In addition, the recommended actions authorize the County of San Diego to enter into a revenue agreement with the City of San Diego.

UPDATE FROM EDGEMOOR DISTINCT PART SKILLED NURSING FACILITY

Baldrige Award

Following Edgemoor's Baldrige Award Site Visit, Edgemoor received notice that it had come close to earning a 2018 Baldrige Award. Only 12 of the 27 organizations which had applied earned site visits, meaning Edgemoor's application was quite competitive. Edgemoor has since begun a process of self-

evaluation based upon the Site Visit Feedback Report and a determination of what processes can be instituted to help bolster the application when the facility reapplies.

Semi-Annual Car Show

Edgemoor conducted their 15th Semi-Annual Car Show in November, which has continued to grow as more vehicles are brought to the campus for the residents and staff to observe up-close and in person. Attendees enjoyed taking pictures with the over 70 classic and modern cars, as well as the trucks and motorcycles that come from all over the County to participate in this treasured event.

Leadership Award

In April, Edgemoor's Medical Director, Dr. Rebecca Ferrini received the California Association of Long Term Care Medicine's (CALCTM) Leadership Award. She was given the award at the 2019 CALTCM Summit for Excellence at the Omni Los Angeles Hotel at California Plaza. The CALTCM Leadership Award recognizes individuals who have demonstrated exceptional leadership and made outstanding contributions in the areas of education, practice, administration or policy in post-acute and long-term care. This leadership is characterized by results of increased visibility of critical issues, creation of solutions to significant problems, and positive impact on the overall quality of care in post-acute and long term care.
