CBHDA 2025-26 Legislative Bill Matrix - Watch and Under Review

As of 4/24/2026

Bill Author	Description	Position
AB 46 Nguyen D	<p>Diversion. (Amended: 2/13/2026) Current law authorizes a court to grant pretrial diversion to a defendant suffering from a mental disorder, on an accusatory pleading alleging the commission of a misdemeanor or felony offense, in order to allow the defendant to undergo mental health treatment. Current law provides that a defendant is eligible for diversion if they have been diagnosed with certain mental disorders and the court finds that the mental disorder was a significant factor in the commission of the charged offense, unless there is clear and convincing evidence that the disorder was not a motivating, causal, or contributing factor to the defendant's involvement in the alleged offense. Current law prohibits defendants charged with specified offenses, including murder, from being placed in this diversion program. This bill would require that the diagnosis with a mental disorder be within 5 years before the alleged offense.</p> <p>Status: 3/17/2026 - From committee: Do pass and re-refer to Com. on APPR. (Ayes 5. Noes 0.) (March 17). Re-referred to Com. on APPR.</p>	<p>2. Oppose</p> <p>AB 46 CBHDA Opposition to S. PS AB 46 Sen. APPR Opposition Letter AB 46 Fact Sheet</p>
AB 96 Jackson D	<p>Mental health services: peer support specialist certification. (Amended: 1/5/2026) Current law establishes a schedule of benefits under the Medi-Cal program and provides for various services, including behavioral and mental health services that are rendered by Medi-Cal enrolled providers. Current law authorizes a county, or an agency representing the county, to develop a peer support specialist certification program, subject to department approval. Current law imposes specified requirements on applicants for certification as a peer support specialist, including that the applicant be at least 18 years of age and possess a high school diploma or equivalent degree. This bill would remove the requirement of possessing a high school diploma or equivalent degree from the requirements necessary for an applicant to receive certification.</p> <p>Status: 1/27/2026 - In Senate. Read first time. To Com. on RLS. for assignment.</p>	<p>1. CBHDA Sponsor</p> <p>AB 96 Fact Sheet AB 96 Coalition Letter to Asm. Health</p>
AB 308 Ramos D	<p>Mobile crisis teams or units: procedures. (Amended: 4/24/2025) Current law sets forth various provisions relating to mobile crisis teams, including with regard to behavioral health crisis services under the Miles Hall Lifeline and Suicide Prevention Act, involuntary commitment under the Lanterman-Petris-Short Act, and community-based mobile crisis intervention services through a Medi-Cal behavioral health delivery system under the Medi-Cal program. Current law requires a regional center, which serves individuals with intellectual or developmental disabilities, to implement an emergency response system for, among other groups, consumers who receive mobile crisis services. Current law requires a regional center and a county mental health agency to develop a general plan for crisis intervention for persons served by both systems. Current law establishes an advisory council for purposes of developing recommendations for improving outcomes of interactions between law enforcement and people with intellectual or developmental disabilities or with mental health conditions. This bill, in the case of a county that operates, or that contracts for the operation of, a mobile crisis team or unit, would authorize the county behavioral health director to develop procedures for the mobile</p>	<p>8. Watch</p> <p>AB 308 Fact Sheet</p>

	crisis team or unit that include the handling of an emergency situation, or a crisis incident, involving an individual with an intellectual or developmental disability or an individual with a behavioral health condition. Status: 7/17/2025 - Failed Deadline pursuant to Rule 61(a)(10). (Last location was HUM. S. on 5/21/2025) (May be acted upon Jan 2026)	
AB 1267 Pellerin D	Consolidated license and certification. (Amended: 4/24/2025) Current law requires the State Department of Health Care Services to license and regulate adult alcohol or other drug recovery or treatment facilities that provide residential nonmedical services, as specified, and further requires the department to certify and regulate alcohol and other drug programs, as specified. Current law requires the department to charge various fees for a license or certification. This bill would, beginning January 1, 2027, require the department to offer a consolidated license and certification that allows the holder to operate more than one facility that requires a license, a program that requires a certification, or a combination thereof, that the holder operates within the same geographic location. This bill would define “same geographic location” as the physical location where clients are generally co-located, intermingle, reside, or receive services in one building or multiple buildings within 1,000 feet of each other in areas not zoned exclusively for residential use under local zoning ordinances. Status: 9/11/2025 - Failed Deadline pursuant to Rule 61(a)(14). (Last location was INACTIVE FILE on 9/8/2025)(May be acted upon Jan 2026)	8. Watch AB 1267 Fact Sheet
AB 1540 González, Mark D	988 Suicide & Crisis Lifeline: LGBTQ+ youth. (Amended: 3/19/2026) Existing federal law, the National Suicide Hotline Designation Act of 2020, designates the 3-digit telephone number “988” as the universal number within the United States for the purpose of the national suicide prevention and mental health crisis hotline system operating through the 988 Suicide and Crisis Lifeline. The Miles Hall Lifeline and Suicide Prevention Act requires, among other things, the Office of Emergency Services (OES) to verify that technology that allows for transfers between 988 centers, as well as between 988 centers and 911 public safety answering points, is available to 988 centers and 911 public safety answering points throughout the state, to appoint a 988 system director, and to verify interoperability between and across 911 and 988. Existing law establishes the 988 State Suicide and Behavioral Health Crisis Services Fund and provides that 988 surcharge revenue in the fund is available, upon appropriation by the Legislature, for purposes of the act. This bill would require OES to, no later than June 1, 2027, request the federal Substance Abuse and Mental Health Services Administration (SAMHSA) to enable a press 3 function for calls originating in the State of California to allow callers to dial 988 and press “3” to be automatically routed to a specialized call center. Status: 4/15/2026 - Coauthors revised. From committee: Do pass and re-refer to Com. on APPR. (Ayes 7. Noes 0.) (April 15). Re-referred to Com. on APPR.	5. Support AB 1540 Asm. Health Letter AB 1540 Fact Sheet
AB 1556 Haney D	Recovery residences: funding. (Amended: 4/23/2026) Existing law establishes the California Interagency Council on Homelessness to oversee the implementation of Housing First guidelines and regulations, and, among other things, identify resources, benefits, and services that can be accessed to prevent and end homelessness in California. Existing law requires a state agency or department that funds, implements, or administers a state program that provides housing or housing-related services to people experiencing homelessness or who are at risk of homelessness to revise or adopt guidelines and regulations to include enumerated Housing First policies. Existing law specifies the core components of Housing First, including services that are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants’ lives and where tenants are engaged in nonjudgmental communication regarding drug and alcohol use. This bill would require a recovery residence, defined as a residence that, among other things, satisfies the core components of Housing First as described above, to meet specified requirements in order to be eligible for state funding, including that residency is initiated by the resident and the resident is additionally offered at least one harm-reduction housing placement option, relapse is not cause	4. Support if Amended

	for eviction and residents receive relapse support. Status: 4/23/2026 - Read second time and amended.	
