### **BHAB's Role in the BHS Director Selection Process**

According to Section 5604.2 of the California Welfare and Institutions Code (WIC), the Behavioral Health Advisory Board (BHAB) plays an instrumental role in the selection of the Behavioral Health Services (BHS) Director.

- (6) (A) Review and make recommendations on applicants for the appointment of a local director of behavioral health services.
- (B) The board shall be included in the selection process prior to the vote of the governing body.

While the final hiring decision rests with County leadership, WIC outlines that the BHAB should be meaningfully engaged in providing input that reflects the needs, values, and priorities of the community.

As part of this role, BHAB has agendized a discussion item to discuss qualifications for the role.
