

REPORT BACK ON CONSERVATORSHIP PROCEDURE PILOT PROGRAM

*Dr. Luke Bergmann, Director, Behavioral Health Services,
Health and Human Services Agency*

November 5, 2020

SB 1045/40 **establishes a brand new type of conservatorship** for a person who is incapable of caring for their own health and well-being **due to a serious mental illness and substance use disorder, as evidenced by frequent detention** (≥ 8 /year) for evaluation/treatment pursuant to W&IC Section 5150 for the counties of San Francisco, Los Angeles and San Diego only and as a 5-year pilot.

CHALLENGES

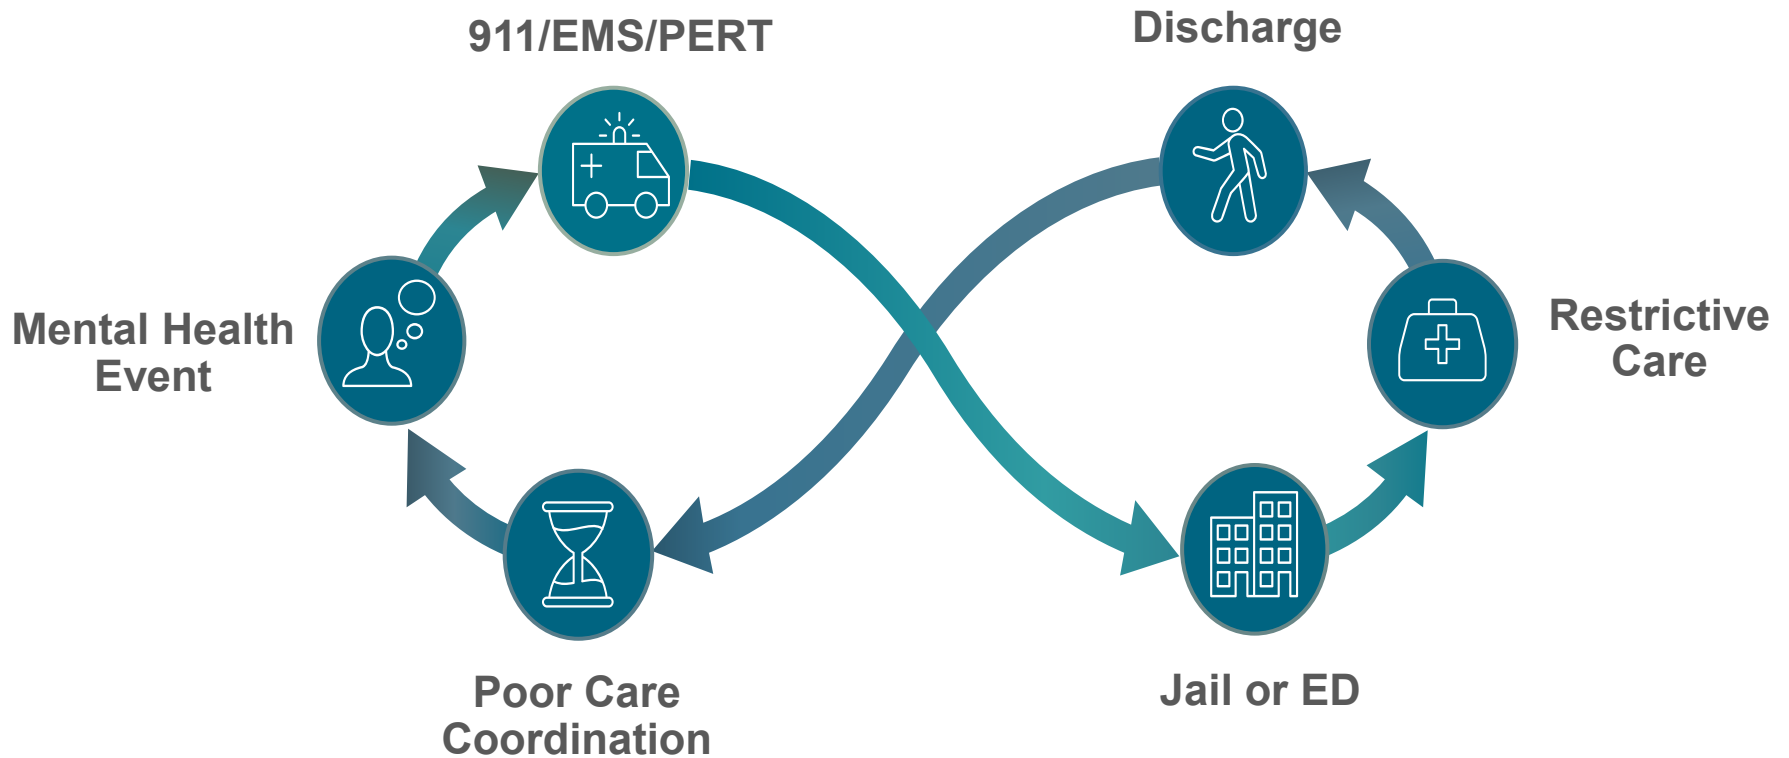

- Low numbers eligible
- Disproportionate administrative burden associated with implementation
- Lack of evidence for cohort definition

OPPORTUNITIES

- Build more robust services for those with highest needs
- Build services that will stay connected longitudinally

