

**Epidemiology and Immunization Services Branch (EISB)**  
**COVID-19 Vaccinations Report - San Diego County Residents with**  
**At Least One Dose of COVID-19 Vaccine, Ages 65 Years and Older**  
**Data through 5/16/2021, updated 5/17/2021 8:00 AM**

San Diego County Residents Ages 65 and Older Who Received at Least One Dose of COVID-19 Vaccine					
	65 Years and Older Population	Total Vaccinated	Percentage of Total Vaccinated	Percentage of Population Vaccinated	Vaccination Rate per 1,000*
	473,003	<b>406,887</b>		86.0%	860.2
<b>Selected Characteristics</b>					
<b>Gender</b>					
Female	262,273 (55.4%)	226,647	55.7%	86.4%	864.2
Male	210,730 (44.5%)	178,597	43.9%	84.8%	847.5
Gender Unknown		1,643	0.4%		
<b>HHS Region**</b>					
Central	62,995 (13.3%)	49,171	12.1%	78.1%	780.6
East	75,756 (16.0%)	61,895	15.2%	81.7%	817.0
North Central	97,520 (20.6%)	81,162	19.9%	83.2%	832.3
North Coastal	84,090 (17.8%)	69,855	17.2%	83.1%	830.7
North Inland	92,961 (19.7%)	76,585	18.8%	82.4%	823.8
South	59,681 (12.6%)	68,113	16.7%	99.0%***	999.0***
HHS Region Unknown**		106	0.0%		
<b>Race/Ethnicity****</b>					
Hispanic or Latino	88,082 (18.6%)	70,760	17.4%	80.3%	803.3
White	293,867 (62.1%)	221,033	54.3%	75.2%	752.2
Black or African American	17,273 (3.7%)	10,456	2.6%	60.5%	605.3
Asian/Pacific Islander	65,336 (13.8%)	43,225	10.6%	66.2%	661.6
American Indian or Alaska Native	2,258 (0.5%)	1,486	0.4%	65.8%	658.1
Other/Multiple Race	6,187 (1.3%)	33,007	8.1%	99.0%*****	999.0*****
Race and Ethnicity Unknown		26,920	6.6%		

Individuals vaccinated by Veterans Affairs or Department of Defense are not included.

Data are preliminary and subject to change.

\*Rates are calculated using 2019 population estimates from the San Diego Association of Governments.

\*\*HHS Region determined by resident zip code or city within San Diego County if zip code was not available.

\*\*\*The percentage of the population vaccinated with at least one dose of COVID-19 vaccine may approach, or exceed, 99%. The most recent age, gender, region, and race/ethnicity population are 2019 estimates, which may underestimate the current population. When these demographics are analyzed, the population estimates may not reflect social and environmental changes of a community, possibly leading to an under- or overestimate of a population. For example, household dynamics may have changed as a result of COVID-19, where family members previously living apart may now be living together, therefore shifting the population of an area or demographic which may not be reflected in the 2019 population estimates.

\*\*\*\*Persons of Hispanic/Latino ethnicity may belong to any race group. All categories except Hispanic/Latino include persons for whom race is known but ethnicity is non-Hispanic or unknown.

\*\*\*\*\*The percentage and rate of the population vaccinated with at least one dose of COVID-19 vaccine may approach, or exceed, 99% or 999 per 1,000 San Diego residents aged 65 years and older. The most recent age, gender, region, and race/ethnicity population are 2019 estimates, which may underestimate the current population. When these demographics are analyzed, the population estimates may not reflect social and environmental changes of a community, possibly leading to an under- or overestimate of a population. SDIR categorizes "Multiple Races" as "Other Race" so all people who report being multiple races are categorized as "Other Race." "Other Race" may not have a standardized definition across data collecting entities or among patients reporting their own demographics.
