Total Deaths[3]		22,960	100.0%	Total Deaths[3]		826	100.0%

[1] Rank is based on total number of deaths in each of the National Center for Health Statistics (NCHS) "rankable" categories. The top 15 leading causes of death presented here are for San Diego County residents for 2024.

[2] Cause of death is based on the underlying cause of death reported on death certificates as classified by ICD-10 codes.

[3] Deaths for specific demographics or geographic area may not equal the total deaths for San Diego County due to missing data.

[4] Underlying cause of death censored for fewer than 11 deaths. <11: Count not shown for fewer than 11 deaths. NA: Not available.

Starting in data year 2023, San Diego County resident deaths that occurred out of state are now included.