THE BEHAVIORAL HEALTH CYCLE

VALUE OF CARE COORDINATION

Works across systems and is person-centered

Workforce qualifications and tailored certification

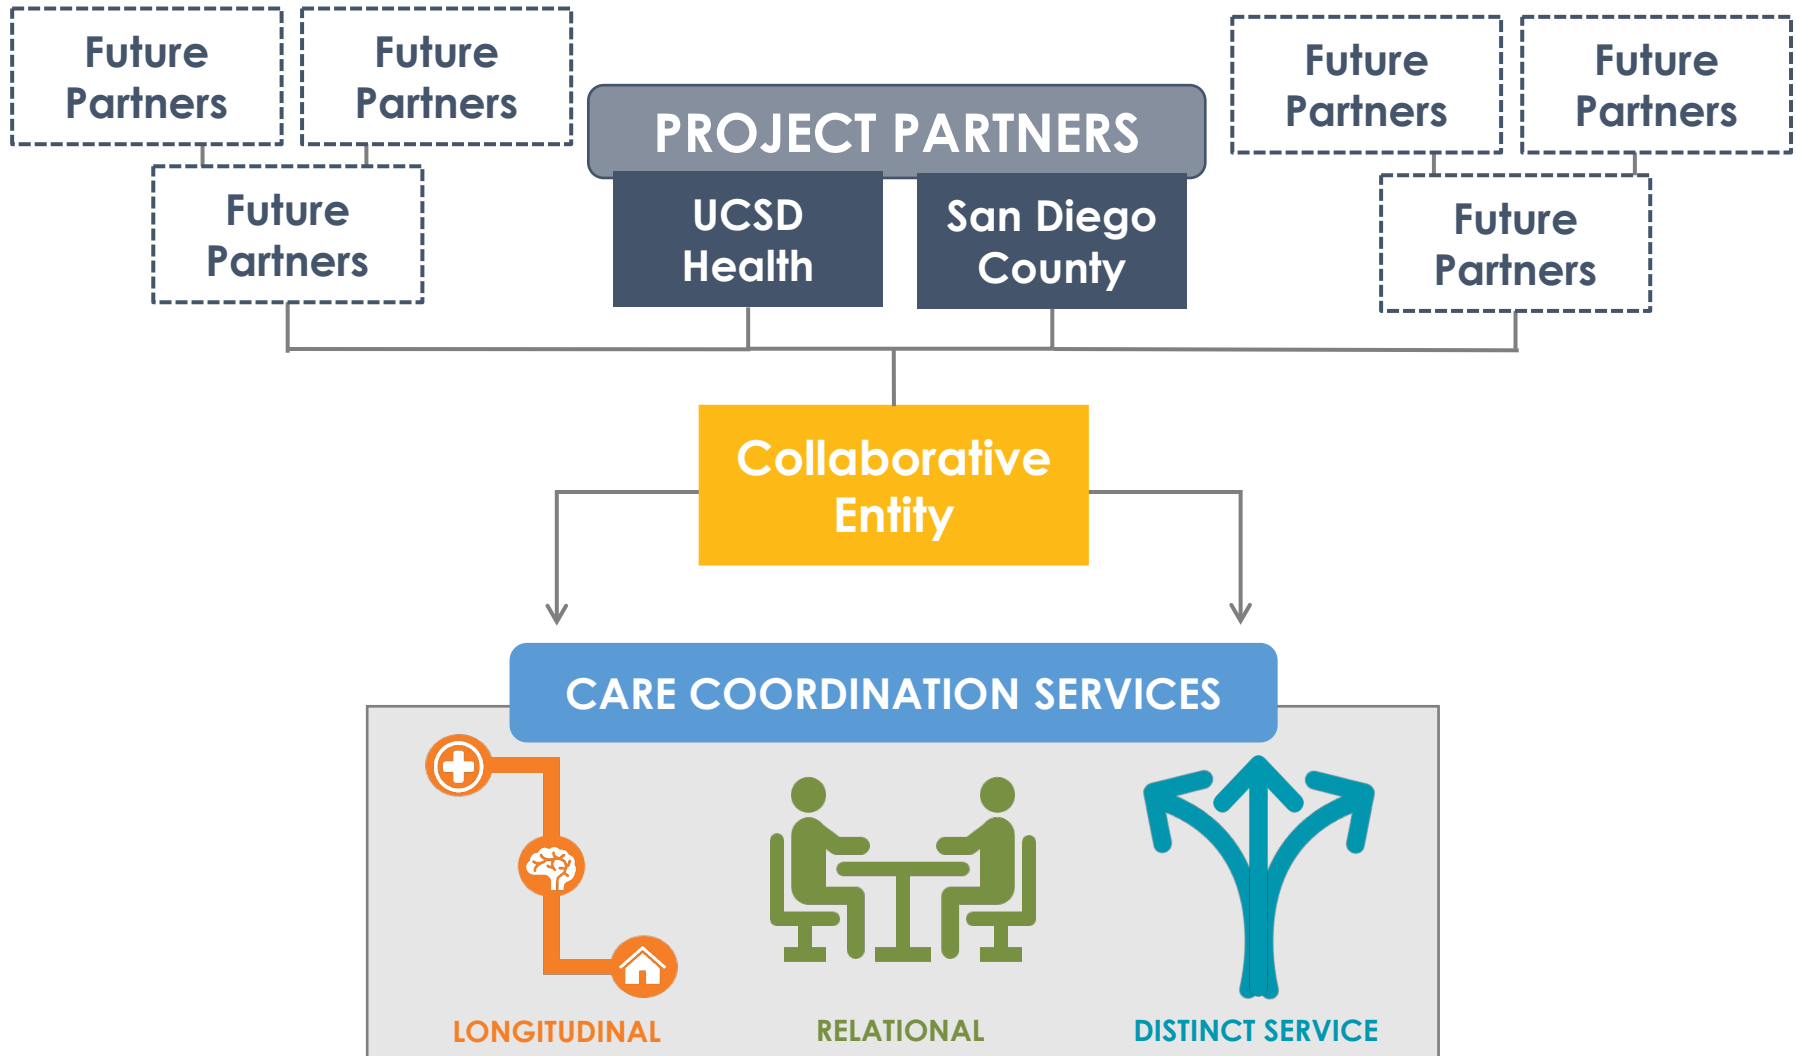

Technology platform with dashboards related to social determinants, behavioral and physical health

