BEHAVIORAL HEALTH ADVISORY BOARD (BHAB) ACTION ITEM

FORMATION OF BHAB WORKGROUP ON CARE COORDINATION ACROSS THE CONTINUUM OF CARE DECEMBER 1, 2018

On October 6, 2018 the Behavioral Health Advisory Board held a Fall Retreat where BHAB members discussed their priority issues for consideration in 2019. It was determined that in order to advance these priorities, workgroups of members would be formed to align with each priority.

The first task of the workgroup shall be to report, at the January 2019 BHAB meeting: a purpose statement for the workgroup, and a chairperson selected from the appointed members.

It is therefore, the Chairperson's recommendation that a workgroup focusing on **care coordination across the continuum of care** be formed, comprised of the following members:

- **Bill Stewart**
- **Janice Luna-Reynoso**
- **Judith Yates**
- **Michael Matthews**
- **Richard McGaffigan**