AB 1579 Ramos D	Children’s Crisis Continuum Pilot Program. (Amended: 3/3/2026) Existing law requires the State Department of Social Services, jointly with the State Department of Health Care Services (DHCS), to establish the Children’s Crisis Continuum Pilot Program. Existing law requires the department, jointly with DHCS, to award grants under the pilot program and requires participating entities to develop a highly integrated continuum of care for the foster youth served in the pilot program. Under existing law, that continuum of care is required to include certain components, including, among others, a crisis residential program that is operated in accordance with all statutes and regulations governing its licensure category. This bill would authorize a participating entity that does not have a crisis residential program as a part of its continuum of care, but that has included in its continuum of care a comparable type of treatment component designed to serve children and youth experiencing the highest level of acute behavioral health needs in a residential setting, to utilize all awarded grant funds, including any funds specifically designated to fund a crisis residential program, to fund any other component of the continuum of care. Status: 4/23/2026 - VOTE: Do pass as amended and be re-referred to the Committee on [Appropriations] (PASS)	5. Support AB 1579 Asm. HS Letter AB 1579 Fact Sheet
AB 1586 Ramos D	Opioid overdose reversal medication: school resource officers. (Amended: 3/23/2026) Would enact the School Safety and Opioid Overdose Prevention Act, and commencing with the 2027–28 school year, would require a school resource officer, as defined, to (1) upon assignment to a schoolsite, and at least every 2 years thereafter, complete an opioid overdose recognition and response training, as specified, and (2) annually report to the Commission on Peace Officer Standards and Training, among other things, the number of times the school resource officer administered an opioid antagonist while serving at a schoolsite. The bill would prohibit a school resource officer who administers an opioid antagonist while assigned to a schoolsite, and their employing or contracting entity, from being held liable in a civil action or being subject to criminal prosecution for the school resource officer’s acts or omissions, unless those acts or omissions constitute gross negligence or willful and wanton misconduct, as provided. Status: 3/24/2026 - Re-referred to Com. on APPR.	5. Support AB 1586 Fact Sheet
AB 1626 Gabriel D	Interscholastic athletics: youth sports: coaches: behavioral and mental health training. (Amended: 4/8/2026) Existing law requires the governing board of each school district to have general control of, and be responsible for, all aspects of the interscholastic athletic policies, programs, and activities in its school district, as provided, and requires the governing board of a school district to ensure that all interscholastic policies, programs, and activities in the school district are in compliance with state and federal law. Existing law authorizes the governing board of a school district to enter into associations or consortia with other governing boards for purposes of governing regional or statewide interscholastic athletics, as provided. Existing law describes the California Interscholastic Federation (CIF) as a voluntary organization that consists of school and school-related personnel with responsibility for administering interscholastic athletic activities in secondary schools and states the intent of the Legislature that the CIF, in consultation with the State Department of Education, implement specified policies relating to interscholastic athletics. Existing law, the 1998 California High School Coaching Education and Training Program, declares the intent of the Legislature to establish a California High School Coaching Education and Training Program, to be administered by school districts with an emphasis on specific components, including, among other components, sports psychology. Existing law requires every high school sports coach to complete, at their own expense, a coaching education program that meets the guidelines established by the California High School Coaching Education and Training Program. This bill would require specified trainings for coaches described in AB 1665 of the 2025–26 Regular Session to cover specified mental-health related topics, including, among other topics, trauma-informed care, as provided,	5. 	<p>and strategies of creating a positive team culture, as provided.</p> <p>Status: 4/23/2026 - Coauthors revised. From committee: Do pass and re-refer to Com. on APPR. with recommendation: To Consent Calendar. (Ayes 9. Noes 0.) (April 22). Re-referred to Com. on APPR.</p>	
<p>AB 1660 Schiavo D</p>	<p>Public guardians and public administrators. (Amended: 4/9/2026) Existing law requires a financial institution or other person, without inquiring into the truth of the written certification and without court order or letters being issued, to provide the public guardian or public conservator with specified information and to take specified actions. Existing law sets forth provisions for the calculation of the amount of CalWORKs aid eligible to a household based in part on the size of the assistance unit. Under existing law and CalWORKs rules, aid is not affected for a member of the assistance unit who is temporarily absent from the home, and a child who is a patient in a public or private hospital for medical or surgical care is considered temporarily absent from the home for the duration of the hospital stay. Under this bill, a child or other member of the assistance unit who is unlawfully detained in a federal immigration detention facility would be considered temporarily absent from the home for the duration of the detention. Under the bill, the member would be deemed to be unlawfully detained if a report of misconduct by federal agents is submitted to the California Attorney General. The bill would require a county human services agency, upon request, to inform and provide notice to an applicant or recipient household on how to submit that report. The bill would make related legislative findings. This bill would authorize a court to award sanctions of no less than \$1,000 per violation for fees paid and costs incurred for failure of a financial institution, government or private agency, retirement fund administrator, insurance company, licensed securities dealer, or other person, as specified, to comply with these requirements.