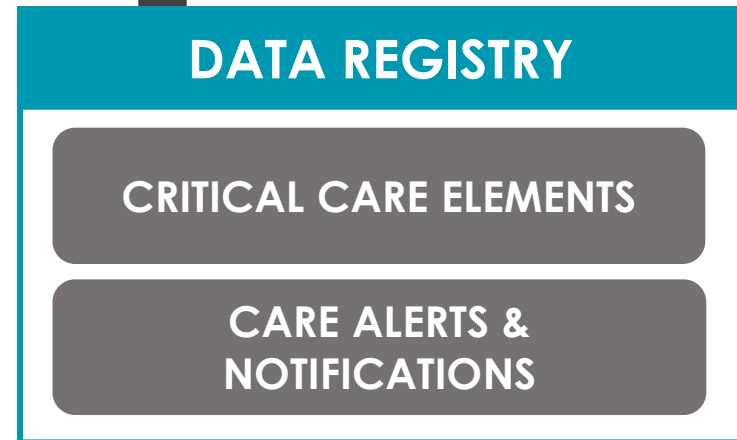

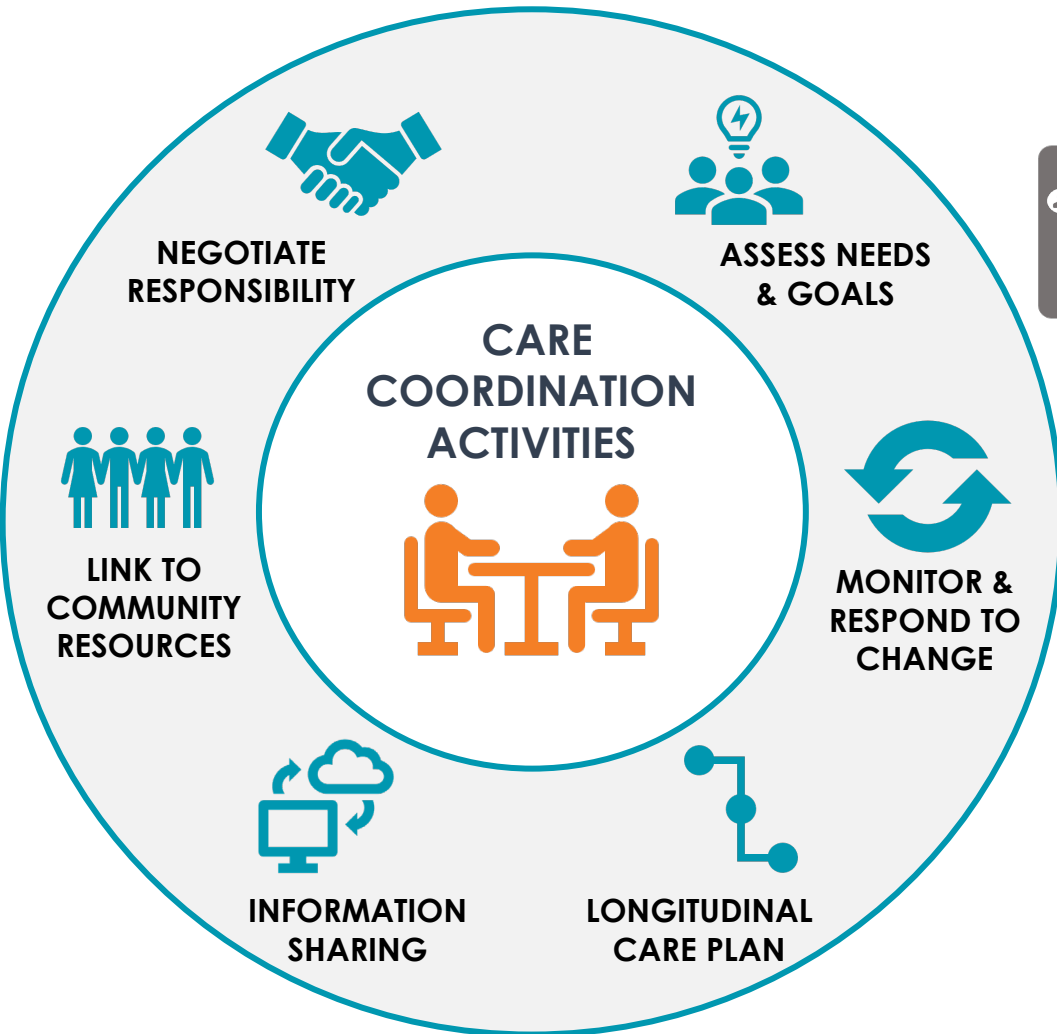

Independent structure to oversee care coordinators

CARE COORDINATION

CARE COORDINATION

RECOMMENDED ACTION

Support the board letter recommendation to **build upon the existing Care Coordination work and collaborations** to address the needs of this vulnerable population and **forego implementation of SB 1045/40** in San Diego County
