

**County of San Diego**  
**Daily Coronavirus Disease 2019 (COVID-19)**  
**Confirmed Cases by City of Residence Map**  
 Data through 10/15/2020, updated 10/16/2020

**51,781**

Total Confirmed Cases  
 (San Diego County Residents)

**44,853**

Incorporated City Confirmed Cases

**6,352**

Unincorporated Area Confirmed Cases

**576**

Unknown\*

\*More information may become available as individual case investigations are completed.

Some San Diego County cases have been travel-related and did not contract COVID-19 in the County. Some addresses with a postal address indicating a city may be reallocated to the unincorporated area based on their physical location of the address.

COVID-19 now has reached community transmission status, which means people may have contracted the illness elsewhere in the County. This may not necessarily be in the city where they live. These data should not be interpreted as an indication of activity in any specific location. Under a community transmission status, the true prevalence of this disease may not be known as most cases are likely not diagnosed or reported.

Data are preliminary and subject to change.