</p> <p>Status: 4/13/2026 - Read second time. <p>AB 1676 Stefani D</p>	<p>Mental health services: assisted outpatient treatment: involuntary medication. (Amended: 3/24/2026) Laura's Law requires a county or group of counties to provide assisted outpatient treatment as part of mental health services, unless a county or group of counties opts out by a resolution passed by the governing body, as specified. For participating counties, existing law authorizes a court to order a person who is the subject of a certain petition to obtain assisted outpatient treatment if the court finds, by clear and convincing evidence, that various conditions are met, including, among others, that the person is experiencing a mental illness and that the person has a history of lack of compliance with treatment for their mental illness, as specified. Existing law sets forth certain rights of the person relating to the hearing and imposes conditions on an extension to an initial treatment order. This bill would authorize the county behavioral health director, or their designee, to file a petition for an order authorizing the use of involuntary psychotropic medication independent of, or concurrently with, a petition for assisted outpatient treatment. The bill would authorize a court to issue an order for the use of involuntary medication if the court finds, by clear and convincing evidence, that the facts stated in the required verified petition are true and establish that, among other things, a licensed mental health treatment provider has determined the person who is the subject of the petition has a serious mental disorder. The bill would specify rights that the person who is the subject of the petition is entitled to, including the right to demand a court or jury trial on the issue or issues of whether the person has a serious mental disorder, the person does not have the capacity to refuse treatment with psychotropic medications, or the psychotropic medications are necessary to prevent a relapse or deterioration that would be likely to result in grave disability or serious harm to the person or to others. The bill would provide the procedure for filing of the petition and setting of a trial date. The bill would prohibit any order for involuntary medication until the conclusion of the court or jury trial.</p> <p>Status: 4/13/2026 - In committee: Set, first hearing. AB 1779 Davies R	<p>Alcoholism and drug abuse recovery and treatment programs: inducement of participants. (Amended: 4/23/2026) Existing law provides for the licensure and regulation of drug testing laboratories and adult alcoholism or drug abuse recovery or treatment facilities and provides for the certification and regulation of adult alcoholism or drug abuse recovery or treatment programs by the State Department of Health Care Services and authorizes the department to enforce those provisions. Existing law authorizes a facility described above to offer transportation services to an individual who is seeking recovery or treatment services only if specified conditions are met, including, among other things, that any air transportation provided to the individual includes a return ticket that may be used by the individual upon discharge and that a return ticket not used by an individual upon discharge is made available to the individual upon request for a period of one year following the individual's discharge. This bill would require a laboratory, facility, or program described above that provides air transportation to provide a ticket for round-trip transportation. The bill would additionally require, as conditions on the provision of transportation services, that the cost of the recovery or treatment services are prohibitive for the individual without assistance from the laboratory, facility, or program, and would require the laboratory, facility, or program to obtain written acknowledgment by the individual that the transportation is not tied to insurance benefits or program participation, to document the purpose and cost of the transportation, to compile information related to the provision of transportation, and to annually publish the compiled information on its internet website.</p> <p>Status: 4/23/2026 - Read second time and amended.</p>	<p>8. Watch</p> <p>AB 1779 Fact Sheet</p>
AB 1876 Addis D	<p>Health care coverage: nondiscrimination. (Introduced: 2/12/2026) Existing law requires health care service plans and health insurers, as specified, within 6 months after the relevant department issues specified guidance, or no later than March 1, 2025, to require all of their staff who are in direct contact with enrollees or insureds in the delivery of care or enrollee or insured services to complete evidence-based cultural competency training for the purpose of providing trans-inclusive health care for individuals who identify as transgender, gender diverse, or intersex. This bill would prohibit a subscriber, enrollee, policyholder, or insured from being excluded from enrollment or participation in, being denied the benefits of, or being subjected to discrimination by, any health care service plan or health insurer licensed in this state, on the basis of race, color, national origin, age, disability, or sex. The bill would define discrimination on the basis of sex for those purposes to include, among other things, sex characteristics, including intersex traits, pregnancy, and gender identity. The bill would prohibit a health care service plan or health insurer from taking specified actions relating to providing access to health programs and activities, including, but not limited to, denying or limiting health care services to an individual based upon the individual's sex assigned at birth, gender identity, or gender otherwise recorded. The bill would prohibit a health care service plan or health insurer, in specified circumstances, from taking various actions, including, but not limited to, denying, canceling, limiting, or refusing to issue or renew health care service plan enrollment, health insurance coverage, or other health-related coverage, or denying or limiting coverage of a claim, or imposing additional cost sharing or other limitations or restrictions on coverage, on the basis of race, color, national origin, sex, age, disability, as specified.</p> <p>Status: 4/15/2026 - Coauthors revised. <p>AB 1899 Caloza D</p>	<p>Office of Youth Homelessness Prevention. (Amended: 4/9/2026) The Governor's Reorganization Plan No. 1 of 2025, beginning July 1, 2026, eliminates the Business, Consumer Services, and Housing Agency and instead establishes the Business and Consumer Services Agency and the California Housing and Homelessness Agency. The plan also, among other things, establishes the California Interagency Council on Homelessness as an independent entity within the California Housing and Homelessness Agency and renames the existing council as the California Interagency Executive Council on Homelessness, which it establishes within the California Interagency Council on Homelessness. Existing law requires the Interagency Council on Homelessness to set and measure progress toward goals to prevent and end homelessness among youth in California by setting specific, measurable goals aimed at preventing and ending homelessness among youth in the state, as provided. This bill would establish within the California Interagency Council on Homelessness the Office of Youth Homelessness Prevention (office), with the mission of reducing youth homelessness in the state to functional zero, defined as the condition in which the number of youth</p>	8. Watch

