HEALTH AND HUMAN SERVICES AGENCY

BEHAVIORAL HEALTH ADVISORY BOARD ACTION ITEM MARCH 7, 2019

2018 DATA NOTEBOOK

The Data Notebook is an annual product of local behavioral health boards/commissions, structured by the California Behavioral Health Planning Council to obtain information on mental health services in each California County. The responses are compiled and analyzed by policymakers, stakeholders, and the general public.

On February 7, BHS staff reviewed the data notebook with BHAB, at the direction of the BHAB Chair. Input was collected from BHAB members and incorporated into a final draft for review. The 2018 Data Notebook is due to the California Behavioral Health Planning Council on April 1, 2019.

It is THEREFORE, staff's recommendation that your board vote the approve the 2018 Data Notebook as drafted, and authorize staff to submit the Data Notebook to the Behavioral Health Planning Council on behalf of BHAB.
