) who meet criteria for specialty mental health services.

SCHOOL BASED SERVICES- Outpatient and day services provided at over 350 school sites throughout the County.

ALCOHOL AND DRUG SERVICES (ADS) - WOMEN'S PROGRAMS

The county of San Diego offers substance abuse treatment and recovery programs to meet the special needs of women. These programs are for women with children, women without children and pregnant women and teens. Treatment programs for women are located all over the county with many services available. Some of these services for participants may include: free childcare onsite, low-cost services, free services for women with Medi-Cal, transportation to and from services, residential treatment and recovery, Spanish-speaking staff, work separations activities and classes for improving self-esteem, parenting, life skills and healthy relationships.

PREVENTION AND EARLY INTERVENTION (PEI)

Prevention programs bring mental health awareness into the live of all members of the community through public education initiatives and dialogue. To facilitate accessing supports at the earliest possible signs of mental health problems and concerns, PEI builds capacity for providing mental health early intervention services at sites where people go for other routine activities (e.g., health provider, education facilities, community organizations). Mental health becomes part of wellness for individuals and the community, reducing the potential for stigma and discrimination against individuals with mental illness.

INNOVATIONS (INN)

Innovations are defined as novel, creative and/or indigenous mental health practices/approaches that are expected to contribute to learning, which are developed within communities through a process that is inclusive and representative, especially of unserved and underserved individuals. The Innovations Component allows Counties the opportunity to “try out” new approaches that can inform current and future mental health practices/approaches.

FFS Network

Services for Medi-Cal beneficiaries access through Optum Health/Access and Crisis Line.

TRANSITION AGE YOUTH (TAY)

Youth ages 16-21. TAY youth may be served in the Children, Youth and Families System of Care (CYFSOC), TAY specific programs or for those TAY 18 and older that are seriously mentally ill, the Adult/Older Adult SOC.