	<p>experiencing homelessness does not exceed the capacity to provide youth with permanent housing. The bill would impose prescribed responsibilities on the office, including, by September 15, 2027, developing and overseeing the implementation of a comprehensive framework to reduce youth homelessness to functional zero containing specific and measurable goals, as provided.</p> <p>Status: 4/23/2026 - From committee: Do pass and re-refer to Com. on APPR. with recommendation: To Consent Calendar. AB 2011 Hart D	<p>Nonquantitative treatment limitations. (Introduced: 2/17/2026) Current federal law, the federal Paul Wellstone and Pete Domenici Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA), requires group health plans and health insurance issuers that provide both medical and surgical benefits and mental health or substance use disorder benefits to ensure that financial requirements and treatment limitations applicable to mental health or substance use disorder benefits are no more restrictive than the predominant requirements or limitations applied to substantially all medical and surgical benefits. Current state law requires every health care service plan and disability insurance policy issued, amended, or renewed on or after January 1, 2021, that provides hospital, medical, or surgical coverage to provide coverage for medically necessary treatment of mental health and substance use disorders under the same terms and conditions applied to other medical conditions, as specified. This bill would prohibit a health care service plan or insurer from relying upon discriminatory factors or evidentiary standards to design a nonquantitative treatment limitation (NQTL) to be imposed on mental health or substance use disorder benefits, as specified. To ensure that an NQTL applicable to mental health or substance use disorder benefits in a classification is no more restrictive than the predominant NQTL applied to substantially all medical/surgical benefits in the classification, the bill would require a health care service plan or insurer to collect and evaluate relevant data to assess the impact of the NQTL on outcomes related to access to mental health and substance use disorder benefits and medical/surgical benefits. The bill would require specified health care service plans or insurers to perform and document comparative analyses of the design and application of each NQTL applicable to mental health or substance use disorder benefits in accordance with prescribed requirements and submit the analyses to the respective departments by January 1, 2027, and annually thereafter.</p> <p>Status: 4/9/2026 - Read second time. <p>AB 2138 Krell D</p>	<p>Medi-Cal: enhanced care management: peer support specialists. (Amended: 3/24/2026) The Medi-Cal program is in part governed by, and funded pursuant to, federal Medicaid program provisions. Existing law requires the State Department of Health Care Services to implement an enhanced care management (ECM) benefit designed to address the clinical and nonclinical needs on a whole-person-care basis for certain target populations of Medi-Cal beneficiaries enrolled in Medi-Cal managed care plans. Under existing law, target populations include, among others, high utilizers with frequent hospital admissions, short-term skilled nursing facility stays, or emergency room visits, and individuals experiencing homelessness. Existing law authorizes a county, or an agency representing a county, to develop a peer support specialist certification program, subject to departmental approval. Under existing law, these specialists are individuals, at least 18 years of age, who self-identify as having lived experience with the process of recovery from mental illness, substance use disorder, or both, as specified. Existing law requires the department to seek any federal waivers that it deems necessary to establish a demonstration or pilot project for the provision of peer support services in counties that agree to participate. This bill would require the State Department of Health Care Services to require, as a condition of providing ECM, that each ECM provider maintain an interdisciplinary care team that includes at least one peer support specialist who is integrated into ECM service delivery and available to support ECM members. The bill would set forth the functions of a peer support specialist for ECM purposes.</p> <p>Status: 4/23/2026 - From committee: Amend, and do pass as amended and re-refer to Com. on APPR. (Ayes 15. <p>AB 2275 Bains D</p>	<p>Mental health diversion. (Introduced: 2/19/2026) Current law authorizes the court to grant pretrial diversion to a defendant diagnosed with a mental disorder if the defendant satisfies certain eligibility requirements and if the court determines that the defendant is suitable for diversion. Current law provides that a defendant is eligible for diversion if they have been diagnosed with certain mental disorders and the court finds that the mental disorder was a significant factor in the commission of the charged offense, unless there is clear and convincing evidence that the disorder was not a motivating, causal, or contributing factor to the defendant's involvement in the alleged offense. Current law excludes a defendant from diversion for specified charged offenses, including, among others, murder, voluntary manslaughter, rape, or continuous sexual abuse of a child, as specified. Current law prohibits a person from being tried or adjudged to punishment while that person is mentally incompetent, establishes a process by which a defendant's mental competency is evaluated, and requires a court, before ordering a defendant to be committed to the State Department of State Hospitals or other treatment facility, to hear and determine whether the defendant lacks the capacity to make decisions regarding the administration of antipsychotic medication, as specified. This bill would revise the eligibility requirement by prohibiting the court from finding the defendant eligible solely based on the defendant's diagnosis of a mental disorder and would additionally require the court to find that the defendant is not mentally incompetent. The bill would require the defendant, in order to be eligible, to provide a written diagnosis of a mental disorder, from within the preceding 2 years, to the court and the prosecution, as specified. The bill would additionally exclude a defendant from diversion if they were charged with theft or an attempted theft offense, if the crime was carried out in a manner demonstrating planning, sophistication, or professionalism.