

ONE HEALTH EPIDEMIOLOGY PROGRAM

The County of San Diego One Health Epidemiology Program (**OHEP**) is dedicated to the surveillance, investigation, response, and prevention of zoonotic disease and outbreaks in San Diego County.

The program consists of a team of veterinarians, epidemiologists, and physicians, who work with federal, state, and local partners to protect the public's health. OHEP wants to work with the over 200 animal hospitals in the County to address public health concerns.

VISIT OUR WEBSITE WWW.SANDIEGOCOUNTY.GOV/ONEHEALTHPEI OR REACH OUT TO US TO LEARN MORE ABOUT THE FOLLOWING:

Disease Reporting
