Data are preliminary and subject to change.

Most individuals vaccinated by Veterans Affairs or Department of Defense are not included (some may be based on dose transcription and/or bulk loads to the CDC Immunization (IZ) Gateway).

*Persons experiencing homelessness were categorized at the time of vaccination based on self-report, HHSA Foot Teams, specified facilities, or addresses and therefore may be under-reported.

**Primary vaccine series completion is defined as receipt of 2 vaccine doses for persons who received Pfizer-BioNTech, Moderna, NovaVax, Astrazeneca , or unspecified U.S.-authorized or approved COVID-19 vaccine, or receipt of 1 dose for persons who received Janssen.

***COVID-19 vaccine is not approved for those under age 6 months at this time.

****Persons of Hispanic/Latino ethnicity may belong to any race group. All categories except Hispanic/Latino include persons for whom race is known but ethnicity is non-Hispanic or unknown. This report categorizes "Multiple Races" as "Other Race" so all people who report being multiple races are categorized as "Other Race." "Other Race" may not have a standardized definition across data collecting entities or among patients reporting their own demographics.