</p> <p>Status: 3/9/2026 - Referred to Com. on PUB. <p>SB 28 Umberg D</p>	<p>Treatment court program standards. (Amended: 5/23/2025) Current law, the Treatment-Mandated Felony Act, an initiative measure enacted by the voters as Proposition 36 at the November 5, 2024, statewide general election, authorizes certain defendants convicted of specified felonies or misdemeanors to participate in a treatment program, upon court approval, in lieu of a jail or prison sentence, or grant of probation with jail as a condition of probation, if specified criteria are met. The Legislature may amend this initiative by a statute passed in each house by a rollcall vote entered in the journal, 2/3 of the membership concurring, or by a statute that becomes effective only when approved by the voters. This bill would include a new standard that, as part of the treatment court program, a drug addiction expert, as defined, conducts a substance abuse and mental health evaluation of the defendant, and submits the report to the court and the parties. The bill would remove the requirement that the Judicial Council revise the standards of judicial administration. The bill would require that a treatment program that complies with existing judicial standards be offered to a person that is eligible for treatment pursuant to the Treatment-Mandated Felony Act. By requiring the court to implement a</p>	<p>4. Support if Amended</p> <p>SB 28 SIA to Asm. Pub Safety SB 28 Supp. if Amended Letter to S. PS SB 28 Fact Sheet</p>

	treatment program that complies with existing judicial standards, the bill would amend that initiative statute. Status: 7/15/2025 - July 15 hearing postponed by committee.	
SB 329 Blakespear D	Alcohol and drug recovery or treatment facilities: investigations. (Amended: 3/28/2025) Current law provides for the licensure and regulation of alcohol or other drug recovery or treatment facilities by the State Department of Health Care Services. Current law prohibits operating an alcohol or other drug recovery or treatment facility to provide recovery, treatment, or detoxification services within this state without first obtaining a current valid license. If a facility is alleged to be providing those services without a license, existing law requires the department to conduct a site visit to investigate the allegation. Current law also authorizes the department to conduct announced or unannounced site visits to licensed facilities for the purpose of reviewing them for compliance, as specified. This bill would require the department to assign a complaint under its jurisdiction regarding an alcohol or other drug recovery or treatment facility to an analyst for investigation within 10 days of receiving the complaint. If the department receives a complaint that does not fall under its jurisdiction, the bill would require the department to notify the complainant, in writing, that it does not investigate that type of complaint. Status: 8/28/2025 - Failed Deadline pursuant to Rule 61(a)(11). (Last location was APPR. SUSPENSE FILE on 7/2/2025)(May be acted upon Jan 2026)	3. Oppose Unless Amended SB 329 Fact Sheets
SB 363 Wiener D	Health care coverage: independent medical review. (Amended: 7/17/2025) Current law provides for the regulation of health insurers by the Department of Insurance. Existing law establishes the Independent Medical Review System within each department, under which an enrollee or insured may seek review if a health care service has been denied, modified, or delayed by a health care service plan or health insurer and the enrollee or insured has previously filed a grievance that remains unresolved after 30 days. This bill would require a health care service plan or health insurer to annually report to the appropriate department the total number of claims processed by the health care service plan or health insurer for the prior year and its number of treatment denials or modifications, separated and disaggregated as specified, commencing on or before June 1, 2026. The bill would require the departments to compare the number of a health care service plan's or health insurer's treatment denials and modifications to (1) the number of successful independent medical review overturns of the plan's or insurer's treatment denials or modifications and (2) the number of treatment denials or modifications reversed by a plan or insurer after an independent medical review for the denial or modification is requested, filed, or applied for. For a health care service plan or health insurer with 10 or more independent medical reviews in a given year, the bill would make the health care service plan or health insurer liable for an administrative penalty, as specified, if more than 50% of the independent medical reviews filed with a health care service plan or health insurer result in an overturning or reversal of a treatment denial or modification in any one individual category of specified general types of care. Status: 8/29/2025 - Failed Deadline pursuant to Rule 61(a)(11). (Last location was APPR. SUSPENSE FILE on 8/20/2025)(May be acted upon Jan 2026)	8. Watch SB 363 Fact Sheet
SB 417 Cabaldon D	The Affordable Housing Bond Act of 2026. (Amended: 1/22/2026) Under existing law, there are programs providing assistance for, among other things, emergency housing, multifamily housing, farmworker housing, home ownership for very low and low-income households, and downpayment assistance for first-time home buyers. Existing law also authorizes the issuance of bonds in specified amounts pursuant to the State General Obligation Bond Law and requires that proceeds from the sale of these bonds be used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, and housing-related parks. This bill would enact the Affordable Housing Bond Act of 2026, which, if adopted, would authorize the issuance of bonds in the amount of \$10,000,000,000 pursuant to the State General Obligation Bond Law. Proceeds from the sale of these bonds would be used to finance programs to fund affordable rental housing and home ownership programs, including, among others, the	8. Watch

<p>SB 490 Umberg D</p>	<p>Alcohol and drug programs. (Amended: 1/5/2026) Current law provides for the licensure and regulation of adult alcohol or other drug recovery or treatment facilities by the State Department of Public Health and prohibits the operation of one of those facilities without a current valid license. Current law requires the department, if a facility is alleged to be in violation of that prohibition, to conduct a site visit to investigate the allegation. Current law requires, if the department's employee or agent finds evidence that the facility is providing services without a license, the employee or agent to take specified actions, including, among others, submitting the findings of the investigation to the department and issuing a written notice to the facility that includes the date by which the facility is required to cease providing services. Current law establishes the Medi-Cal program, which is administered by the State Department of Health Care Services and under which qualified low-income individuals receive health care services, through fee-for-service or managed care delivery systems. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions. Current law establishes the Drug Medi-Cal Treatment Program (Drug Medi-Cal) and authorizes the department to enter into a Drug Medi-Cal contract with each county for the provision of alcohol and drug use services within the county service area. This bill would require the department, if it determines it has jurisdiction over the allegation, to initiate that investigation within 10 days of receiving the allegation and, except as specified, complete the investigation within 60 days of initiating the investigation. The bill would require the department, if it receives a complaint that does not fall under its jurisdiction, to notify the complainant that it does not investigate that type of complaint. The bill would require the employee or agent to provide the notice described above within 10 days of the employee or agency submitting their findings to the department and to conduct a followup site visit to determine whether the facility has ceased providing services as required.</p> <p>Status: 1/26/2026 - Read third time. <p>SB 947 McNerney D</p>	<p>Employment: automated decision systems. (Amended: 4/22/2026) Existing law requires the Department of Technology to conduct, in coordination with other interagency bodies as it deems appropriate, a comprehensive inventory of all high-risk automated decision systems (ADS) that have been proposed for use, development, or procurement by, or are being used, developed, or procured by, any state agency. Existing law establishes the Labor and Workforce Development Agency, which is composed of various departments responsible for protecting and promoting the rights and interests of workers in California, including the Division of Labor Standards Enforcement, led by the Labor Commissioner, within the Department of Industrial Relations. This bill would prohibit an employer, as defined, from using an ADS to perform certain functions and would limit the purposes for and way in which an ADS may be used. The bill would authorize a worker to request, and require an employer to provide, a copy of the most recent 12 months of the worker's own data primarily used by an ADS to make a disciplinary, termination, or deactivation decision, as specified. The bill would require an employer that primarily relied upon an ADS to make a disciplinary, termination, or deactivation decision to provide the affected worker with a written postuse notice, as specified. This bill would prohibit an employer from discharging, threatening to discharge, demoting, suspending, or in any manner discriminating or retaliating against any worker for taking certain actions asserting their rights under the bill. Status: 4/22/2026 - Read second time and amended. Re-referred to Com. on APPR. Hearing: 5/4/2026 10 a.m. - 1021 O Street, Room 2200 SENATE APPROPRIATIONS, CERVANTES, SABRINA, Chair</p>	<p>8. <p>SB 987 Weber Pierson D</p>	<p>California Health Access Fund. (Introduced: 2/5/2026) The Medi-Cal program is in part governed by, and funded pursuant to, federal Medicaid program provisions. Current federal law, enacted on July 4, 2025, sets forth various changes to different health care programs, including certain requirements for Medicaid eligibility with regard to work or community engagement reporting, redeterminations, and cost sharing, among other factors, for certain Medicaid populations pursuant to a specified implementation timeline. This bill would create the California Health Access Fund, to be administered by the State Department of Health Care Services. Under the bill, moneys in the fund would include deposits, through any applicable transfers made by the Legislature, equal to the amount of any savings to the state resulting from decreased enrollment in the Medi-Cal program caused by enrollment barriers created by the above-described federal law. Under the bill, moneys in the fund would, upon appropriation, be used to ensure that California residents losing health care coverage due to the impacts of the federal law or due to any other divestments from the health care system can continue to receive health care services and that health care providers are reimbursed for these services. Status: 4/13/2026 - April 13 hearing: Placed on APPR. suspense file.</p>	<p>8. Watch SB 987 Fact Sheet</p>
<p>SB 989 Blakespear D</p>	<p>Community Assistance, Recovery, and Empowerment (CARE) Court Program. (Amended: 4/16/2026) The Community Assistance, Recovery, and Empowerment (CARE) Act authorizes specified persons, including a person with whom the respondent resides, family members, first responders, among others, to petition a civil court to create a voluntary CARE agreement or a court-ordered CARE plan and implement services, to be provided by county behavioral health agencies, to provide behavioral health care, including stabilization medication, housing, and other enumerated services, to adults who are currently experiencing a severe mental illness and have a diagnosis identified in the disorder class schizophrenia and other psychotic disorders, and who meet other specified criteria. This bill would authorize a first responder to contact the county behavioral health agency in the county in which the respondent resides to request the agency file a petition to commence the CARE process. The bill would require the agency to review the request and determine whether to file a petition within 30 business days. Status: 4/22/2026 - From committee: Do pass and re-refer to Com. on APPR. (Ayes 12. Noes 0.) (April 21). Re-referred to Com. on APPR. Hearing: 5/4/2026 10 a.m. - 1021 O Street, Room 2200 SENATE APPROPRIATIONS, CERVANTES, SABRINA, Chair</p>	<p>3. <p>SB 993 Ochoa Bogh R</p>	<p>Board of Behavioral Sciences: licensees: notices. (Amended: 4/8/2026) Existing law establishes the Board of Behavioral Sciences and sets forth its powers and duties, including, but not limited to, the licensing, registration, and regulation of marriage and family therapists, educational psychologists, clinical social workers, and professional clinical counselors. Existing law requires these licensees and registrants to provide a client with a written notice stating that the board receives and responds to complaints regarding services provided by the licensee or registrant and containing specified information about the licensee or registrant and their license. This bill would authorize the employing entity or agency of the licensee or registrant, in specified practice settings, to exercise discretion whether to disclose any or all of the information about the licensee or registrant and their license in the notice based on individual safety concerns if certain requirements are met. Status: 4/20/2026 - From committee: Do pass and re-refer to Com. on APPR. (Ayes 9. Noes 0.) (April 20). Re-referred to Com. on APPR. Hearing: 5/4/2026 10 a.m. - 1021 O Street, Room 2200 SENATE APPROPRIATIONS, CERVANTES, SABRINA, Chair</p>	<p>5. Support</p>
<p>SB 995 Pérez D</p>	<p>Involuntary residential facilities: health and safety inspections. (Amended: 4/16/2026) Existing law requires the operator of a private detention facility, as defined, to comply with, and adhere to, the detention standards of care and confinement agreed upon in the facility's contract for operations, as specified. Existing law requires a private detention facility operator to comply with, and adhere to, all local and state public health orders and occupational safety and health regulations. This bill, the Masuma Khan Justice Act, would authorize the State Department of Public Health to inspect an involuntary residential facility, defined as a facility that houses more than 50 individuals overnight, restricts residents' ability to enter or leave, as specified, and provides specified onsite services, for the limited purpose of ensuring sanitary, hygienic, and safe conditions, using standards and inspection protocols consistent with those applied to licensed residential health facilities. Status: 4/22/2026 - From committee: Do pass and re-refer to Com. on APPR. (Ayes 12. Noes 0.) (April 21). Re-referred to Com. on APPR. Hearing: 5/4/2026 10 a.m. - 1021 O Street, Room 2200 SENATE APPROPRIATIONS, CERVANTES, SABRINA, Chair</p>	<p>8. Watch</p> <p>SB 995 Fact Sheet</p>
<p>SB 1016 Blakespear D</p>	<p>Community Assistance, Recovery, and Empowerment (CARE) Court Program and court-ordered evaluations. (Amended: 3/26/2026) The Community Assistance, Recovery, and Empowerment (CARE) Act (CARE Act), authorizes specified persons, including a person with whom the respondent resides, family members, and first responders, among others, to petition a civil court to create a voluntary CARE agreement or a court-ordered CARE plan and implement services, to be provided by county behavioral health agencies, to provide behavioral health care, including stabilization medication, housing, and other enumerated services, to adults who are currently experiencing a severe mental illness and have a diagnosis identified in the disorder class schizophrenia and other psychotic disorders, or bipolar I disorder with psychotic features, and who meet other specified criteria. Existing law requires the Judicial Council to develop a mandatory form for use to file a CARE process petition with the court and any other forms necessary for the CARE process, to be signed under the penalty of perjury, and requires the form to contain certain information, including either a specified affidavit of a licensed behavioral health professional or evidence the respondent was detained for a minimum of two intensive treatments pursuant to specified provisions of law. Existing law, the Lanterman-Petris-Short Act (LPS Act), generally provides for the evaluation, treatment, and civil commitment of persons with mental health disorders and other specified persons. This bill would, among other things, authorize a petitioner of a CARE Act petition to request that the court order a mental health evaluation under the LPS Act if the petitioner believes that the person may not be willing or able to participate in the CARE process and a CARE plan or CARE agreement due to the severity of their mental disorder or lack of insight into their mental disorder, and would require the Judicial Council to include on the mandatory petition form an option for the petitioner to request that evaluation. The bill would authorize the petitioner to submit one or more declarations together with any supporting records, reports, or other evidence available to the petitioner, setting forth facts sufficient to establish probable cause that the respondent is or is at risk of becoming a person who is, as a result of mental</p>	<p>2. SB 1060 Valladares R	Alcohol and drug treatment facilities. (Introduced: 2/12/2026) Current law requires the State Department of Health Care Services to license and regulate facilities that provide residential nonmedical services to adults who are recovering from problems related to alcohol, drug, or alcohol and drug misuse or abuse, and who need alcohol, drug, or alcohol and drug recovery treatment or detoxification services. Violation of licensing provisions is punishable through revocation or suspension of the license and civil penalties. This bill would prohibit an alcohol or other drug recovery or treatment facility from operating within 1,000 feet of a public or private elementary or secondary school or a daycare center if the recovery or treatment facility serves more than 6 residents and treatment is being provided at the facility. Status: 4/6/2026 - April 8 set for first hearing canceled at the request of author.	2. Oppose SB 1060 Opposition Letter to S. Health SB 1060 Fact Sheet
SB 1109 Alvarado-Gil R	Short-term residential therapeutic programs. (Amended: 4/13/2026) The California Community Care Facilities Act provides for the licensing and regulation of community care facilities, including short-term residential therapeutic programs, by the State Department of Social Services, and defines a short-term residential therapeutic program as a residential facility licensed by the department and operated by any public agency or private organization that provides an integrated program of specialized and intensive care and supervision, services and supports, treatment, and short-term, 24-hour care and supervision to children that is trauma-informed. Under the act, the department is authorized to issue citations for violations of these provisions. This bill would, notwithstanding any law and commencing January 1, 2027, require licenses for short-term residential therapeutic programs to be renewed annually if the licensee has a total of 5 or more specified citations in the past 12 months, or if a short-term residential therapeutic program operates in a county with less than 75,000 residents and that does not have a high school or a general acute care hospital operating in the county. Status: 4/20/2026 - VOTE: Do pass as amended, but first amend, and re-refer to the Committee on [Appropriations] (PASS)	8. Watch
SB 1221 Stern D	Lanterman-Petris-Short Act: conservatorships. (Amended: 4/16/2026) Under the Lanterman-Petris-Short (LPS) Act existing law defines “gravely disabled” as a condition in which a person, as a result of a mental health disorder, a severe substance use disorder, or a co-occurring mental health disorder and a severe substance use disorder, is unable to provide for their basic personal needs for food, clothing, shelter, personal safety, or necessary medical care. Existing law prohibits a person from being tried or adjudged to punishment while that person is mentally incompetent, and establishes a process by which a defendant’s mental competency is evaluated. Existing law also defines “gravely disabled” under the LPS Act to mean an individual who is found to be mentally incompetent pursuant to the above-described process and for which specified conditions are met, including, among others, information pending against the person at the time of commitment charges a felony involving death, great bodily harm, or a serious threat to the physical well-being of another person, there has been a finding of probable cause, and the person represents a substantial danger of physical harm to others by reason of a mental disease, defect, or disorder. This bill would require the condition of whether the person represents a substantial danger of physical harm to be evaluated based upon the person’s ability to be nonviolent outside of an incarcerated setting, as specified. Status: 4/23/2026 - From committee: Do pass as amended and re-refer to Com. on APPR. (Ayes 5. Noes 0.) (April 21). Hearing: 4/27/2026 #17 SENATE SENATE BILLS - SECOND READING FILE	2. <p>SB 1242 Choi R</p>	<p>Community Assistance, Recovery, and Empowerment (CARE) Court Program. (Amended: 4/20/2026) Existing law, the Community Assistance, Recovery, and Empowerment (CARE) Act, authorizes specified adult persons to petition a civil court to create a voluntary CARE agreement or a court-ordered CARE plan and implement services, to be provided by county behavioral health agencies, to provide behavioral health care, including stabilization medication, housing, and other enumerated services, to adults who are currently experiencing a severe mental illness and have a diagnosis identified in the disorder class schizophrenia and other psychotic disorders, and who meet other specified criteria. Existing law authorizes specified individuals to file a petition to commence the CARE process, including, but not limited to, a spouse, parent, sibling, child, grandparent, or an individual who stands in loco parentis to the respondent. Existing law requires the court to issue an order relieving the original petitioner if the petitioner is someone other than the director of a county behavioral health agency or their designee and appoint the director or their designee as the successor petitioner. Existing law requires the original petitioner to have specified rights to notice of proceedings if the petitioner is a parent or specified family member or the person with whom the respondent resides. Existing law authorizes the court to allow the original petitioner to participate in the respondent's CARE proceedings to the extent the respondent consents. This bill, if the original petitioner is a parent or specified family member, would require the court to allow the original petitioner to participate in the respondent's CARE program for the purpose of assisting in care coordination and providing relevant information to the CARE team, unless the court determines, on its own motion or on motion of the respondent, at any point in the proceedings, that it would likely be detrimental to the treatment or well-being of the respondent.</p> <p>Status: 4/20/2026 - From committee with author's amendments. <p>SB 1373 Grove R</p>	<p>Mental health diversion. (Amended: 4/15/2026) Existing law authorizes the court to grant pretrial diversion to a defendant diagnosed with a mental disorder if the defendant satisfies certain eligibility requirements and if the court determines that the defendant is suitable for diversion. Existing law provides that a defendant is eligible for diversion if they have been diagnosed with certain mental disorders and the court finds that the mental disorder was a significant factor in the commission of the charged offense, unless there is clear and convincing evidence that the disorder was not a motivating, causal, or contributing factor to the defendant's involvement in the alleged offense. Existing law excludes a defendant from diversion for specified charged offenses, including, among others, murder, voluntary manslaughter, rape, or continuous sexual abuse of a child, as specified. The bill would instead make the defendant suitable for diversion if they do not pose a substantial and undue risk to the physical safety of another person and would add to the list of things the court may specifically consider in making that determination, including the defendant's prior history in a pretrial diversion plan and the severity of injury to the victim.</p> <p>Status: 4/22/2026 - From committee: Do pass and re-refer to Com. on APPR. the court to, for a person found mentally incompetent and not charged with certain felony offenses, among other things, determine whether restoring the person to mental competence is in the interests of justice. Existing law requires the court to, if restoring the person to mental competence is not in the interests of justice, conduct a hearing, as specified, and determine the person's eligibility for diversion. Under existing law, if the court determines that the person is ineligible or unsuitable for diversion, the court is authorized to hold a hearing to determine the person's other options, including referral to assisted outpatient treatment, county conservatorship, and the CARE program. Existing law requires a person's charges to be dismissed if the person is accepted into assisted outpatient treatment or the CARE program or upon a filing of either a temporary or permanent conservatorship petition. This bill would authorize a county behavioral health agency and jail medical provider to share confidential medical records and other relevant information with the court for the purpose of determining likelihood of eligibility for behavioral health services and programs pursuant to the above provisions. The bill would exempt from the requirement to dismiss charges instances where the person's case has been referred back to the court within certain time periods. This bill contains other related provisions and other existing laws.
